HOUSE OF REPRESENTATIVES TWENTY-SEVENTH LEGISLATURE, 2013 STATE OF HAWAII

H.B. NO. ⁹¹⁰ H.D. 2

A BILL FOR AN ACT

RELATING TO FORENSIC MENTAL HEALTH.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. In June 2012, a special action team was 2 commissioned by the governor to analyze the causes and identify 3 ideas to address systemic factors that increased the rate of 4 admissions and increased the length of stay at the Hawaii state 5 hospital. The team was tasked with considering possible 6 solutions and making recommendations to the governor in time for 7 consideration by the governor and the legislature during the 8 2013 regular session and the fiscal year 2014-2015 budget cycle. 9 The special action team comprised representatives from the 10 office of the governor, department of health adult mental health 11 division, the department of public safety, the department of 12 human services, the department of the attorney general, the 13 department of human resource development, the department of 14 budget and finance, the offices of the prosecutors of each county, the office of the public defender, and the chiefs of 15 16 police from each county. These representatives joined together 17 to examine data and develop a plan to revitalize adult mental

1 health services in the community and more effectively address 2 the rate of increase in the census of the Hawaii state hospital. 3 Analysis of the Hawaii state hospital admission legal 4 status statistics revealed that the second most common forensic 5 commitment status to the care and custody of the director of 6 health and subsequent admission to Hawaii state hospital is 7 related to conditional release status. Conditional release 8 means that a person has been acquitted of a crime on the ground 9 of mental disease or disorder, excluding responsibility, but can 10 be controlled adequately and given proper care, supervision, and 11 treatment in the community under specified conditions. However, 12 if the supervising probation officer has probable cause to 13 believe a person is in violation of those conditions the 14 probation officer may order a person on conditional release to 15 be hospitalized. Over eighty per cent of the individuals so 16 admitted to the Hawaii state hospital do not require inpatient 17 hospital level of care, based on utilization management illness 18 severity indexes. Further discussion revealed that under 19 current Hawaii law, there is no time limit on how long a person may remain on conditional release, pursuant to a charge of 20 21 misdemeanor or less. However, if the same person, as a defendant in a court case, either pled or was found guilty of 22 HB910 HD2 HMS 2013-2517

the charge, that person would receive a sentence or a period of
 probation that would be limited to one year or less.

3 The special action team analysis also revealed that, in 4 addition to the occurrence of high numbers of admissions to the 5 Hawaii state hospital for completion of court ordered 6 examinations to evaluate a defendant's fitness to proceed and 7 forensic commitments under section 704-404 or 704-406, Hawaii Revised Statutes, required examinations are frequently delayed 8 9 or incomplete because required information from other public 10 agencies is not provided in a timely way to the examiners who 11 perform these evaluations and report to the court.

12 The special action team reached a consensus to propose 13 changes to chapter 704, Hawaii Revised Statutes, to address 14 these issues without adversely impacting defendants' rights, the 15 provision of effective mental health services, or public safety.

16 The purpose of this Act is to modify the relevant statutes 17 to include the special action team consensus recommendations. 18 These modifications are intended to improve the State's public 19 sector forensic mental health services, thereby assisting in 20 reducing the census at the Hawaii state hospital.

21 SECTION 2. Section 704-404, Hawaii Revised Statutes, is
22 amended to read as follows:

H.B. NO. ⁹¹⁰ H.D. 2

1 "§704-404 Examination of defendant with respect to 2 physical or mental disease, disorder, or defect. (1) Whenever 3 the defendant has filed a notice of intention to rely on the 4 defense of physical or mental disease, disorder, or defect 5 excluding responsibility, or there is reason to doubt the 6 defendant's fitness to proceed, or reason to believe that the 7 physical or mental disease, disorder, or defect of the defendant 8 will or has become an issue in the case, the court may immediately suspend all further proceedings in the prosecution. 9 10 If a trial jury has been empanelled, it shall be discharged or 11 retained at the discretion of the court. The discharge of the 12 trial jury shall not be a bar to further prosecution. 13 (2) Upon suspension of further proceedings in the

14 prosecution, the court shall appoint three qualified examiners 15 in felony cases and one qualified examiner in nonfelony cases to 16 examine and report upon the physical and mental condition of the 17 defendant. In felony cases the court shall appoint at least one psychiatrist and at least one licensed psychologist. The third 18 19 member may be a psychiatrist, licensed psychologist, or 20 qualified physician. One of the three shall be a psychiatrist 21 or licensed psychologist designated by the director of health from within the department of health. In nonfelony cases the 22

court may appoint either a psychiatrist or a licensed 1 2 psychologist. All examiners shall be appointed from a list of certified examiners as determined by the department of health. 3 4 The court, in appropriate circumstances, may appoint an 5 additional examiner or examiners. The examination may be 6 conducted on an out-patient basis or, in the court's discretion, 7 when necessary the court may order the defendant to be committed 8 to a hospital or other suitable facility for the purpose of the 9 examination for a period not exceeding thirty days, or such longer period as the court determines to be necessary for the 10 11 purpose. The court may direct that one or more qualified 12 physicians or psychologists retained by the defendant be 13 permitted to witness the examination. As used in this section, 14 the term "licensed psychologist" includes psychologists exempted 15 from licensure by section 465-3(a)(3).

16 (3) An examination performed under this section may employ
17 any method that is accepted by the professions of medicine or
18 psychology for the examination of those alleged to be affected
19 by a physical or mental disease, disorder, or defect; provided
20 that each examiner shall form and render diagnoses and opinions
21 upon the physical and mental condition of the defendant

22 independently from the other examiners, and the examiners, upon HB910 HD2 HMS 2013-2517

1 approval of the court, may secure the services of clinical 2 psychologists and other medical or paramedical specialists to 3 assist in the examination and diagnosis. 4 The report of the examination shall include the (4) 5 following: 6 A description of the nature of the examination; (a) 7 (b) A diagnosis of the physical or mental condition of the defendant; 8 9 An opinion as to the defendant's capacity to (C) 10 understand the proceedings against the defendant and 11 to assist in the defendant's own defense: 12 An opinion as to the extent, if any, to which the (d) 13 capacity of the defendant to appreciate the 14 wrongfulness of the defendant's conduct or to conform 15 the defendant's conduct to the requirements of law was 16 impaired at the time of the conduct alleged; 17 When directed by the court, an opinion as to the (e) 18 capacity of the defendant to have a particular state 19 of mind that is required to establish an element of 20 the offense charged; and 21 (f) Where more than one examiner is appointed, a statement

22

that the diagnosis and opinion rendered were arrived

1 at independently of any other examiner, unless there
2 is a showing to the court of a clear need for
3 communication between or among the examiners for
4 clarification. A description of the communication
5 shall be included in the report. After all reports
6 are submitted to the court, examiners may confer
7 without restriction.

8 (5) If the examination cannot be conducted by reason of 9 the unwillingness of the defendant to participate therein, the 10 report shall so state and shall include, if possible, an opinion 11 as to whether such unwillingness of the defendant was the result 12 of physical or mental disease, disorder, or defect.

13 (6) Three copies of the report of the examination,
14 including any supporting documents, shall be filed with the
15 clerk of the court, who shall cause copies to be delivered to
16 the prosecuting attorney and to counsel for the defendant.

17 (7) Any examiner shall be permitted to make a separate
18 explanation reasonably serving to clarify the examiner's
19 diagnosis or opinion.

20 (8) The court shall obtain all existing medical, mental
21 health, social, police, and juvenile records, including those
22 expunged, and other pertinent records in the custody of public HB910 HD2 HMS 2013-2517

If, pursuant 3 to this section, the court orders the defendant committed to a 4 hospital or other suitable facility under the control of the 5 director of health, then the county police departments shall 6 provide to the director of health and the defendant copies of 7 all police reports from cases filed against the defendant which 8 have been adjudicated by the acceptance of a plea of guilty or 9 no contest, a finding of guilt, acquittal, acquittal pursuant to 10 section 704-400, or by the entry of plea of guilty or no contest 11 made pursuant to chapter 853, so long as the disclosure to the 12 director of health and the defendant does not frustrate a 13 legitimate function of the county police departments, with the 14 exception of expunged records, records of or pertaining to any 15 adjudication or disposition rendered in the case of a juvenile, 16 or records containing data from the United States National Crime 17 Information Center. The county police departments shall 18 segregate or sanitize from the police reports information that 19 would result in the likelihood or actual identification of 20 individuals who furnished information in connection with its 21 investigation, or who were of investigatory interest.
