JUSTIFICATION SHEET

DEPARTMENT: Labor and Industrial Relations

TITLE: A BILL FOR AN ACT RELATING TO WAGES.

PURPOSE: To protect employees in this State by requiring employers to provide employees with specific wage information on pay statements and maintain accurate records of compensation.

MEANS: Amend section 387-6(a) and (c), Hawaii Revised Statutes.

JUSTIFICATION: The Wage and Hour Law requires the employer to provide basic pay information on an individual's pay statement. This amendment would increase the information that is required to be provided on pay statements of employees, which would give greater clarity and transparency to the employee on what he or she is being paid, at what rates, and for how many hours. Similarly, employers would be required to maintain accurate records of the same information provided to the employee. This would also make it easier for the employee to budget his or her finances in this time of economic hardship where keeping track of each dollar earned is essential. Further, these amendments would enhance the investigatory and enforcement capabilities of the Wage Standards Division.

Impact on the public: The public will be able to better understand their pay for hours worked, be better able to budget for their expenses, and be better informed to resolve with the employer possible discrepancies with the wages received.

Impact on the department and other agencies: Provides the Wage Standards Division with more wage information to be more efficient

and effective in assisting members of the public in the recovery of unpaid wages.
