# HOUSE CONCURRENT RESOLUTION

REQUESTING COLLABORATION AMONG VARIOUS STATE AGENCIES TO  
IDENTIFY BARRIERS RELATING TO THE PRACTICE OF ADVANCED  
PRACTICE REGISTERED NURSING TO THE FULL EXTENT OF THE  
NURSES' EDUCATION AND TRAINING IN THE STATE.

1           WHEREAS, the Patient Protection and Affordable Care Act  
2 marks the undertaking of significant health care reform  
3 throughout the country; and  
4

5           WHEREAS, reform efforts that increase access to care,  
6 provide health care to the uninsured, and close gaps in health  
7 inequalities will depend on a stable and enduring workforce that  
8 can provide health care services across many settings; and  
9

10          WHEREAS, in 2010, a report from the Institute of Medicine  
11 of the National Academies and the Robert Wood Johnson Foundation  
12 proposed a series of recommendations to advance and strengthen  
13 the United States health care system during this period of  
14 change; and  
15

16          WHEREAS, according to the report, Advanced Practice  
17 Registered Nurses should practice to the full extent of their  
18 education and training, and scope of practice barriers to  
19 Advanced Practice Registered Nurses should be removed; and  
20

21          WHEREAS, this body is dedicated to addressing the needs and  
22 interests of the people of Hawaii, including ensuring that  
23 quality health care is easily accessible to consumers throughout  
24 the State; and  
25

26          WHEREAS, this body recognizes that Hawaii's physician-  
27 primary care provider shortage has increased the need for  
28 Advanced Practice Registered Nurses who can provide primary  
29 health care; and  
30

1           WHEREAS, this body also recognizes that national data  
2 supports the fact that Advanced Practice Registered Nurses can  
3 immediately increase access to quality, cost effective care if  
4 restrictions to their ability to practice are removed; and  
5

6           WHEREAS, in recent years, the Legislature has passed  
7 legislation requiring insurers to recognize Advanced Practice  
8 Registered Nurses as primary care providers and permitting  
9 Advanced Practice Registered Nurses to practice within the full  
10 scope of their practice; and  
11

12           WHEREAS, this body finds that despite passage of these  
13 barrier-breaking Acts, the provisions of these Acts have not  
14 been fully implemented by the responsible executive departments  
15 of the State; and  
16

17           WHEREAS, simultaneous collaboration among state agencies is  
18 needed to align and modernize their applicable state statutes  
19 and administrative rules with recent legislation; and  
20

21           WHEREAS, these obsolete statutes will continue to  
22 negatively impact Hawaii consumers until state agencies align  
23 and modernize their statutes and rules for the benefit of the  
24 people of Hawaii; and  
25

26           WHEREAS, the leadership and recommendations of the  
27 Department of the Attorney General and the Legislative Reference  
28 Bureau will be needed due to the scope of the required  
29 revisions; and  
30

31           WHEREAS, there is an immediate need to ensure that the  
32 State has a stable and enduring Advanced Practice Registered  
33 Nurse workforce that can provide seamless, quality care in  
34 response to federal health care reform, including in medically  
35 underserved rural areas; now, therefore,  
36

37           BE IT RESOLVED by the House of Representatives of the  
38 Twenty-seventh Legislature of the State of Hawaii, Regular  
39 Session of 2013, the Senate concurring, that state agencies  
40 including but not limited to the Department of Health,  
41 Department of Human Services, Department of Public Safety,  
42 Department of Commerce and Consumer Affairs, State Board of  
43 Nursing, and Disability and Communication Access Board are  
44 requested to identify barriers to the practice of Advanced

1 Practice Registered Nurses to the full extent of the nurses'  
2 education and training in the statutes and administrative rules  
3 specific to their respective departments; and  
4

5 BE IT FURTHER RESOLVED that the state agencies are further  
6 requested to enlist the assistance of the Department of the  
7 Attorney General in identifying barriers and proposing  
8 amendments to remove barriers in their respective statutes and  
9 administrative rules; and  
10

11 BE IT FURTHER RESOLVED that the state agencies and the  
12 Department of the Attorney General are requested to gather their  
13 findings and recommendations, including any proposed  
14 legislation, by September 1, 2013; and  
15

16 BE IT FURTHER RESOLVED that the Department of the Attorney  
17 General is requested to transmit a draft report of the agencies'  
18 findings and recommendations, including any proposed  
19 legislation, to the Legislative Reference Bureau no later than  
20 November 1, 2013; and  
21

22 BE IT FURTHER RESOLVED that the Legislative Reference  
23 Bureau is requested to submit a final report of the agencies'  
24 findings and recommendations, including any proposed  
25 legislation, to the Legislature no later than twenty days prior  
26 to the convening of the Regular Session of 2014; and  
27

28 BE IT FURTHER RESOLVED that certified copies of this  
29 Concurrent Resolution be transmitted to the Attorney General,  
30 Director of the Legislative Reference Bureau, Director of  
31 Health, Director of Human Services, Director of Public Safety,  
32 Division Administrator of the Professional and Vocational  
33 Licensing Division of the Department of Commerce and Consumer  
34 Affairs, Executive Director of the Disability and Communication  
35 Access Board, Executive Director of the Hawaii State Center for  
36 Nursing, and State Board of Nursing.
