

**NON-PARTISAN OHANA HAWAI'I**

April 23, 2013

Senate President Donna Mercado Kim  
House Speaker Joseph M. Souki  
Hawai'i State Legislature

Aloha Senate President Kim and House Speaker Souki:

Pursuant to Senate Rule #67 and House Rule #44, attached is the Non-Partisan Ohana Hawaii Petition to the Hawai'i State Legislature stating strong opposition to House Bill 70, Senate Bill 1207 and Senate Bill 1171, and requesting rejection of these measures.

Together with the first set of signatures obtained directly from those strongly supporting this Petition is an attachment comprised of online signatures and comments received over the past few days respecting the three measures. You may review the Petition's updated data online at <http://www.change.org/petitions/hawaii-state-senate-and-house-of-representatives-vote-down-bills-that-keep-the-despised-pldc-objectives-alive>

Thank you for your expeditious attention to this matter of serious public interest and concern, and for ushering this Petition to the Floor of your respective Chambers.

Respectfully,

Michelle S. Matson

for

Non-Partisan Ohana Hawai'i

**PETITION TO THE PRESIDENT OF THE SENATE AND THE SPEAKER OF THE HOUSE  
AND ALL MEMBERS OF THE 2013 HAWAII STATE LEGISLATURE**

Pursuant to Senate Rule #67 and House Rule #44, we Petition the Hawaii State Legislature, both the Senate and the House of Representatives, to VOTE DOWN the following bills that promote and parcel out the failed objectives and policies of the Public Land Development Corporation (PLDC):

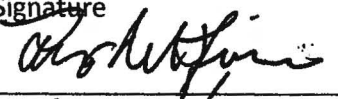

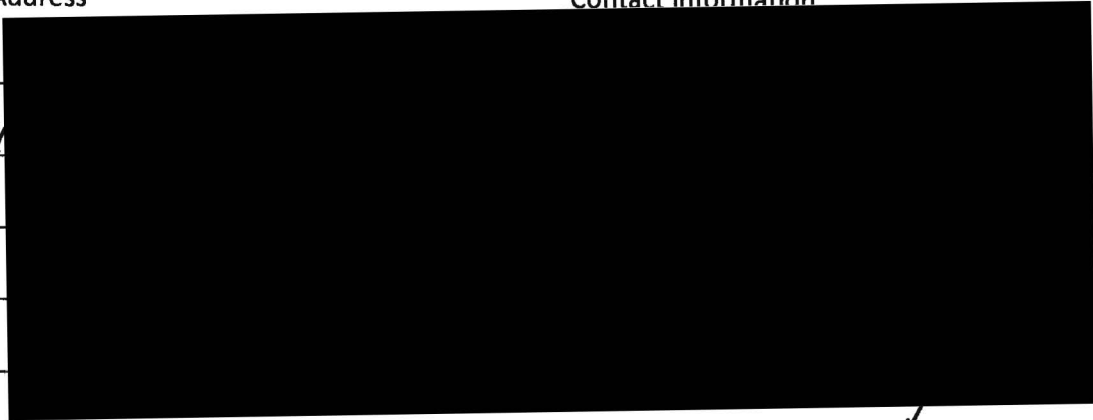

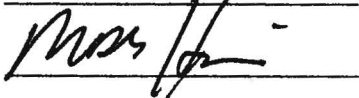

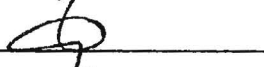

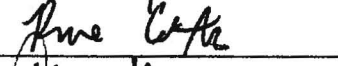

**House Bill 70** Senate Draft, Part II - "Public Private Partnership Authority" (PPPA) control and development of any state and county public lands. Authorized by as few as three (3) PPPA members and an agency executive.

**Senate Bill 1207** - State DOT Harbors Division exemption from required State Conservation District use review, site plan review, public hearing and permitting. Applies to any development or use within State commercial harbors and associated submerged lands.

**Senate Bill 1171** - State Historic Preservation Division segmented review of cultural archaeological and historic sites. Circumvents present requirement for review of entire development prior to authorization.

House Bill 1133, passed by both the Senate and House of Representatives and now enrolled to the Governor for enactment, abolishes the PLDC and repeals its governing statutes in accordance with the Will of the People. Contrary to this, House Bill 70, Senate Bill 1207 and Senate Bill 1171 separately serve to keep PLDC objectives alive and operating, thus subverting the PLDC repeal and flying in the face of the Will of the People.

We therefore Petition and strongly urge the Senate and the House of Representatives to REJECT House Bill 70, Senate Bill 1207 and Senate Bill 1171 in the greater public interest.

## NON-PARTISAN OHANA HAWAII PETITION COMMENTS

Name	City	State	Zip Code	Country	Signed On	Comment
Non-Partisan Ohana Hawaii	Honolulu	HI	96813	United States	4/21/2013	Please don't play games with the Public. PLDC is not abolished when other bills like PPPA - Public Private Partnership Authority - are created to take PLDC's place. Please RESPECT the public: <a href="http://www.youtube.com/watch?feature=player_embedded&amp;v=Wf58Z7Rcwt0">http://www.youtube.com/watch?feature=player_embedded&amp;v=Wf58Z7Rcwt0</a>
Polli Oliver	Koloa	HI	96756	United States	4/21/2013	It is both wrong and immoral to continue to take controls away from the local governing bodies and allow a very few to decide the fate of extreme opposition the PLDC and why there will continue to be to any bill similar to it!
Walter Aipa	Mililani	HI	96789	United States	4/21/2013	This is not in the best interest for Hawaii and Hawaiians. Vote DOWN the bills that continue to try and weasel its way in.
Keomailani Von Gogh	Hilo	HI	96720	United States	4/21/2013	I feel that our representatives need to start representing the people and not the developers and corporations and the big money. We voted them in we can vote them out.
Arnold Nurock	Kilauea	HI	96754	United States	4/21/2013	We will need more land for feeding Hawaiians ourselves when the planes and ships can't do it.
Robert Freitas Jr.	Kailua Kona	HI	96745	United States	4/21/2013	The PLDC needs to be abolished in its entirety. Stop trying to keep it alive by hiding it under other bills!!!
Kathleen Sanders	Haleiwa	HI	96712	United States	4/21/2013	This is wrong in every way and must be stopped!

Bonnie Earls-Solari           Kapaa                   HI           96746   United States   4/21/2013

This is yet another attempt for state to shove what is in THEIR interest (and their cronies) down the throats of the rest of us, especially the neighbor island. Just like the superferry ... this will sink too.

Jonnie Austen               Honolulu               HI           96826   United States   4/21/2013

Because I'm tired of seeing greedy, fat cat developers defiling our sacred aina while our people are forced to live on the streets, under freeways, in the bushes and on the beaches of their own nation, the kingdom of Hawai'i. imua Hawai'i!

Bill Nations                Waialua                HI           96791   United States   4/21/2013

Let's keep the old-boy network and the slicky-boys at bay as much as possible-----

Kris Wilhelmsen           Pahoa                   HI           96778   United States   4/21/2013

The Repeal Act 55 passed because people do not want public lands developed through partnerships of local government and corporations. DO NOT allow PLDC objectives to pass by couching them in other bills. Decisions about Hawaiian lands should be made by the Hawaiian people.

Stevenette Lee            Waimea                HI           96796   United States   4/21/2013

Our lands are for the people not the private businesses!

Barbara Raymond        San Francisco        CA           94110   United States   4/21/2013

The objectives of bills like PLDC will ruin residential communities and do not achieve goals of good business planning. You must involve community recommendations and treat property owners with respect. They shouldn't have to bear all the costs and risks. Previous rules and laws should be followed and respected.

Barbara Gantt            Keaau                   HI           96749   United States   4/21/2013

We need to protect the Aina and land and Sea do not need further abuse. Thanks.

Jennifer Ho                      Hilo                      HI                      96720                      United States                      4/21/2013

Public Lands must be held for the public, not for development by special interests.  
In the long run, working to obtain a group consensus on what is best will be the most economical.  
Trying to sneak by something that the public doesnt want gets things tied up in court, money gets wasted.  
Our fiscal security demands putting an end to wasteful, short term profit-long term headache projects.  
We need leaders, not money hungry politicians.

Jeremy Hughes                      Hauula                      HI                      96717                      United States                      4/21/2013

Im sick of people being able to make shady deals behind the peoples backs, no more private company involved in public lands!!

Gary Marks                      Kihei                      HI                      96753                      United States                      4/21/2013

Stop trying to go behind the peoples' backs. Do the right thing. Vote pro-island. Pro-Maui.  
For the good of the people. Businesses must comply with the people's wishes. It's up to you to make sure that happens.

Vern Hinsvark                      Kailua                      HI                      96734                      United States                      4/21/2013

We must stop looking for short term development with no public oversight. If the legislature really wants to serve the public, give us initiative and referendum. Then the public will have a fair voice.  
And, while you are at it, make financial income records of politicians public record.

Lahela Jarrett Holmwod                      Waikoloa                      HI                      96738                      United States                      4/21/2013

All development should comply with equal requirements used for everyone. There should be no exclusions.

Patricia Lawrence                      Anahola                      HI                      96703                      United States                      4/21/2013

It's time that politicians who are elected by the people and for the people, stop pandering to big business and money and prostitute our land to fill their pockets!

Brad Parsons                      Princeville                      HI                      96722                      United States                      4/21/2013

Rev James Walsh            Haleiwa            HI            96712    United States    4/21/2013

There needs to be a process that the people participate in because some of our elected officials have been bought off to participate in land grabs and development feeding frenzies.

Kaleopono Norris            Holualoa            HI            96725    United States    4/21/2013

Obfuscation and slight-of-hand legislation is despicable!

Donna Fischer            Embudo            NM            87531    United States    4/21/2013

I want to be sure you know I don't approve of the PLDC or any similar legislation!

Ronald Fujiyoshi            Hilo            HI            96720    United States    4/21/2013

I believe in the people being the basis of democracy. You have created such suspicion with support for the PLDC that the public has no faith in you, or very little.

Caroline Kong            Honolulu            HI            96816    United States    4/21/2013

The 2013 session has revealed an ongoing lack of disregard for the voices of the constituents that is alarming. Representatives "bought off", land grabs, little to no honest or real public input and participation. Last minute morphing of unrelated objectives during sessions... it goes on and on. Really telling about how a very large number of "our" elected officials view the power entrusted to them. So shameless.

Sarah Preble            Honolulu            HI            96822    United States    4/21/2013

Planning and zoning have essential roles and rules. Let's keep them

Sandra Herndon            Kapaa            HI            96746    United States    4/21/2013

Hawaii should be different than politics as usual. After all, we are the "Aloha state". Represent us, don't backstab us!

Anne Bruhjell                      McGregor                      6708                      South Africa                      4/21/2013  
I believe in keeping the islands clear of money-making, touristy kind of profiteering schemes.  
We may be financially poorer for it, but spiritually and naturally richer - and that is a state to be in that money cannot buy.

All bills should be simple and straight forward. They should also be read in their entirety by our representatives before voting.  
Perhaps, each one should be followed by a quiz to determine if they were understood.

Stephen Luksic                      Kula                      HI                      96790                      United States                      4/21/2013  
Deceptive in alleged intent to support the public, these bills will only create corruption and cronyism.

Adam Prall                      Lihue                      HI                      96766                      United States                      4/21/2013  
The PLDC as designed will further damage and destroy Hawaii's near-gone natural areas, and serves only as a shill for big business and big government to act together and do whatever they want. Overdevelopment is rampant, and the PLDC as it stands is a huge mistake standing in the way of the livelihood of Hawaii's citizens.

Kanoe Case                      Hilo                      HI                      96720                      United States                      4/21/2013  
Too much development especially too many private parties tampering into public land! Lets preserve our ainal

Trisha Anderson                      Wailuku                      HI                      96793                      United States                      4/21/2013  
It is important that we are being truly represented by those we vote into office.  
These new bills are blatantly ignoring the wishes of the people stated so loud and clear over the past year.  
Those responsible for these new bills in the house and senate, must be named and held accountable now and at election time.  
We must not forget which elected officials refuse to represent us over the monied interests.

Harry Pritikin                      Kailua-Kona                      HI                      96740                      United States                      4/21/2013  
Nobody or any entity should be exempt from environmental review.

Daneford Wright                      Wailuku                      HI                      96793                      United States                      4/21/2013

This is important to all hawaiian Nationals as only hawaiians have the right to the lands and what is done with them. The state, county and federal governments have no jurisdiction over the lands of Hawaii as well as the Kanaka Maoli people of Hawaii. By setting up the PLDC has and will violate the laws inacted upon by the United States appoligy bill and resolution 96 and other Hawaii laws. This will be a heavy court contested case as other crimes that was committed on the Hawaiian people since it's illegal over throw. Example Crime the devestation of Kahoolawe, the wrongful imprisonment of the Queen, the mismanagement of the lands and resources, the use of foriegn laws to govern the Hawaiian citizens and the use of marshall law to denie our rights and freedom. International law and the geneva convention will hear these cases and by the laws that govern and protect the rights of indigenous people. I personally will file it with the assistance of attorney friends if this continues and will hold the legislative body responsible for their failure of there fiduciary duty and oath to defend and protect and serve the hawaiian people. The House and Senate need to serve the interest of the people and not lobbyist, the rich, big business and their own self interest. If the law proposed does not benefit the people and fair it should never pass also any law that takes away from the people is wrong. Wake up you all and stand for what is PONO.

Jay Jitchaku                      Keaau                      HI                      96749                      United States                      4/21/2013

It is important that the people have their land rights for Hawaii's future. For our keiki.

Eno Gerard                      Hilo                      HI                      96720                      United States                      4/21/2013

...It is neither "in the public's best interest"., Nor "in accordance with the Will of the People"PLDC  
....ACT 55 is not dead YET..House Bill 70, Senate Bills 1207 & 1171 just redefine ...different name , same smell....Reject them all!!

Michelle S Matson                      Honolulu                      HI                      96815                      United States                      4/21/2013

These transparent PLDC-driven bills demonstrate that the State Legislature is failing to honor and act in the public interest. It is now time for our legislators to listen to People of Hawai'i - those who elected them to serve in the greater public-interest.

Wynnjie Joy Hee MILILANI HI 96789 United States 4/22/2013

It's always about getting the land, one way or another. Public always gets the short end of the stick in a "partnership" with private corp. Prime bad example of "public-private partnership" to build affordable housing: Castle & Cooke Homes, Kapolei. C&CH was even given the land for FREE... BUT...When economic climate changed. private partner just says "sorry" and changes/renege on the deal.

Joseph Savino Kaumakani HI 96747 United States 4/22/2013

Mitch Hughes Kapolei HI 96707 United States 4/22/2013

These appear to be nothing but methods to enact development that can go around law. That is not just the opposite of your job, it demonstrates a disregard for both policy and law itself.

Patricia Spinoza Pahoia HI 96778 United States 4/22/2013

The well-being of our land, our island home and of we the people is much more important than the moneyed interests of a few politicians in the pockets of corporations!

Simon Russell Haiku HI 96708 United States 4/22/2013

Act 55 was passed in bad faith, and the people need to rethink land use policy in Hawaii more in favor of managed growth limited by our resources vs. the current sprawling growth.

This PLDC bill is a very disastrous way to . The voting public have spoken already and that the PLDC be permanently dissolved! SB1171SD is another bill that will have a lot of the Native Hawaiian People asking questions about how the State of Hawaii Constitution should have key information which protect the future of the Native Hawaiian People and their Cultural Rights. Malama Aina!

Randy Ching Honolulu HI 96814 United States 4/22/2013

Trust the public. They are right on this issue.

Al Lagunero Kula HI 96790 United States 4/22/2013

Protection and preservation of island and cultural values have always been important. Participation in development forums establishes and maintains the islands' values as they have grown from the old into the new for good reasons, among them economic growth.

Reg White Honolulu HI 96826 United States 4/22/2013

PLDC is the classic textbook case of government ignoring the interests and wishes of the people

This is one of Surfrider's top priorities.

Michael De Rego Honolulu HI 96825 United States 4/22/2013

The PLDC gives special groups an mechanism to bypass the rights of our community.

WE need the government to take of the people's needs rather than a select few.

We also do not need another agency that costs the taxpayers tons to operate like the HCDA. A waste of our tax dollars

Sylvia Partridge Princeville HI 96722 United States 4/22/2013

Please consider rejecting these bills so that government will be responsive to the interests of the public. Thank you.

Sharon Lewis Pasco WA 99301 United States 4/22/2013

I have seen the destruction of Hawaii by too much development.

Arius Hopman Hanapepe HI 96716 United States 4/22/2013

We will make sure to VOTE OUT OF OFFICE any reps. who vote to keep PLDC alive! They don't represent the will of US, the Fourth Branch of Government!

Jacqueline Miller            Kamuela            HI            96743    United States    4/22/2013  
Yet another bait and switch influenced by greed. Legislators are supposed to work for the people not special interests.

Rich Smith                    Honolulu            HI            96825    United States    4/22/2013  
Give Hawaii politicians free reign? These second attempts at a shouted down PLDC are despicable.

PLDC concept is inappropriate for Hawai'i. Do not pass these 3 bills.

James Friedman            Honolulu            HI            96826    United States    4/22/2013  
This relationship between these public and private entities allows not only the perpetuation but also the encouragement of a conflict of interest (putting it lightly) ripe environment that will allow greed and corruption to take precedent over the communities best interests and the will of the voters.

Archaeological and cultural sites along with potential burials MUST be addressed prior to construction. It is immensely disrespectful for any commercial enterprise to take precedence over the cultural values of local people, in particular the values of respect due to the burials.

Lynne Matusow Honolulu HI 96817 United States 4/23/2013  
Welcome to freak offspring of PLDC. Get rid of one atrocity, and the senate moves to push through another. They need to learn when to quit. They should be ashamed of themselves.

Since Hawaii is still a colonial govt. (top-down, only as far as unavoidable) NOT a democracy (grass roots up), it is incumbent on all of us (you and me included) to stand firm, every time, against all efforts to further consolidate power at the top.

Denis Tanigawa                      Kaneohe                      HI                      96744   United States                      4/24/2013

It is important because there are very sacred places in hawaii and if you dont take the time to make sure the land youre developing isnt one of them, bad things could happen to people. Not to mention its destroying parts of the hawaiian culture.

Choon James                      Kahuku                      HI                      96731                      United States                      4/24/2013

Hawaii has finite and precious resources that must remain in public hands. We cannot give the store away to the highest bidders. Public Trust lands and the Public Doctrine must be protected.

PLDC is not a new law that lacks public understanding. Only the small elite few decide for the whole society.

Elected officials are not elected tyrants. They have continuing responsibility to consult and engage with their constituents.

The PLDC mo has been done in dictatorship countries like China for decades. We don't want to become Communist China, do we?
