# A BILL FOR AN ACT

RELATING TO GOVERNMENT.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1           SECTION 1. The legislature finds that Act 54, Session Laws  
2 of Hawaii 2011, establishes a comprehensive information system  
3 for public lands to be used for the inventory and maintenance of  
4 information relating to the public land trust, also known as  
5 ceded lands, and other state lands. All state and county  
6 agencies are directed to assist the department of land and  
7 natural resources in facilitating the establishment of the  
8 comprehensive information system for public lands.

9           The legislature further finds that the inventory required  
10 to be taken and information to be maintained are important tools  
11 to assist the State to manage its assets.

12           The legislature further finds that insufficient information  
13 on underutilized public facilities exacerbates lost revenues for  
14 the State, so it is important that all state and county agencies  
15 work together to ensure that state facilities are used to their  
16 fullest potential.

17           The purpose of this Act is to require the department of  
18 accounting and general services to expand the scope of the

1 comprehensive information system established pursuant to Act 54,  
2 Session Laws of Hawaii 2011, to inventory and maintain  
3 information about the lands of the public land trust described  
4 in section 5(f) of the Admission Act and article XII, section 4,  
5 of the Hawaii State Constitution to include public facilities,  
6 thereby creating a comprehensive asset management system for  
7 public lands and facilities.

8 SECTION 2. Act 54, Session Laws of Hawaii 2011, is amended  
9 by adding a new section to read as follows:

10 "SECTION 2A. (a) The department of accounting and general  
11 services shall initiate and coordinate all efforts to establish  
12 a complete and accurate inventory of public facilities on the  
13 lands of the public land trust to which state agencies hold  
14 title or over which they maintain management control.

15 (b) The department of accounting and general services  
16 shall incorporate the inventory of public facilities together  
17 with the public land trust inventory and the public land trust  
18 information system to create an integrated, comprehensive system  
19 for asset management of public lands and facilities. All state  
20 agencies shall transfer to the department of accounting and  
21 general services all programs and hardware associated with the  
22 inventory for purposes of this subsection.

1       (c) All state and county agencies shall assist the  
2 department of accounting and general services in gathering the  
3 information required by this section, and shall comply with any  
4 and all requests for information or services by the department  
5 of accounting and general services in furtherance of this  
6 section.

7       (d) All state agencies shall report to the department of  
8 accounting and general services by January 1, 2014, an inventory  
9 of buildings and facilities owned or operated by the reporting  
10 agency. All state agencies shall thereafter submit to the  
11 department of accounting and general services an updated annual  
12 inventory of buildings and facilities owned or operated by the  
13 reporting agency."

14       SECTION 3. New statutory material is underscored.

15       SECTION 4. This Act shall take effect upon its approval.

16

**Report Title:**

State Asset Management System; Facilities; DAGS

**Description:**

Requires the department of accounting and general services to establish an inventory of public facilities on the lands of the public land trust to which state agencies hold title. Requires state agencies to provide the department of accounting and general services with an inventory of buildings and facilities by January 1, 2014, all programs and hardware associated with the inventory, and an updated inventory of buildings and facilities annually.
