TIME: 1PM
PLACE: Auditorium
State Capitol, 415 S. Beretania St.

A G E N D A

The purpose of this informational briefing is to provide an update on the creation of an on-bill renewable energy financing program in Hawaii, as well as an introduction to the next big step forward that will make low-interest financing available to Hawaii's renters and residents who have been unable to afford the existing cost of distributed renewable energy technologies.

Participating will be The Public Utilities Commission, The Department of Business, Economic Development and Tourism, and Cisco DeVries, a nationally recognized expert in renewable energy financing.

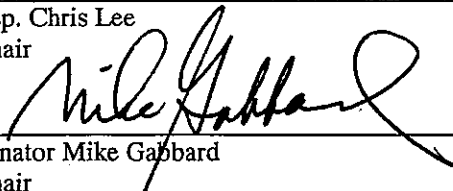

If you require special assistance or auxiliary aids and/or services to participate in the House public hearing process (i.e., sign or foreign language interpreter or wheelchair accessibility), please contact the Committee Clerk at 586-9450 or email your request for an interpreter to HouseInterpreter@Capitol.hawaii.gov at least 24 hours prior to the hearing for arrangements. Prompt requests submitted help to ensure the availability of qualified individuals and appropriate accommodations.

For further information, please call the Committee Clerk at 586-9450.

Selected meetings are broadcast live. Check the current legislative broadcast schedule on the "Capitol TV" website at www.capitoltv.org or call 536-2100.
