This is the exemption of the GE Tax for those high tech companies that get defense contract and other types of federal monies, generally SBIR grants, etc.

"It's going to bring in a lot of money from the mainland. Basically, it's the \$20 million that this is going to get, is going to be mainland contractors. So there's obviously a State benefit, but there's also that very small high tech industry that we're going to be pushing aside, and because of that I have some reservations.

"This is basically a tax increase for our high tech industry, which heretofore we've been giving tax credits, etc. So I hope it's not getting even with them, but giving them a chance to grow in the future. Thank you."
