

NEIL ABERCROMBIE
GOVERNOR OF HAWAII

**STATE OF HAWAII
DEPARTMENT OF LAND AND NATURAL RESOURCES**

POST OFFICE BOX 621
HONOLULU, HAWAII 96809

**Testimony of
WILLIAM J. AILA, JR
Chairperson**

**Before the House Committees on
WATER AND LAND
and
FINANCE**

**Saturday, February 9, 2013
9:00 AM
State Capitol, Auditorium**

**In consideration of
HOUSE BILL 1133
RELATING TO PUBLIC LAND**

House Bill 1133 proposes to repeal Chapter 171C, Hawaii Revised Statutes (“HRS”) and abolish the Public Land Development Corporation (the “PLDC”). The measure also transfers certain assets to the Department of Land and Natural Resources (“Department”). **The Department prefers amending Chapter 171C, HRS, as proposed in House Bill 942, rather than having Chapter 171C, HRS, repealed.** House Bill 942 embraces a rational approach toward boosting the public benefit of state-owned lands and recreational assets while addressing most of the concerns about the PLDC.

The Department is responsible for managing approximately 1.3 million acres of State-owned lands and the State’s natural, cultural and recreational resources, including the State’s small boat harbors and parks. These recreational facilities are enjoyed by both the people of Hawaii as well as our visitors. Many of these facilities, however, are in dire need of repairs and improvements and have fallen into a shameful state of disrepair due to the lack of funding and resources. Some of those facilities are located on or in the immediate vicinity of public lands that are not being utilized effectively. Those public lands and facilities can, and should, be maintained and improved in a manner that will be sensitive to the intrinsic cultural and natural values of the area, while preserving and protecting traditional Native Hawaiian rights and practices. The assistance provided by the Harbors and Parks Development Authority, as proposed by House Bill 942, would enable the Department to do exactly that, while simultaneously addressing the long overdue repairs and improvements to the State’s recreational facilities in a timely manner, creating revenue opportunities to help fund such improvements, and sustaining the Department’s operational mandates.

LAND
STATE PARKS

By enacting Chapter 171C, HRS, the Legislature concurred that underutilized public lands provided opportunities for developing high quality recreational and leisure centers and generating revenue for the benefit the people of Hawaii. The PLDC was created to pursue such opportunities.

The Department acknowledges the concerns expressed by various legislators, cultural, environmental, labor, and community organizations, and members of the general public that Chapter 171C, HRS, is overly broad may grant excessive powers to the PLDC. However, the intent to improve economic and recreational opportunities for our public lands is still a laudable goal. As such, the Department recommends amending Chapter 171C, HRS, rather than repealing it.

The amendments proposed in House Bill 942 would limit the scope of Chapter 171C, HRS, to the State's small boat harbors and parks, eliminate the contentious land use exemptions previously granted to the PLDC, and allow the State to demonstrate the potential of public-private partnerships.

HB589
RELATING TO THE PUBLIC LAND DEVELOPMENT CORPORATION
and
HB1133
RELATING TO PUBLIC LAND

House Committee on Water and Land
House Committee on Finance

February 9, 2013

9:00 a.m.

State Capitol Auditorium

The Office of Hawaiian Affairs (OHA) **SUPPORTS** HB589 and HB1133, which would repeal Chapter 171C, the law that established the Public Land Development Corporation (PLDC). While OHA’s own bills, SB405 and HB219, propose amendments rather than repeal, OHA expresses its support for HB589 and HB1133 to the extent that the repeal of Chapter 171C would also address OHA’s concerns.

As the constitutionally established independent body responsible for protecting and promoting the rights of Native Hawaiians, OHA has the responsibility for assessing the policies and practices of other agencies and conducting advocacy efforts for Native Hawaiians. OHA believes that the law establishing the PLDC, Act 55 of 2011, can be amended to address our concerns by ensuring the State is able to:

1. Continue to properly manage its most valuable resource – its public lands – which are held in trust for Native Hawaiians and the public;
2. Fulfill its constitutional and affirmative obligations to protect reasonable Native Hawaiian traditional and customary practices; and
3. Follow through on its commitment to reconciliation, reparatory justice, and support for a form of Hawaiian sovereignty that contemplates a Native Hawaiian governing entity with a land base.

Since its inception, Act 55 has raised significant concerns for OHA, particularly as it relates to OHA’s right to a pro-rata portion of the public land trust, the disposition of the “ceded” lands, and protection for Native Hawaiian traditional and customary practices. To address these concerns, which go to the core of OHA’s existence and the very future of the Native Hawaiian people, OHA has continuously endeavored to engage with the PLDC, the Office of the Governor, and the Department of the Attorney General. These efforts include the submission of specific recommendations through formal letters and testimony to the PLDC

regarding its rule proposals in April, May, September, and November of 2012, as well as two separate staff meetings with the PLDC administrator and the DLNR Chairperson in late 2012.

OHA continues to maintain hope that, if the PLDC continues its work, the aforementioned efforts will result in administrative rules that address the numerous legal, environmental, cultural, and county home-rule concerns otherwise raised by the original Act 55. Nonetheless, such administrative rules must also be accompanied by legislative action to mitigate the unintentional, yet very real, risks of Act 55 that have disproportionately burdened OHA and its beneficiaries since the Act's passage.

Therefore, OHA reiterates its support for HB589 and HB1133 insofar as these bills would address OHA's concerns related to the PLDC. Mahalo for the opportunity to testify on these important measures.

Re: House Bill 1133, RELATING TO PUBLIC LAND

Aloha Chair Evans, Chair Takumi, Chair Luke and Committee Members:

Thank you for this opportunity to offer my support for House Bill 1133, which would repeal the Public Land Development Corporation.

The County of Hawai'i has a number of concerns regarding the PLDC. We believe that giving blanket authority to the PLDC to ignore the County's General Plan, Community Development Plans as well as its subdivision and zoning codes is not in the best interest of the public, and violates the principle of county home rule.

County government is closest to its citizens, and its people have spent time and resources to develop both the General Plan and its Community Development Plans. These plans have had multiple public hearings throughout the island and have broad community support. Bypassing any hearing at the county level to facilitate PLDC plans and developments undermines the validity of these plans and the input of residents.

We understand that there may be a need to seek variances from county codes and plans, but we believe that should be done through a public county process similar to 201H affordable housing projects that are approved by the County Council via resolution. These resolutions

Re: House Bill 1133, RELATING TO PUBLIC LAND

Page 2

February 9, 2013

spell out exactly what exemptions or variances are sought and provide the county council as well as the public an opportunity to provide testimony and learn about these plans at the county level.

The PLDC as now constructed should be repealed because it does not provide for county oversight or an opportunity for the public to comment.

Sincerely,

Bobby Jean Leithead Todd
Planning Director
County of Hawai'i.

**RE: HOUSE BILLS NO.'S 219, 593, 1134, 1133, and 589 RELATING TO THE PUBLIC
LAND DEVELOPMENT CORPORATION**

Chairs Evans, Takumi, and Luke and Vice Chairs Lowen, Ohno, and Nishimoto, and members of the committees:

The Chamber of Commerce of Hawaii provides comments on the following bills dealing with the Public Land Development Corporation.

Bill	Description
H.B. 219	Subjects PLDC to laws regarding land exchanges, land use, zoning, and OHA's pro rata portion of the public land trust. Requires PLDC to consult with OHA.
H.B. 593	Requires the PLDC to initiate a pilot project after the adoption of rules. Prohibits the PLDC from planning, developing or implementing any projects other than the pilot project until the pilot project has been completed.
H.B. 1134	Changes references from the public land development corporation to the public private partnership corporation. Requires the Public Land Development Corporation to initiate a pilot project after the adoption of rules. Prohibits the Public Land Development Corporation from planning, developing or implementing any projects other than the pilot project until the pilot project has been completed.
H.B. 1133	Repeals the Public Land Development Corporation. Transfers certain assets to the Department of Land and Natural Resources.
H.B. 589	The bill proposes to repeal Chapter 171C, HRS, relating to the public land development corporation which was created through Act 55, SLH 2011.

The Chamber is the largest business organization in Hawaii, representing more than 1,000 businesses. Approximately 80% of our members are small businesses with less than 20 employees. As the "Voice of Business" in Hawaii, the organization works on behalf of its members, which employ more than 200,000 individuals, to improve the state's economic climate and to foster positive action on issues of common concern.

The Chamber supports the overall intent and concept of the Public Land Development Corporation as we believe there needs to be a clear focus on creating opportunities for private investment in development opportunities on the underutilized public land assets in the State.

There is no question that the implementation of Act 55 could have been done with more clarity and focus to address the broad powers of the PLDC. At this point, it is prudent to reconsider Act 55 in light of the concerns raised and perhaps, amend the law to provide more

specific guidance in the implementation such as developing a process that is open, competitive and transparent in how lands are selected and subsequently on how developers are selected.

We suggest that the appropriate vehicle would be either H.B. 593 or H.B. 1134 which would require PLDC to develop a pilot project so there is a clearer understanding of the processes that will be used by the PLDC in developing or redeveloping underutilized State owned lands. We believe that further discussion should focus on a process to select and develop underutilized public assets before considering repeal of Act 55.

Thank you for this opportunity to express our views.

HB 1133, Repeals the Public Land Development Corporation
HB 589, Repeals Chapter 171C, HRS, Relating to PLDC

TESTIMONY

Karen Ah Mai, Legislative Committee Member, League of Women Voters of Hawaii

Chair Evans, Chair Luke:

The League of Women Voters of Hawaii supports HB 1153 which repeals the Public Land Development Corporation and HB 589 which repeals HRS Chapter 171C relating to PLDC.

We believe that the legislative process used to pass the PLDC was extremely flawed, effectively masking the proponents and eliminating opposing views on an issue that involves all residents of the State of Hawaii as stakeholders. The arrogance with which the stakeholders' rights were removed through exemptions and transferred to parties with no guarantees that the stakeholders' interest would be represented should be regarded as a break in trust between the 2012 Legislature and the citizens they purportedly represent. PLDC should be repealed.

We urge you to pass these bills. Thank you for the opportunity to submit testimony.

Saturday, February 9, 2013, 9:00 AM

State Capitol, Auditorium

Honorable Chair Evans, Chair Takumi, Chair Luke, and committee members:

I am Kris Coffield, representing the IMUAlliance, a nonpartisan political advocacy organization that currently boasts over 150 local members. On behalf of our members, we offer this testimony in strong support of HB 1133, relating to public land.

Since its creation last year, the Public Land Development Corporation has been shrouded in controversy. First introduced, under Senate Bill 1555, as a semi-autonomous development agency tasked with optimizing use of and revenue generated from public land, the PLDC was originally fully subject to Chapter 171 and the state's land use laws, while ensuring representation from Oahu and the outer islands on its governing board. Yet, the final measure stripped outer-islanders of representation on the PLDC board and contained a number of exemptions from state land use law, passed by the House Finance Committee upon waiver of the House's 48-hour public notice rule, which "gave Hawaii residents only 115 minutes public notice to offer their mana'o on a measure which could dramatically accelerate the development of public lands statewide," to quote Kauai County Councilman Gary Hooser. The final measure that was passed out of conference and signed into law excluded the development of public lands from county zoning, planning, permitting, and land use laws, empowered PLDC board members with unprecedented control of public land development, and, as mentioned before, omitted neighbor-

islanders from PLDC board membership, effectively disenfranchising outer island residents of political representation regarding public land development and governance—the land they call home and work diligently to preserve.

To again quote Hooser, “PLDC proponents talk of the requirement to coordinate with counties and gain approval from [state and county] agencies. But they don’t talk about the pressure that will be applied should any county or agency oppose a project or resist 'going along to get along.' Even now the counties are being told to resist opposing the PLDC otherwise they risk a reduction in their transient accommodations tax revenue.” If true, such attempts at propagating political leverage over public land development would represent corrupt, of not criminal, actions on the part of PLDC proponents and patrons. To rectify even the possibility of such corruption, as well as the unsound and unethical exemption of public land development from land use ordinances, we urge the committee to pass this bill, repealing the PLDC once and for all.

That said, we have no problem with any assets, resources, contracts, or appropriations acquired by or allocated to the PLDC being transferred to the Department of Land and Natural Resources, whose primary purpose is to manage, administer, and exercise control over public lands and water resources.

Mahalo for the opportunity to testify in strong support of this bill.

Sincerely,
Kris Coffield
Legislative Director
IMUAlliance

COMMITTEE ON WATER & LAND

Rep. Cindy Evans, Chair
Rep. Nicole Lowen, Vice Chair

COMMITTEE ON FINANCE

Rep. Sylvia Luke, Chair
Rep. Aaron Ling Johnson, Vice Chair

HB 1133 RELATING TO PUBLIC LAND
HB 589 RELATING TO THE PUBLIC LAND DEVELOPMENT

Committee Chairs and members:

Hawaii's Thousand Friends, a statewide non-profit land and water advocacy organization, **supports** HB 1133 and HB 589 that repeal Hawaii's Revised Statutes Chapter 171C - Public Land Development Corporation (Act 55 2011) and **oppose** HB 865, HB 942 HD1, HB 219, HB 593, and HB 1134 because they do not repeal Chapter 171C.

Hawaii's public lands are public resources and their utilization must comply with the State Constitution. The Constitution adopted in 1978 restricts the development of public lands to certain specified public purposes.

The Constitution Article XI Conservation, Control and Development of Resources Section 1 states:

For the benefit of present and future generations, the State and its political subdivisions shall conserve and protect Hawaii's natural beauty and all natural resources, including land, water, air, minerals and energy sources, and shall promote the development and utilization of these resources in a manner consistent with their conservation and in furtherance of the self-sufficiency of the State.

All public natural resources are held in trust by the State for the benefit of the people.

Act 55, passed in 2011, Section 1 Findings and Purpose states:

The purpose of this chapter is to create a vehicle and process to make optimal use of public land for the economic, environmental, and social benefit of the people of Hawaii.

Act 55 Section 4(b) appears to protect public trust land, but this section finishes with the words “except as expressly provided in this chapter” and the chapter expressly gives the PLDC Board almost unlimited powers to develop public trust lands for what they deem private benefit at public expense.

Article XI Section 1 requires public lands trustees to “promote the development and utilization of these resources in a manner consistent with their conservation and in furtherance of the self-sufficiency of the State.” But Act 55 turns the words “conservation” and “furtherance of self-sufficiency” on their heads when it allows “optimization projects” to use public lands to create revenue-generating centers or to exploit local, national and international markets.

Under Act 55 the public trust mandated by the Hawaii Constitution has morphed into a developers’ business plan, replete with uncontrolled opportunities to spend state funds and dispose of public land primarily for the benefit of private entities.

To help restore the public’s faith in the legislative process and their elected officials Hawaii’s Thousand Friends urges you to pass HB 1133 and HB 589 and hold HB 942, HB 219, HB 593 and HB 1134.

Foot Note:

Hawaii’s Thousand Friends would like to go on the record by stating that our support for HB 1133 and HB 589 does not automatically transfer to other versions of these bills should they be “gutted and replaced” with language other than a complete repeal of HRS Chapter 171C.

House Bill 1133
Hearing Date: Saturday, February 9, 2013
Time: 9:00am
Room: Auditorium
Committee: WAL/FIN

Aloha Legislators,

TESTIMONY IN OPPOSITION

The Indigenous Consultants (IC) is a Hawaii based, indigenous LLC owned and operated by Native Hawaiians. It was created to assist indigenous peoples in developing their renewable energy resources in ways that are: Culturally appropriate, environmentally green and sustainable, socially responsible and economically equitable and affordable. For several years the IC has worked with Innovations Development Group in New Zealand and indigenous Maori developing geothermal resources, which are trust assets of Maori Land Trusts. In addition, the IC has acted as a consultant to other indigenous people in Hawaii and Asia who are addressing development of their trust renewable energy resources in ways that directly benefit their people, bring in revenues, create small business opportunities and ensure fair and affordable rates to consumers, including themselves and their communities.

The PLDC was created by the State Legislature in 2011 and was supported by a huge majority of the House and Senate. It proposed a single process that could be used by the State to address the States' need to develop State trust lands and resources including energy resources on State lands expressly for the benefit of the residents of the State (the public and native Hawaiians) who own the public trust assets.

Although the measure as drafted poorly, IC participated in the hearing and community meetings and proposed corrective language to strengthen the Bill and protect Hawaiian cultural resources because this is the only mechanism & legislative vehicle we have that enables indigenous energy resource developers to work with the State Trustee to develop State energy resources for the creation of PUBLICLY OWNED ENERGY UTILITY COMPANIES. Without publicly owned utility companies, our State and native people will continue to be held hostage by the HECO monopoly.

A few weeks ago, Insight interviewed Professor David Callies (Star Advertiser, Friday 1/11/13 at A16). The article addressed the problem in Hawaii, "too many land-use rules in Hawaii have led to 'back door' development through the

creation of State/government Authorities.” A housing authority was created in the 1930’s because there was not enough affordable housing. When Oahu zoned itself out of agriculture, it lost its ability to produce enough food to feed residents on Oahu. The crisis resulted in another authority being created for food security in the mid 1960’s. We are now addressing the need to repair and maintain harbors with a proposed Harbor and Park Authority and the need to maintain and construct schools is being proposed through a fourth authority, the (21st Century) School Authority! Each time we create a new authority, costs for administration double, triple and quadruple. It is time to realize that Hawaii needs one authority to address State trust obligations. Hawaii also needs to repeal and combine many of its land use laws to facilitate its own development needs and fulfill its public trust obligations.

Despite the serious fiscal and energy crisis in Hawaii, we do not have an energy authority. Instead, our State administration and Legislature continue to defer to the HECO monopoly. The Governor promised an Energy Authority when he was elected, but this promise was never fulfilled. The House and Senate Energy Committees have not come forward with any solutions.

Given the situation, the PLDC is the only vehicle we have to address our energy, harbor, park & education CIP obligations.

No doubt the PLDC Bill was drafted poorly, the House and Senate are responsible for this failure. After a series of public hearing, many badly needed changes were made to the flawed Legislative measure. Hawaiians, including myself, drafted and proposed amendments that specifically reference State laws regarding protection of our cultural resources, burials, wahi pana, heiau, endemic species, and our trails and access ways that provide for our rights to worship and gather. The PLDC included these changes. We also recommended amendments to ensure the purpose of the Bill to bring a direct benefit to native Hawaiians and the public; these recommendations are specifically referenced in the Bill. The PLDC included these changes. These changes ensure that if the PLDC strays from its course, we will be able to litigate to protect our cultural rights and resources. In addition, a strategic plan was adopted to guide the PLDC in its undertakings. While not law, the plan was needed to provide a process to protect State agency participation and shield the state from liability. All state agencies have strategic plans, as these are implementation tools for responsible government.

OHA, Environmentalists and others have been critical and have responded hysterically to imagined ‘worst case scenarios’ but have failed to recommend language to strengthen the Bill. Instead they want the PLDC law repealed or encumbered with a mountain of land use regulations, which have prevented the State from resolving the harbor, park, energy and fiscal crisis that we must address.

As Legislators, your primary obligation is not to pass laws that are flawed and repeal them later, your primary obligation is to create laws that address and

resolve our State needs. If the PLDC is repealed rather than strengthened, we will have no mechanism to address the need for State developed and owned Public Utility Companies. This will leave the HECO monopoly in charge of our energy security!

The chickens have come home to roost, your flawed PLDC Bill returns to you to fix. Hawaiians, including myself worked to address and amend the bill because we, as Hawaiians, have the responsibility to protect and perpetuate our culture. The Legislature must now address its own obligations.

The Legislature, House and Senate have proposed nearly twenty Bills on the PLDC. The obvious answer is an omnibus approach to empower the State to address all of these concerns with one process. Since Statehood, the State has leased out our public resources and lands to private sector to be developed for private benefit. The State must stop this practice and begin to develop our public resources for the public and native Hawaiian, and for our energy security.

I oppose this measure because it does nothing to address the issues we are facing. It does however guarantee that the HECO monopoly and their foreign company energy partners will continue to make hundreds of millions of dollars from our public trust energy resources while we remain the most energy insecure State in the Union.

Sincerely,

A handwritten signature in black ink, appearing to read "Mililani B. Trask". The signature is written in a cursive, somewhat stylized font.

TESTIMONY OF GARY L. HOOSER
COUNCILMEMBER, KAUAI COUNTY COUNCIL
ON
H.B. NO. 1133, RELATING TO PUBLIC LAND
Committee on Water & Land
Committee on Finance
Saturday, February 9, 2013
9:00 a.m.
Auditorium

Aloha Chair Evans, Chair Luke, Vice Chair's and Committee Members:

My name is Gary Hooser. I am an elected member of the Kaua'i County Council testifying on my own behalf, but also presenting Resolution No. 2012-52 from the Kaua'i County Council, who voted unanimously in support of a complete repeal of Act 55 which establishes the Public Land Development Corporation (PLDC).

I urge you today to vote unanimously in support of a complete and full repeal of the PLDC.

The process, the policy and the politics of this issue have been so severely tainted that the only good option is a complete repeal. Attempts to morph, amend or simply change the name are insufficient remedies and will not heal, repair or re-instill the public confidence which is what needs to happen now.

The process that created Act 55, the PLDC and the subsequent process attempting to salvage and assuage public concerns, range from unconstitutional to insulting.

S.B. No. 1555 was passed into law without the requisite three (3) readings in each House, and there was never a proper Public Hearing on the substance of the major amendments that significantly altered the content of the Bill. Clearly giving the public less than two (2) hours public notice does not meet any reasonable standard that would satisfy the constitutional requirement.

Since then, the process has continued to go awry as the PLDC stuttered through the rule-making process and attempted to convince the public that rules, policies, plans and good intentions would be sufficient to protect them from bad law.

In addition to the serious errors and mistakes made in the process that has led us to this point, the fundamental policy and the law supporting that policy is also seriously flawed.

Starting the conversation with a premise that public lands are a resource that should be developed as quickly and as profitably as possible and that we should set aside environmental and public interest protections in the interest of expediency is a

Committee on Water & Land
Committee on Education
Committee on Finance
February 9, 2013
RE: HB 1133

set up for a true tragedy of the commons. If anything, the opposite is true. Our public lands should be held to the highest standard in terms of environmental and public interest protections and should be developed slowly if at all and then based only upon a long term community based vision rather than on short term profits.

While eighty percent (80%) of the potentially impacted lands are located on neighbor-islands, no neighbor-island representation was included on the PLDC Board and most of the meetings have been held on O'ahu.

Many of the concerns about the PLDC also extend to all of the offered replacement Bills being heard today focused on a similar agenda – the lack of specificity, the lack of accountability, the vagueness of their mission and the concentration of control and decision making.

Of course the most obvious policy travesty with regards to the PLDC is that it is “exempt from all statutes, ordinances, charter provisions, and rules of any government agency relating to special improvement district assessments or requirements; land use, zoning, and construction standards for subdivisions, development, and improvement of land; and the construction, improvement, and sale of homes thereon.”

The PLDC gets rid of all of these rules and basically says “trust me.”

In addition, it is my understanding that virtually all of the projects mentioned as examples of why we need the PLDC or similar entities can be accomplished without these exemptions, without the elimination of the public protections and without any new public/private development entity.

Bad process, bad policy and bad politics. Many in our community, especially our young people are increasingly distrustful and disengaged from the public process, and from government. The creation of the PLDC and all that has followed since has further alienated large numbers of our residents from all walks of life and on every island. These are good people who want to believe in the Democratic process and who we need to believe and to engage in our process - but who are now even angrier and more distrustful than ever.

Bad process, bad policy and bad politics have combined to make the perfect storm, and the only way to calm this storm and to right the canoe that we always hear so much about is to pass a complete and full repeal of the PLDC. No morphing or amending or name changing. The public wants to know that our lawmakers listen to them. The public believes that the “fix is in” and has little confidence in us or in the institutions in which we serve.

Please. Pass a full and complete repeal today and help restore the faith and confidence of the people of our State in their government and in the leaders whom they elect to serve.

Sincerely,

GARY HOOSER
Councilmember, Kaua'i County Council

COUNTY COUNCIL

COUNTY OF KAUAI

Resolution

No. 2012-52, Draft 1

RESOLUTION URGING THE 2013 HAWAII STATE LEGISLATURE TO REPEAL
CHAPTER 171C OF THE HAWAII REVISED STATUTES
(ACT 55, SESSION LAWS OF HAWAII 2011)
RELATING TO THE DEPARTMENT OF LAND AND NATURAL RESOURCES
AND THE PUBLIC LAND DEVELOPMENT CORPORATION (PLDC)

WHEREAS, on May 3, 2011, the Hawai'i State Legislature approved SB1555 SD2 HD2 CD1 to create the Public Land Development Corporation ("corporation"), which was signed into law (Act 55, SLH 2011) by the Honorable Governor Neil Abercrombie on May 20, 2011, which was then codified as Chapter 171C of the Hawai'i Revised Statutes ("HRS 171C"); and

WHEREAS, HRS 171C-4(a), in part, defines the powers of the Public Land Development Corporation as:

"(a) Except as otherwise limited by this chapter, the corporation may:

- (1) Sue and be sued;
- (2) Have a seal and alter the same at its pleasure;
- (3) Make and alter bylaws for its organization and internal management;
- (4) Adopt rules under chapter 91 necessary to effectuate this chapter in connection with its projects, operations, and properties;
- (5) Make and execute contracts and all other instruments necessary or convenient for the exercise of its powers and functions under this chapter;
- (6) Carry out surveys, research, and investigations into technological, business, financial, consumer trends, and other aspects of leisure or recreational land uses in the national and international community;
- (7) Acquire or contract to acquire by grant or purchase:
 - (A) All privately owned real property or any interest therein and the improvements thereon, if any, that are determined by the corporation to be necessary or appropriate for its purposes under this chapter, including real property together with improvements, if any, in excess of that needed for such use in cases where small remnants would otherwise be left or where other

justifiable cause necessitates the acquisition to protect and preserve the contemplated improvements, or public policy demands the acquisition in connection with such improvements; and

(B) Encumbrances, in the form of leases, licenses, or otherwise, needed by the corporation or any state department or agency for public purposes, the disposition of subdivided lots, houselots, apartments or other economic units, or economic development;

(8) Own, hold, improve, and rehabilitate any real, personal, or mixed property acquired; and sell, assign, exchange, transfer, convey, lease, or otherwise dispose of, or encumber the same;

(9) By itself, or in partnership with qualified persons or other governmental agencies, acquire, construct, reconstruct, rehabilitate, improve, alter, or repair any infrastructure or accessory facilities in connection with any project; own, hold, sell, assign, transfer, convey, exchange, lease, or otherwise dispose of, or encumber any project; and develop or manage, by itself, or in partnership with qualified persons or other governmental agencies, any project that meets the purposes of this chapter;

(10) In cooperation with any governmental agency, or otherwise through direct investment or coventure with a professional investor or enterprise or any other person, or otherwise, acquire, construct, operate, and maintain public land facilities, including but not limited to leisure, recreational, commercial, residential, time share, hotel, office space, and business facilities, at rates or charges determined by the corporation;

(11) Assist developmental, recreational, and visitor-industry related enterprises, or projects developed or managed by the corporation, by conducting detailed marketing analysis and developing marketing and promotional strategies to strengthen the position of those enterprises and to better exploit local, national, and international markets;

(12) Receive, examine, and determine the acceptability of applications of qualified persons for allowances or grants for the development of new recreation and visitor-industry related products, the expansion of established recreation and visitor-industry or land development enterprises, and the altering of existing recreational, visitor-industry related, or land development enterprises;

(13) Coordinate its activities with any federal or state programs;

(14) Grant options to purchase any project or to renew any lease entered into by the corporation in connection with any of its projects, on the terms and conditions it deems advisable;

(15) Provide advisory, consultative, training, and educational services and technical assistance to any person, partnership, or corporation, either public or private, to carry out the purposes of this

chapter, and engage the services of consultants on a contractual basis for rendering professional and technical assistance and advice;

(16) Procure insurance against any loss in connection with its property and other assets and operations in amounts and from insurers as it deems desirable;

(17) Accept gifts or grants in any form from any public agency or any other source;

(18) Issue bonds to finance the cost of a project and to provide for the security thereof, in the manner and pursuant to the procedure prescribed in this chapter;

(19) Subject to approval by the department, assume management responsibilities for small boat harbors in accordance with chapter 200 and any rules adopted pursuant thereto for periods not to exceed one year;

(20) Recommend to the board of land and natural resources the purchase of any privately owned properties that may be appropriate for development; and

(21) Do all things necessary or proper to carry out the purposes of this chapter"; and

WHEREAS, HRS 171C-4(c) reads:

"(c) The powers conferred herein shall be liberally construed to effectuate the purposes of this chapter" and

WHEREAS, allowing uncontrolled development in violation of the County of Kaua'i's zoning, building, road design, and drainage codes, and ignoring the lack of sufficient potable water availability, and traffic circulation issues would intensify these problems for the entire community and cost the taxpayers great expense in the future to rectify the intensified problems; and

WHEREAS, the County of Kaua'i has enacted or may enact zoning and subdivision laws, which may be ignored due to HRS 171C; and

WHEREAS, it appears that HRS 171C seeks revenue generating use for lands and appears to focus on businesses that can generate the highest amount of revenue (hotels, resorts, commercial centers, etc.), with no regard for parks or other types of community resources which may not necessarily generate revenue; and

WHEREAS, if development of residential units are sought, scarce potable water could be diverted to these potential developments; and

WHEREAS, HRS 171C allows ceded lands to be used not for homes for our Native Hawaiian families, but for the revenue production for the State; and

WHEREAS, the people of the County of Kaua'i realize the detrimental effect that HRS 171C will have on our land, ocean, environment, and the disregard of many of our zoning and subdivision laws, which HRS 171C allows the corporation to ignore; and

WHEREAS, the people of the County of Kaua'i have requested assistance from the Council of the County of Kaua'i to support the repeal of HRS 171C; now, therefore,

BE IT RESOLVED BY THE COUNCIL OF THE COUNTY OF KAUAI, STATE OF HAWAII, that the 2013 Hawaii State Legislature is hereby requested to repeal Chapter 171C of the Hawaii Revised Statutes in its entirety to effectively abolish the Public Land Development Corporation.

BE IT FINALLY RESOLVED, that a copy of this Resolution be forwarded to the Honorable Governor Neil Abercrombie, all State Senators and State Representatives, the Hawaii State Association of Counties, and the Mayors of the Counties of Kaua'i, Hawaii, Maui, and the City and County of Honolulu.

February 7, 2013

TESTIMONY SUPPORTING HB1133

Saturday, February 09, 2013

Auditorium

State Capitol

COMMITTEE ON WATER & LAND

COMMITTEE ON EDUCATION

COMMITTEE ON FINANCE

Aloha Honorable Chairs, Co-chairs and Committee members:

My name is Scott Foster and I am the Communications Director of *Hawai'i Advocates For Consumer Rights*. Our 19-year old, statewide organization was co-founded by Mr. Ralph Nader and we continue to monitor, research and testify on any legislation such as HB1133 that would advance the common good.

This marks my 25th year of presenting testimony before the Hawaii State legislature and I would first send a special Aloha message to the new members of the House. You will read and hear many perspectives today and in the years ahead, and you have the unique challenge and indeed the great responsibility to carefully measure the presented testimony -- and then today decide if the passage of HB1133 would promote the common good, as we believe.

Recognizing the fragility and the finite resources of our tiny island home, the Preamble of the Hawai`i State Constitution which you have sworn to uphold in part reads, “We, the people of Hawai`i, grateful for Divine Guidance, and mindful of our Hawaiian heritage and uniqueness as an island State, dedicate our efforts to fulfill the philosophy decreed by the Hawai`i State motto, ‘The Life of the Land is Perpetuated in Righteousness.’ We reserve the right to control our destiny, to nurture the integrity of our people and culture, and to preserve the quality of life that we desire.”

Some testimony you read or hear today will be accurately researched and presented, some will be from well-meaning people offering their relatively uninformed opinions, and some testimony will be from those with often-unknown vested financial interests. But this is democracy in action and it is up to you to weigh the validity of all testimony and then to carefully decide if the legislation before you will or will not benefit Hawaii’s people and the aina. **We believe that HB1133, the complete repeal of the Public Lands Development Corporation, would indeed work “to preserve the quality of life that we desire.”**

AFCR also notes that the massive opposition to the PLDC -- which has spread across the state like wildfire -- is unmatched in recent history. The people “get it” and well understand that the PLDC was an ill-conceived land grab of historic proportion and that it must be brought down.

Indeed, the great PLDC debate of 2013 has spread way beyond our state's borders. For example, a February 2, 2013, *Washington Times* article, "Repeal Hawaii's Public Land Development Corporation" in part reads:

"Greed, desperation and perceived fiscal necessity are no excuse for tyranny. The very preamble to Act 55 (2011) which states, "The corporation shall identify the public lands that are suitable for development under this chapter, carry on marketing analysis to determine the best revenue-generating programs for the public lands identified, enter into public-private agreements to appropriately develop the public lands identified, and provide the leadership for the development, financing, improvement, or enhancement of the selected development opportunities" **is repugnant to the American tradition of representative government.**" [emphasis added] We strongly agree and urge you to pass HB1133, to ultimately repeal the PLDC this session, and to stand against *any and all* other legislation that would in whole or part, replicate the intent of the onerous PLDC legislation, aka "Act 50." Please stand tall.

Mahalo for your time and kind consideration,

Scott Foster,

Communications Director

Comments: WE STRONGLY SUPPORT HB 1133 Choose to be on the right side of Hawaii's history. When all is said and done, let's choose what is best for the public good, for now and for the unborn future. Let us be known to not take the easy road dreamed up by developers and special contractors. Creating PLDC and undermining Hawaii's resources and precious assets is not the silver bullet to cure Hawaii's fiscal challenges. Don't tear down the Cathedral to fry an egg. The Nobel Laureate Milton Friedman aptly described big government's systemic failure and lack of fiscal spending in these words: If you let the government manage the Sahara Desert, it will run out of sand in five years. If you really want to have lasting solutions, get to the root of government's problems - mismanagement, lack of discipline, lack of priorities, waste, corruption, cronyism, greed, and kow-towing to lobbyists rather than listening to the common public. Whether future generations will respect or curse us in the management of Hawaii's public assets depend on the choices we will make today. Be on the right side of history. REPEAL PLDC and start over. Mahalo! Choon James Kahuku, Oahu

STRONG SUPPORT FOR HB 1133 & HB 589 - REPEAL OF THE PLDC

Aloha Chairs Evans and Luke and Members of the Committees!

My name is Kat Brady and I am the Coordinator of Community Alliance on Prisons, a community initiative promoting smart justice policies for more than a decade. This testimony is respectfully offered on behalf of the 5,800 Hawai'i individuals living behind bars, always mindful that approximately 1,500 individuals are serving their sentences abroad, thousands of miles away from their loved ones, their homes and, for the disproportionate number of incarcerated Native Hawaiians, far from their ancestral lands.

HB 1133 repeals the Public Land Development Corporation and transfers certain assets to the Department of Land and Natural Resources.

HB 589 repeals chapter 171C, HRS, relating to PLDC and repeals the requirement that HCDA assist the PLDC in certain specified areas.

Community Alliance on Prisons is in strong support of repealing the Public Land Development Corporation (PLDC). Our primary interest is in justice and both the process that led to the enactment of the law creating the PLDC and actions of the PLDC are unjust and have made a mockery of the democratic process.

A recent article in [The Washington Times](#)¹ stated:

¹ Repeal Hawaii's Public Land Development Corporation, by Danny de Gracia, The Washington Times, February 2, 2013. <http://communities.washingtontimes.com/neighborhood/making-waves-hawaii-perspective-washington-politic/2013/feb/2/danny-de-gracia-repeal-PLDC/>

If allowed to stand, the legislative precedent set by the PLDC not only places Hawaii but the rest of the United States on a policy trajectory towards oligarchical command-and-control planning. What the continued existence of the PLDC says to all is that a small panel of handpicked individuals should have the right and authority to determine what is most profitable for the state and what is best for the environment and all who live in it.

Is this really the level to which we have sunk? Are selling off or leasing public assets a strategy to balance the budget? When were we the people consulted about a small, hand-picked group of people that will decide what is best for the rest of us? Are public assets up for grabs without the informed consent of the governed?

The current state of affairs is that corporate prisons are working to make inroads into state economies. Last year Corrections Corporation of America (CCA), the owner and operator of the violent prisons to which we banish Hawai'i's incarcerated men (who are mostly of Hawaiian ancestry), wrote to 48 states, including Hawai'i, proposing to take over state correctional facilities² with the caveat that they are guaranteed 90% occupancy. Community Alliance on Prisons hand-delivered a letter to Governor Abercrombie from the Presbyterian Health, Education and Welfare Association³ that stated in part:

Dear Governor Abercrombie:

As the leadership of the Presbyterian Health, Education and Welfare Association (PHEWA), a ministry of the Presbyterian Church (U.S.A.), as well as PHEWA's Criminal Justice Network, we write in reference to a letter recently sent to your office by the Corrections Corporation of America (CCA), the nation's largest for-profit prison firm, in which CCA introduced its "corrections investment initiative."

As part of this initiative, CCA indicated it has made \$250 million available to purchase and then operate state-owned correctional facilities under minimum 20-year contracts with a guarantee of 90% occupancy, among other requirements.

We are contacting you to express our opposition to both this initiative and to the more general concept of contracting with private companies for the purpose of incarcerating people as a means of generating corporate profit.

CCA was given the nod by the Federal government yesterday, February 8⁴, to establish a Real Estate Investment Trust (REIT). A Real Estate Investment Trust (REIT) is an unincorporated trust created for the purpose of investing in real property or to extend credit to those engaged in construction. The GEO Group has also received federal approval to form a REIT.⁵

² CCA letter to 48 Governors <http://justiceunbound.org/wp-content/uploads/2012/03/CCA-Letter.pdf>

³ Presbyterian Health, Education and Welfare Association PCJN letter to 48 gov-er-nors in response to CAA proposed prison privatization. <http://justiceunbound.org/wp-content/uploads/2012/03/PCJN-letter-to-governors-FINAL-KY-copy.pdf>

⁴ CCA gets feds' nod for REIT move, by Geert De Lombaerde, Published February 8, 2013. http://nashvillepost.com/news/2013/2/8/cca_gets_feds_nod_for_reit_move

⁵ The GEO Group Receives Favorable Private Letter Ruling from Internal Revenue Service; Elects REIT Status and Declares First Quarterly REIT Cash Dividend of \$0.50 Per Share, Business Wire Press Release, The GEO Group, Inc., Friday, January 18, 2013 <http://finance.yahoo.com/news/geo-group-receives-favorable-private-125000301.html>

Community Alliance on Prisons is deeply concerned that public land will be turned over to private developers (including corporate prisons).

The PLDC is exempt from some of our important accountability laws, such as the procurement code. Oversight laws were created to prevent shenanigans. We should be cautious about giving control of millions of acres of land without these regulations.

The PLDC is beyond fixing; repeal is the only option at this point.

Please vote to repeal the PLDC by passing HB 1133 and HB 589. The PLDC is an insult to the public, an affront to democracy, and a violation of the public trust.

Mahalo for this opportunity to testify.

House Committee on Land and Water
House Committee on Finance

Saturday, February 09, 2013 at 9:00 AM
State Capitol Auditorium

Testimony of Jon Kamakawiwo`ole Osorio, Ph.D., Secretary,
KAHEA: The Hawaiian-Environmental Alliance in
STRONG SUPPORT of
HB 1133

PROTECTING

NATIVE HAWAIIAN

CUSTOMARY &

TRADITIONAL RIGHTS AND

OUR FRAGILE

ENVIRONMENT

KAHEA: The Hawaiian-Environmental Alliance, on behalf of its board and thousands of supporters across ka pae `aina, strongly supports HB 1133 and the repeal of the Public Land Development Corporation (PLDC).

The PLDC is not an appropriate management solution. Instead, it takes us backwards because it circumvents the legal protections the public fought to establish decades ago -- protections meant to strike a sustainable balance between exploitation and preservation of our resources. The PLDC removes public participation from the process of striking this balance, demonstrating the government's stunted faith in Hawai'i's communities -- the very communities this Legislature represents. It restores the archaic notion that our land is something that we can possess and destroy for short-term benefit without consideration of the impact that will have for the future.

We need a way to achieve abundance from Hawai'i's land, but the PLDC is not the way. The PLDC heralds a new low in the state's approach to stewarding Hawai'i's public trust by treating our most valuable shared resources as develop-able financial assets instead of what they are -- the sacred lands, waters, and environment we call home.

Not only does the PLDC have the extraordinary and dangerous power to exempt itself from the laws meant to ensure safe and responsible use of our shared resources -- including our land use law, coastal zone management law, county zoning ordinances, the state building code, fire code, and other laws in place to protect our resources and human safety - it could have the effect of eroding the constitutional right of Native Hawaiians to access, gather, and engage in other cultural practices on currently undeveloped state land.

The PLDC is not necessary to make good projects happen on our public lands. Farming to feed ourselves and public education are some of the highest and best uses of these lands. The PLDC and its barrage of exemptions is not necessary for the government to carry out its vital functions.

Please carry out your fiduciary duty to your constituents, as beneficiaries of the public land trust, and pass HB 1133.

Comments: As a Hawaiian whose ancestors were lawai'a (fishermen) and kālai wa'a (canoe-builders) from Kapāilua since 1777, I strongly support HB1133 - RELATING TO PUBLIC LAND and HB 589 - RELATING TO THE PUBLIC LAND DEVELOPMENT CORPORATION because both repeal the Public Land Development Corporation which was given the power to develop public lands placed under the PLDC jurisdiction, including but not limited to existing open shoreline areas, conservation lands, agricultural lands, ceded lands owned by the Hawaiian people and held in trust by the state government and small boat harbors, for commercial purposes to generate revenue for the DLNR/State of Hawai'i. The PLDC should never have been made, as it had been amended with only two hours before its hearing to allow it to be exempt from all statutes, ordinances, charter provisions, and rules of government agencies relating to special improvement district assessments or requirements; land use, zoning, and construction standards for subdivisions, development, and improvement of land; and the construction, improvement, and sale of homes thereon for development of public lands to generate revenues. This deception violated the Hawai'i State Constitution and angered the public so much that they came out in droves to testify against it at administrative rules hearings all over the State. Ke Akua pū me kākou, i pono ke ea o ka 'āina. (May God be with us always that the life of the land will be pono). I humbly ask for your support for both bills.

Please note that testimony submitted less than 24 hours prior to the hearing, improperly identified, or directed to the incorrect office, may not be posted online or distributed to the committee prior to the convening of the public hearing.

Committee on Water & Land

Rep. Cindy Evans, Chair
Rep. Nicole E. Lowen, Vice Chair

Committee on Finance

Rep. Sylvia Luke, Chair
Rep. Scott Nishimoto, Vice Chair
Rep. Aaron Ling Johanson, Vice Chair

DATE: Saturday, February 9, 2013

TIME: 9:00am

PLACE: Auditorium, State Capitol

Re: **HB 589, HB1133**

Re: **PUBLIC** land development

Position: Support

Aloha Chairs Evans and Luke, Vice Chairs Lowen, Nishimoto and Johanson, and Members,

I am Nancy Aleck, a 60+ year-old community activist and nonprofit worker.

Slow down.

Each land use idea should be carefully studied and given full community vetting.

Good plans will rise to the top.

Development should be for the common good, not for corporate profit.

No name change.

No modifications.

No gut and replace.

REPEAL the PLDC.

Thank you for your consideration.

Nancy Aleck
PO Box 61212
Honolulu 96839

Honolulu Star-Advertiser

What should the Legislature do with the Public Land Development Corp. (PLDC)?

- **A. Repeal it (78%, 784 Votes)**
- B. Modify it (16%, 163 Votes)
- C. Keep it (6%, 58 Votes)

Total Voters: **1,004**

Start Date: January 20, 2013 @ 12:00 am

End Date: January 20, 2013 @ 4:00 pm

Comments: Please vote YES on this bill to completely repeal the PLDC. There are a number of ACT 55 Repeal bills for the Public Land Development Corporation. I support a complete repeal. I do not trust any of the legislation that works to circumvent the public process or even simply limit the PLDC to the harbors or clearly identified projects. We need separate legislation to address these specific areas that still allow for public input, zoning and environmental protection. The government is meant to protect the people from the predatory developers, not the other way around. The HCDA and the Agribusiness Development Corporation are two examples of the level of over-reach and disdain for the interests of the environment or the people in favor of outside profits. No PLDC or future variations of it are acceptable. Mahalo

February 7, 2013

Dear Committee Members:

I urge you to support HB 1133 to abolish the PLDC. This ill conceived measure passed last session at the 11th hour without proper review. Hawaii is unique in terms of the legislation that has been created and passed over the years to protect our environment. All development should be given just consideration in a thorough and transparent fashion. There is no need to rush the process and to restrict the home rule roll that has been traditionally given to the counties. Thank you for your consideration.

COMMITTEE ON WATER & LAND and COMMITTEE ON FINANCE HEARING

DATE: Saturday, February, 9, 2013

TIME: 9:00 AM

PLACE: Auditorium, State Capitol

Dear Chair Evans, Vice Chair Lowen and Members of the Committee on Water & Land; Chair Luke, Vice Chair Nishimoto, Vice Chair Johanson and Members of the Committee on Finance,

This Hearing on HB 219, HB 589, HB 593, HB 1133 and HB 1134 is a model of efficiency and effectiveness in the Legislative process.

Governor Abercrombie signed into law SB 1555, Act 55 was codified as Chapter 171C, Hawaii Revised Statutes, creating the Public Land Development Corporation (PLDC).

The PLDC Board, Mr. Kalbert Young, Chair (Director, Department of Budget & Finance), Mr. Duane Kurisu, Vice Chair (Hawaii State Senate Designee and Founder of aio), Ms. Mary Alice Evans (Department of Business, Economic Development & Tourism), William J. Aila, Jr. (Chair, Department of Land & Natural Resources), Mr. Robert Bunda (Hawaii State House Designee, Insurance Executive, currently Board Member, Honolulu Authority for Rapid Transportation (HART)).

Three (3 County Councils --- Maui, Hawaii, Kauai, have adopted Resolutions asking the Legislature to repeal the PLDC and have included their Resolutions in their 2013 Legislative Packages.

There is a marked difference between "repeal" and "partial repeal by way of amendment".

Governor Abercrombie has stated that amendment to HRS 171C is preferred.

HB 219, HB 589, HB 593, HB 1133, HB 1134, by way of various amendments to 171C, HRS attempt to make the PLDC, acceptable and appropriate.

I sincerely believe that repeal of 171C, HRS in its entirety and not by way of amendment will serve the overall purpose and objectives intended by Governor Abercrombie.

The implementation of the PLDC has heightened awareness of culture, community, the importance and significance of managing public lands effectively and efficiently, and the need to have a revenue source to support and sustain programs and projects focused on stewardship of public lands.

The PLDC is Governor Abercrombie's initiative to move Hawaii forward into the future. The clear message from Governor Abercrombie is that: (a) Maintaining the status quo is unacceptable, (b) Be diligent but delays ad infinitum - continuing and continued studies, analysis, meetings, seminars, presentations, networking or joint sessions need to be measured and managed effectively and efficiently, (c) Take measured risks, (d) Learn from mistakes and move forward, (e) Take lessons learned from failure, improve upon weaknesses, sharpen strengths, (f) There is no penalty for taking reasonable, measured and justified risks, (g) We shall remain idle no more, (h) The time to implement programs and projects to get Hawaii working is now, (i) Innovate, think outside of the box.

Departmentally and Inter-Departmentally Hawaii has the experience, knowledge, and expertise to accomplish good stewardship of public lands. Five keys: (a) Empower and mentor, (b) Courage to move forward, (c) Team spirit, (d) Practice good management skills, (e) The time to take action and implement good programs and projects is now..

Each member of the PLDC Board brings to the table experience in state government, culture, economic development, tourism and highly respected management skills.

Repeal of 171C, in its entirety and not by way of amendment, provides a grace period for improvement until the Twenty-Eight Session of the Hawaii Legislature convenes.

I suggest one House Bill, similar to SB 1 (amended to repeal 171C in its entirety).

In conclusion I urge the House of Representatives to enact legislation during this session of the Legislature working collaboratively with members of the Senate.

Thank you for this opportunity to share my thoughts with you.

Respectfully,

Electronically Signed

Clifton M. Hasegawa

Comments: Where is the public demand for such a sweeping measure? This top-down democracy is nothing but trouble. And I really oppose the legislature's little trick of renaming a bill and resubmitting it. I am wondering at how the government become a profit center. Why? Developement is a private function. Preservation is a government function. You guys got too many lawyers hanging around stirring up the water hiding hide their clients' interests. Thank you, Mike Maddux Hawi

RE: OPPOSED TO HB1134

REPEAL the P.L.D.C. Law

I am a former Maui County Planning Commissioner and I presently serve as the Vice-Chair of Maui Island's General Plan Advisory Committee. I have been directly involved in planning issues from a citizen's perspective for over 40 years.

I SUPPORT HB589 - Which Repeals PLDC

I SUPPORT HB1133 - Which Repeals PLDC

I OPPOSE HB219 - Only amends PLDC

I OPPOSE HB593 - Only amends PLDC

I OPPOSE HB942 - Changes name of PLDC

I OPPOSE HB1134 - Only amends PLDC

I OPPOSE HB865 - Combines PLDC with Community Districts

I strongly support repealing Act 55 (2011) which established the PLDC because the PLDC has so many defects:

- 1. Eliminating County input.**
- 2. Ignores County General and Community plans.**
- 3. By-passes protections for Hawaiian Lands.**
- 4. Concentrates too much power in a small unelected committee.**
- 5. Allows private firms too much opportunity to abuse public lands.**
- 6. Inadequate or non-existent environmental protections.**

I do NOT wish to have the PLDC amended or modified. There should be:

No PLDC pilot project bills;

No PLDC school land redevelopment bills;

No PLDC compromise bills;

No PLDC amended bills; and

No PLDC new name, same purpose bills

February 7, 2013

To: Honorable Chairs and Members of the House Water and Land and Finance Committees

From: Deborah Chang, Hawai'i Island Resident

Subject: Support for HB 589 "Relating to the Public Land Development Corporation" and HB 1133 "Relating to Public Land"

I ask for your support of HB 589 and HB 1133 which essentially call for a repeal of the entire Public Land Development Corporation law (Chapter 171C, HRS). The bills also importantly remove other authorities given to the Public Land Development Corporation (PLDC) in other laws and provide for an orderly dissolution of the Corporation.

The main reasons I support a repeal of all laws authorizing the PLDC are as follows:

1. Chapter 171C, HRS exempts PLDC projects from all "statutes, ordinances, charter provisions, and rules of any government agency relating to....land use, zoning, and construction standards for subdivisions, development and improvement of land." This allows the PLDC to ignore the expressed wishes of the counties as reflected in our adopted ordinances and plans. This trivializes the substantial time and resources invested by the counties in land-use planning and rule-making. It is an insult to the work done by County Planning Commissions, County Councils, County employees and citizen volunteers who have devoted many hours to county-level planning processes, such as Hawai'i County's Community Development Plans.
2. PLDC creates a double standard that enables PLDC projects to skirt the requirements that are binding on private developers. Often the requirements are intended to protect our environment and quality of life. Is it only a matter of time before such exemptions are challenged in court? Could it be argued that land-use regulations and standards are not necessary for private developments if they are not necessary for PLDC projects?
3. I strongly support repealing the law, which exempts lands that are set-aside to the PLDC from the definition of "public lands" [§171-2(12), HRS]. Both HB 589 and HB 1133 repeal this law. Removing lands from the definition of "public lands" would further empower the PLDC to develop public lands without being held accountable to act in the public's interests with lands that have lost their special public status.

The laws establishing the PLDC are alarming in the level of independence, power, and control over public lands that are given to this new state agency. These laws require major surgery to fix. I believe the best choice is to eliminate PLDC before it has a chance to waste more public resources than it already has.

Mahalo for the opportunity to testify on these bills.

Testimony for WAL/FIN on Feb 9, 2013 09:00AM in Conference Room Auditorium

Submitted By	Organization	Testifier Position	Present at Hearing
Roy G. Aragon	Individual	Support	No

Comments: Too much mainland developers with big money moving in. Too much mainland influence. All this development will drive the local people out of this state. All this development will drive cost of living up!

Please note that testimony submitted less than 24 hours prior to the hearing, improperly identified, or directed to the incorrect office, may not be posted online or distributed to the committee prior to the convening of the public hearing.

Do not reply to this email. This inbox is not monitored. For assistance please email webmaster@capitol.hawaii.gov

I strongly support the complete repeal of Act 55 and the PLDC.

There is a growing movement of discontented people in Hawaii because of this Act and Act 97, so much so that a new movement has been born uniting all of the island. It is growing rapidly.

We the people will not stand by any longer and see what appears to be corporations corrupting the government processes here.

The manner in which Act 55 came into being has left people throughout Hawaii stunned that such a Bill could be passed without people being given the opportunity to be part of the process.

Act 55 can not be fixed, it must be repealed.

To try and fix this act would simply add insult to injury and cause greater mistrust in the process of government here in this unique and beautiful land.

Quite simply the only way to restore the trust of the people in the government is to repeal this act and Act 97. There needs to be put in place processes to stop the corporate take over of Hawaii and ensure that **we the people** get the proper due processes, right and ability to be involved in all decision making where our lives are effected.

Please do the right thing and repeal Act 55.

Comments: Repeal the PLDC. Bad idea to start with, just repeal it instead of trying to "fix" it into something else.

Please note that testimony submitted less than 24 hours prior to the hearing, improperly identified, or directed to the incorrect office, may not be posted online or distributed to the committee prior to the convening of the public hearing.

Aloha Honorable Committee Members.

No doubt the sponsors of Act 55 had good intentions. But the PLDC, like most attempts to privatize government, is a bad idea, and it sets a dangerous precedent. It's unaccountable. It grants power without responsibility. It's a spectacular conflict of interest. It is government setting the terrible example of breaking it's own laws.

Government is not, and should not be, a business. In the United States, we the people create, fund and staff our governments to think, speak and act for the whole community. We cannot allow any government to shirk or outsource that unique and solemn responsibility.

If current tax revenues are really inadequate to fund necessary services, then we need to have a serious and thorough public discussion of just what services we absolutely need, what it really costs to deliver them efficiently, and how we can best pay for them.

One of the reasons we can't raise taxes, for example, is because our electric bills are so ridiculously high. If our government could summon the will to get control of our spoiled monopoly utility, and substantially reduce those bills, then modest tax increases might be more acceptable.

You can't fix something that's fundamentally flawed. The PLDC is one of those miracle cures that turns out to be worse than the disease. Please repeal this terrible law.

**RE: HB 1133 relating to Repealing the Public Land Development Corporation (PLDC)
and transferring certain assets to the Dept. of Land & Natural Resources - Strongly In Favor**

Aloha,

I am Daisy Murai, a resident of Kapahulu and a member of the General Public. I feel that the PLDC is another Government Agency created by the State Government to maximize financial gains by optimizing usage of Public Lands by the advice of a panel of 5 Businesses experts of the Private Sector. I also feel that Public Preservation Organizations should also contribute to the planning by the Dept. of Land and Natural Resources for projects of Public Lands. A purely business oriented person will have expert insight on creating projects that will maximize profits for the State, but will also lack the foresight to create projects for the good of the General Public, such as build Commercial Buildings or Residential Housing within the Parks for example without benefitting the public that utilize the Parks.

These are reasons why I **STRONGLY SUPPORT HB 1133.**

Thanking you for the opportunity to speak.

Daisy Murai

Public Hearing on Saturday, February 9, 2013, at 9:00 a.m.

Re: HB1133 Relating to Public Land
HB589 Relating to the Public Land Development Corporation

This letter is written in strong support of the full repeal, not amendment, of Act 55, which in 2011 created the Public Land Development Corporation (PLDC). I urge the committees today to pass HB1133 and HB589, which would accomplish this.

It is not often that so many from all islands of Hawaii have united to express feelings of disapproval of the actions of their government. The expressions of disapproval are accompanied by dismay on how and why Act 55, which created the PLDC, was passed and signed into law.

I would like to take this opportunity to share my views on this widespread and growing movement of Hawaii's people voicing disapproval of Act 55. I do feel that the core cause of this people's movement is the feeling of disconnect of people and their government, and with that the loss of trust.

Act 55 seems to be the catalyst that has triggered so many to publicly demonstrate their feelings of distrust and disconnect. The creation of the PLDC presented the platform for people to question openly the workings of their government.

- Why was there so little public awareness and opportunity for involvement in discussions on such an important issue that concerned all state lands?
- Why were there so few if any communications with county governments when this Act affected so much of county jurisdiction and the taking away of local authority, and with that, opportunities for meaningful people's input?

- Why was Act 55 passed with such expediency that so few were even aware of it?
- Why is so much authority given to so few in the major use of all public lands? Where are the checks and balances? **It is noted that the PLDC is governed by only five board members, three of whom are state department heads and one each appointed by the Senate president and Speaker of the House of Representatives.**
- Why should the PLDC be exempt from existing county and state laws and regulations regarding special improvement district assessments? *
- Why is the PLDC exempt from all state and county land use laws, including county zoning ordinances and the state Land Use Commission? *
- Why is the PLDC exempt from county building permits? *

The only reason given publicly so far to justify Act 55, which created the Public Land Development Corporation, was the need to raise money for the public good. I find it very difficult to understand and accept that an Act was created that gave so much authority over public lands to five people with no checks and balances, and justified for the reason of raising needed money.

Surely the goal of money for our good must be balanced with preserving Hawaii's unique social and so very special environment.

Surely the use of our public lands must be balanced with responsibilities to cultural and spiritual care of Hawaii.

Surely the authority of land use must be balanced with the fairness and trust of the application of laws to all.

Surely local county government laws such as building permits and zoning codes should be adhered to and respected.

Surely lifestyles, people's involvement and local land use laws are of importance and must be considered.

In recent weeks of travel to Maui, Molokai, Oahu and communities on Hawaii Island, I have experienced a growing feeling of disconnect and distrust of people with their government. Feelings that their government and its decisions are made not for people of this land, not for the care of the land, but rather for special interest groups or for short term benefits. Along with these feelings of disconnect and the lack of trust is a loss of hope that their concerns, lifestyles, their hardships and cares of this earth are of any importance.

* From letter to Senator Donovan Dela Cruz dated October 18, 2011 from Deputy Attorney General Linda Cho

February 7, 2013

Page 3

We must all be on guard against actions and behavior that will add to the disconnect and distrust of our government. We must say stop to those that do.

I ask for understanding that this is not just an issue of public lands and its authority, this is also about the relationship between the people and their government. This is of the hope and belief that we all seek, that our government will be fair and do what is right by law and a sense of what is right. This is at the heart of the relationship between people and their government. This is a matter of trust.

I ask for the repeal of Act 55.

Aloha,

Harry Kim

Comments: PLDC must be repealed and if there is interest in a land development group, it must start from scratch, which means PONO presentation and public input. The PLDC has generated enormous animosity, particularly among native hawaiiians and should never have been shoved down everyone's throats at the last moment as it was. PLEASE APPROVE THIS BILL TO REPEAL THE PLDC!

Diana B. Kahler	Individual	Oppose	No

Comments: February 8, 2013 Chair Sylvia Luke and members of the Finance Committee Chair Cindy Evans and members of the Water & Land Committee My name is Diana Kahler. I have been a resident of Hilo Hawaii for 35 years. I reside at 12 West Naauao Place in Hilo. I am in opposition to the passage of HB1133, Relating to Public Land and HB 589 , Relating to Public Land Development Corporation and urge you to repeal both Bills. While I see the benefits of a streamlined approval process to ensure that Hawaii can support resource sector growth and be globally competitive, it is imperative that stringent environmental safeguards be in place. It seems both HB 1133 and 589 diminish the value of these safeguards by decimating approval processes and delegating decision making responsibility to a member-limited Public Land Development Corporation. It is unconscionable that the value of input by the very people who live in our great state will seemingly be ignored. To regulate that input with these poorly crafted bills subverts the right of Hawaii's residents to participate in the process. Often it is these very people who bring a clarity of purpose and effective alternative ideas to meet a similar purpose that enrich the way we manage our resources. Home Rule must remain! Thank you

Committee and Water and Land
Representative Cindy Evans, Chair; Representative Nicole Lowen, Vice-Chair

Committee on Finance
Representative Sylvia Luke, Chair; Representative Scott Nishimoto, Vice Chair

Saturday, February 9, 2013, 9:00 a.m., Auditorium

While I am delighted that the Legislature has recognized the serious problems with the PLDC as currently constituted, I don't believe that the bills attempting to "fix" it will work.

The PLDC needs to be repealed and efforts concentrated on enhancing and protecting the natural resources rather than figuring out ways to develop them. HB1133 and HB589 do that, and I support them.

Accordingly, I oppose HB219, HB593, and HB1134 because they are attempts to tinker with bad legislation instead of starting off with a clean slate.

Thank you for opportunity to submit testimony.

Nancy Davlantes
Kaneohe

Comments: I strongly support the REPEAL of the PLDC law, and support the passage of this bill. ### State lands are part of the public trust. Privatization or even partial privatization of those lands has dire consequences regarding public accountability, public disclosure, legal jurisdiction, water rights, the rights of native Hawaiians, legal defenses, and many other areas of law that may escape the attention of the voting public. ### I urge you to protect state lands in perpetuity, and honor the government's promises made in exchange for Hawaii's statehood. Support this bill. ### Keep them in Hawaiian hands where the people can watchdog for future generations. Let's find more creative solutions to dealing with the state's fiscal woes without sacrificing the legacy we must leave to future generations.

Please note that testimony submitted less than 24 hours prior to the hearing, improperly identified, or directed to the incorrect office, may not be posted online or distributed to the committee prior to the convening of the public hearing.

PLDC is a bad idea for Hawaii and its people.

I am supporting, therefore, **HB 1133 and HB 589**.

Thank you,
Edward de Deo
3644 Lawaiuka Rd
Lawai HI 96765, Kauai

February 8, 2013

Aloha,

I strongly support HB 1133. The Public Lands Development Corporation will not represent what is best for the State of Hawaii and its people. There is far too little public oversight of the PLDC and far too many exemptions given to the PLDC that would allow it to circumvent important environmental, cultural, zoning and other regulations.

Mahalo!

Comments: Greetings, I fully support this Bill of repealing the PLDC. The PLDC is a waste of our tax payers money. The PLDC is a shameful and corrupt organization that threatens our beautiful landscape. The PLDC threatens our tourism industry. WHO wants to come to Hawaii to see polluted waters and track homes? No one does. The PLDC threatens our landscape which provides well being and health for our community. There should be counsels focusing on our struggling education system or our degressive natural resources. The PLDC is a waste of our taxpayers dollars. Thank you and good day.

Comments: Please repeal the PLDC. Hawaii has a long and sordid history of backroom deals leading to the development of public lands for private gain. The PLDC opens the door for more of this practice. It should be repealed -- development of public lands should occur only in the full light of day and subject to a full review process.

Please note that testimony submitted less than 24 hours prior to the hearing, improperly identified, or directed to the incorrect office, may not be posted online or distributed to the committee prior to the convening of the public hearing.

Comments: No one has explained why State agencies cannot currently coordinate or execute contracts w/o a PLDC. The reason: bad ideas can't get ahead this way. If you're a corporation with a "bright idea", you don't want "interference" through agency or public review. These are public lands, held in trust for the people who believe in democracy. Get those "expediting" hands off our public trust.

Comments: Aloha, I am submitting testimony in strong support of HB 589. The PLDC should be repealed. It was created without being properly vetted by the public and has generated a lot of mistrust by the people of Hawaii towards our government and those legislators that have pushed the PLDC through. Please do what is right for the State of Hawaii and repeal the PLDC. The creation of any such entity should include public input from the beginning, through till the end. Mahalo, Lisa Cates Kailua HI

From: Diane Ware [volcanogetaway@yahoo.com]
Sent: Friday, February 08, 2013 2:28 PM
To: waltestimony; EDNtestimony; FINTestimony
Subject: In support of HB1133 and HB 589

Aloha all State Reps:

I would like to see the PLDC Act 55 repealed. I am grateful for those who have sponsored HB 1133 and HB 589 and those who have decided to listen a vast number of constituents and now agree to repeal this grievous act that presumes our natural resources exist to create a profit, rather than treasuring for future generations. Most folks believe enough is enough already -- let's focus on enhancing and protecting what we've got, rather than figuring out ways to convert beaches and parks into more development.

Other grievous consequences of the Act are:

- The PLDC is exempt from all land use laws, including most laws that protect agriculture and conservation lands. Accordingly, the PLDC can develop important agricultural lands set aside for farming or our precious watersheds. This isn't smart planning, and could be quite harmful to Hawaii's longterm future.
- The PLDC is exempt from some of our important accountability laws, such as the procurement code. Oversight laws were created to prevent shenanigans. We should be cautious about giving control of millions of acres of land without these regulations.

Fixing the PLDC isn't adequate. We need to start with a clean slate and then have a real discussion about the best ways to protect our communities. I therefore do not support HB 942, HB 219, and HB 593

Sincerely,

Diane Ware

To: waltestimony; EDNtestimony; FINTestimony
Subject: I support HB 1133 and HB 589

Aloha,

I am a retired behavioral scientist living on West Kaua'i. I adamantly support dissolving the PLDC, with no amendments, adjustments, or other "tweaks" designed to perhaps transfer its function to some other entity.

PLDC is antithetical to even reasonable stewardship of natural resources, and is clearly designed only to promote profit for a select few, without any oversight or legal guidance.

Anyone in the Legislature who votes otherwise will not get my vote, or support.

Mahalo,
W. Elaine Albertson

Submitted on: 2/8/2013

Testimony for WAL/FIN on Feb 9, 2013 09:00AM in Conference Room Auditorium

Submitted By	Organization	Testifier Position	Present at Hearing
Erick Peter Ehrhorn	Individual	Support	No

Comments: I am in favor of REPEALING THE PLDC. There should not be two standards, one for government and one for everyone else. If gov. passes laws it should also be subject to the laws.

Please note that testimony submitted less than 24 hours prior to the hearing, improperly identified, or directed to the incorrect office, may not be posted online or distributed to the committee prior to the convening of the public hearing.

Comments: Please support HB 1133 and repeal the PLDC. To raise more income for the state, please do not raise the GE tax. It will effect most the people with the least. Instead, please raise taxes on upper income levels and on business. Those sectors are not paying their fair share to make Hawaii strong and livable.

Submitted By	Organization	Testifier Position	Present at Hearing
Michael Daly	Individual	Support	No

Comments: I am in SUPPORT OF HB1133 to repeal the Public Lands Development Corporation PLDC entirely. This program partnership is a violation of law and democratic principles. Private for-profit corporations are wholly exploitive without a longterm vision of survival and sustainability. For a government entity to handover the public domain, property and control in any way to special interest groups or their associations is to open ones house to a group of known liars, thieves, murders and rapists. Remember private banks and military contractors invest heavily and profit from illegal and unnecessary fighting and acts of war. The people can not tolerate any further lopsided situation whereby limited resources are exploited for the narrow benefit of private corporations and their shareholders. Corporations must pay proper taxes (much higher taxes than now and more aligned with our farther's generation and prior to that) in order for the balance of power to remain with the public government. I empower lawful government. The PLDC as with almost every partnership between corporations and government entities simply represents a failure of the people's organization (government) to hold fast our property, our responsibility of care and management and the means by which to do so. Taking care of the land is expensive but our best investment. FURTHER make long-time compulsive corporate eco-criminal pay - DO NOT sleep further in there bed and encourage corporations to further hold physical and intellectual property such as government's electoral process ransom. In these times when corporate induced consumerism and fossil fuel / war economy has ravaged every quarter of the biosphere and land, we need to identify the guilty and make them repair the damage - NOT IN A PARTNERSHIP THAT LEADS TO FURTHER DAMAGE AND A TOTALITY OF CONTROL - BUT UNDER HAWAIIAN LAW. RESTORE THE 'AINA / RESTORE THE HAWAIIAN KINGDOM. Michael Daly

Subject: I support HB 1133 and HB 589

Please listen to the voices of neighbor islands residents who want to see public lands protected and managed properly. Act 55 is so flawed that the best course is to scrap it and start over.

Mahalo for your consideration

Lucienne de Naie
PO Box 610, Haiku, HI 96708

Subject: I support HB 1133 and HB 589

Aloha Representatives,

I support HB 1133 and HB 589 because I think Act 55, which created the PLDC, should be repealed.

I oppose HB 942, HB 219, HB 593, and HB 1134 because they do not repeal Act 55.

Mahalo for your service to the people of Hawaii.

Sincerely,
Neil Frazer

Paul A Komara Jr	Individual	Support	No

Comments: I Paul A Komara Jr. detest the way in which the Legislature of Hawaii has addressed this issue of a Public Land Development Corporation. What the Legislature has done is to lie to the public in favor of corporations who seek to sell the lands of the Hawaii Kingdom. I say abolish the PLDC and form no agency to sell or develop Hawaii lands and or islands. Aloha, Paul

KNOW THE ENEMY

PLDC

PUBLIC LAND DEVELOPMENT CORPORATION

THE EVIL

PLDC was created by the fake state to destroy crown lands for profit. As you know, the fake state cannot sell off crown lands, so Neil Aberzombie and gang created this sinister organization to "partner" with developers in order to cement over 'āina with more urban sprawl.

PLDC can bypass conservation regulations and laws meant to protect 'āina.

We can be certain, that if left unchecked, this fake state will use PLDC to destroy 'āina even further and that includes wahi pana, wahi kapu, heiau, ola (our health), finite natural resources, and our culture.

THE ACTION

Where: (O'ahu)

Kalanimoku Building
Land Board Room 132
1151 Punchbowl Street
Honolulu, HI 96813

When: August 29, 2012 (6:00pm)

Inel:

Makawalu will be showing up in all black to fight for our way of life and the protection of 'Āina. We will demand that PLDC and this fake state be held accountable for their evils. If our voices fall on deaf ears, they'll still be able to see our unified outrage.

Comments: Testimony in Strong Support of a complete and full repeal of the PLDC RE: Applies to all items on the 9am agenda I'm supporting HB 1133 and HB 589 as the two bills that would repeal the PLDC. I'm also opposing HB 942, HB 219, HB 593, and HB 1134 because they don't repeal the PLDC. The process, the policy and the politics of this issue have been so severely tainted that the only good option is a complete repeal – attempts to morph, amend or simply change the name are insufficient remedies and will not heal, repair or re-instill the public confidence which is what needs to happen now. The process that created Act 55 and the PLDC and the subsequent process attempting to salvage and assuage public concerns, range from unconstitutional to insulting. SB1555 was passed into law without the requisite three readings in each House and there was never a proper public hearing on the substance of the major amendments that significantly altered the content of the Bill. Clearly giving the public less than two hours public notice does not meet any reasonable standard that would satisfy the constitutional requirement. I urge you all to do your patriotic duty and respect our precious lands of Hawaii and do a complete and exact repeal of the PLDC today!

Please note that testimony submitted less than 24 hours prior to the hearing, improperly identified, or directed to the incorrect office, may not be posted online or distributed to the committee prior to the convening of the public hearing.

To
WAL and FIN Committee Members
Subject: HB1133
Thursday, Jan. 31, at
Position: Support
Hearing: Saturday, 2-9-13 - 9:00 AM

2-8-13

From
Jeffrey Parker
Pres: Tropical Orchid Farm, Inc.
P.O. Box 170
Haiku, HI 96708
808 572 - 8569

Dear Chairs Evans and Luke, and Members,

My company and I support the repeal of the Public Lands Development Corporation. My understanding is that HB1133 will accomplish that. Act 55 was an ill-conceived measure, without thoughtful analysis. It was passed in a very suspicious way, at the last minute without public participation.

The PLDC undermines democracy by over riding existing procedures and safeguards. It also cuts out participation by the Public. The provision exempting the PLDC from court challenges is particularly dangerous and un-democratic.

There is also something offensive about the idea that the DLNR is such a low priority, that we cannot find resources to operate it in our State budget. Have folks forgotten that in Hawaii "the environment IS the economy"? We need to strengthen the DLNR, not weaken it by allowing a Board of ex-realtors to sell off its resources.

I live in a small rural agricultural district intermingled with State lands. We do not want urban ex-realtors, people with very different values from us, deciding what happens with those lands - while escaping normal County, State SMA, and Court review.

In other words, Act 55 stinks. Please get rid of it. The correct approach is to completely repeal the PLDC, and start over, NOT to "fix it" or "modify it".

Since there is virtually complete opposition to the PLDC from the public, here is an opportunity for the Legislature to show the public that their opinions matter.

Mahalo
Jeffrey Parker

Subject: Repeal Act 55

Act 55 creates the Public Land Development Corp.(PLDC). The PLDC is mandated to maximize the dollar return from public lands. Their mission is to enter into public/private partnerships to maximize the economic return from public lands. Their focus is on tourist development.

So far so good. Public/Private partnership have many benefits. But Act 55 his deeply flawed and must be repealed.

1. Act 55 exempts the PLDC from all permitting requirements including county zoning laws and building permits. There is no reason government projects should be exempted from our laws designed to make sure all projects are will planned and designed.
2. Act 55 exempts the PLDC from the government procurement process. This opens the door to fraud and corruption.
3. Act 55 gives DLNR two Boards of Directors. The PLDC can initiate projects which ignore the BLNR land use management plans. The PLDC can do whatever it wants on public lands without significant citizen over site and without any consideration of existing management plans.
4. The Board of the PLDC is made up of 5 individuals whose expertise is in land development. There are no land managers of cultural practitioners on their board. Absolute control over all public land is tremendous power to give five people.
5. The PLDC has the authority to define the adjoining land owners who benefit from their development and assess their property for the cost of development infrastructure. This places the infrastructure development costs on property owners rather on than on the developers.

There is much more wrong with Act 55 but I don 't want to write a book. Act 55 must be repealed and we must start over with proper safeguards and with public participation in the discussion. You know

that the legislation resulting in Act 55 was amended at the last minute and even most legislators didn't realize the changes when they voted.

Supporters of Act 55 say the weaknesses in the Act can be correct in rule making. As legislators, you understand that legislation provides the legal framework that guides Government. Rules are immaterial when the enabling legislation is flawed.

Act 55 is deeply flawed and must be repealed. However, while the community focuses on the PLDC the Administration has introduced legislation to create the HLDC. The HLDC as proposed will be the PLDC on steroids.

Watch all proposals to eliminate permitting requirements from public project. The Governor's efforts to expedite his projects without permitting "interference" must be stopped.

Subject: Support Repeal PLDC

Aloha mai kakou,

`Eha ko`u na`au! (I hurt in the deepest part of my being!) The PLDC became law in 2011 for the purpose of generating revenue for the State of Hawai`i by developing public lands in an appropriate and culturally sensitive manner. Sounds fair, so far. However, this law gives broad exemptions from land-use and zoning laws and it is unclear that this law will protect certain interests of our Native Hawaiian people. This law threatens the core values of our cultural heritage which demands our responsibility to cherish and malama (care for) the land that we love, with great care given to protect the precious "wahi pana" (legendary places) for the future generations.

My plea is first to every lawmaker in Hawai`i nei to repeal this law. Second to the Hawaiians, descendants of our renowned ancestors that have gone before us; be vigilant and alert to laws that threaten the legacies left by our beloved ancestors. Third to every resident of this great State of Hawai`i; I plead for your support to advocate for the repeal of the PLDC with a commitment to insure safeguards through regulations that will protect the land and sacred sites from the ravaging destruction of developers whose primary concern is for the revenues generated.

I urge your support in repealing the PLDC.

NON SUPPORT/ REPEAL PLDC

PUBLIC LAND DEVELOPMENT CORPORATION

WE STAND UNITED AGAINST THE “PUBLIC LAND DEVELOPMENT CORPORATION” OR WHAT EVER NAME THEY HAVE NEWLY AQUIRED.

PUBLIC LANDS: DEFINED BY BLACKS LAW DICTIONARY 5TH EDITION

THE GENERAL PUBLIC DOMAIN; UNAPPROPRIATED LANDS; LANDS BELONGING TO THE UNITED STATES AND WHICH ARE SUBJECT TO SALE OR OTHER DISPOSAL UNDER GENERAL LAWS, AND NOT HELD BACK FOR ANY SPECIAL GOVERNMENTAL OR PUBLIC PURPOSES NEWHAL V. SANGER, 92 US 761,763, 23 L.ED. 769

HERE WE HAVE LANDS, ALL OF WHICH ARE LANDS HELD IN TRUST, WHICH ARE THE ILLEGALLY SEIZED LANDS BELONGING TO THE HAWAIIAN KINGDOM, THAT ARE CURRENTLY HELD IN TRUST BY WAY OF COMPACT AND PART OF THE ADMISSIONS ACT WHICH WERE THE DOCUMENTS USED BY THE TERRITORY OF HAWAII TO GAIN ADMISSION INTO THE UNION OF STATES THE UNITED STATES OF AMERICA.

ALL THES LAND ARE **ENCUMBERED**.....AND THEREFORE NOT PUBLIC AS DESCRIBE BY BLACKS LAW DICTIONARY.

THERE IS AN IMPORTANT REFERANCE THAT CAN BE MADE TO CLAIRIFY THOSE COSTAL LANDS AND WHO IT IS OWNED BY OR OTHERWISE ENCUMBERD.

NAPEAHI V. WILSON

TO MOVE AHEAD WITH THIS ILLUSION AND CLEAR DECEPTION OF THE GENERAL PUBLIC, WILL BE SELF ADMITTING OF CONSPIROCY TO DEFRAUD THE PUBLIC OF IT TRUST OBLIGATIONS, AND AN ATTEMPT TO ILLEGALLY CONVERT LANDS, THAT ARE UNDER THE PROTECTION OF THE STATE, AND SHALL BE DEEMED AS AN INTENTIONAL BREACH OF TRUST, WHERE ALL PARTIES INVOLVED MAY BE HELD PERSONALLY AND COLLECTIVELY LIABLE FOR ALL INJURIES, COURT COUST, AND PENALTIES, AND DAMAGES INCURRED BY THIS MISUSE OF LAW.

RESPECTFULLY SUBMITTED:
