WRITTEN COMMENTS
OF

TO THE

H.B. 114, H.D. 3, S.D. 1

RELATING TO HIGHER EDUCATION

Chair Ige and members of the Committee, thank you for the opportunity to provide written comments on H.B. 114, H.D. 3, S.D. 1.

The Department of Accounting and General Services (DAGS) provides the following:

1. If H.B. 114, H.D. 3, S.D. 1 is enacted, it is anticipated that:
 - A. Based upon information on University of Hawaii's (UH) historic funding for CIP, DAGS will need approximately \$2.7 million per year in additional CIP funded staff positions to handle assigned UH construction projects for new buildings, provided that the additional CIP funding will not detract from or adversely impact the Executive Budget.
 - B. New DAGS staff positions to be created for this purpose will not involve the relocation of current UH staff positions because DAGS staff will still need UH staff to provide departmental coordination for new construction projects.

2. DAGS recommends that the July 1, 2015 sunset date be eliminated because it is too short of a timeline for DAGS to effectively implement new UH construction projects.

3. DAGS also recommends the proposed language in Part II, page 2, of this bill amend Section 304A-2672, Hawaii Revised Statutes (HRS). It would be appropriate to amend Section 304A-2672, HRS, rather than Section 304A-105, HRS, because Section 304A-2672, HRS, provides for the specific authority of the board of regents to construct university projects, and this proposed language seeks to transfer responsibility for certain university construction projects from the board to the comptroller.

The latest version of the proposed amendment should read:

SECTION _____. Section 304A-2672, Hawaii Revised Statutes, is amended by amending paragraph (2) to read as follows:

"(2) Construct and maintain university projects, including a university project included or to be in a university system, except that all procurement for construction, including consultant services necessary for such construction, shall be subject to the control of, and performed by, the department of accounting and general services on behalf of the board, provided that the department of accounting and general services shall not be responsible for procurements as determined by the comptroller, necessary for repair and maintenance, or continuing on-going university projects; provided further, that contracts for construction or related construction consultant services that are in effect prior to {the effective date of this bill, or another date} shall not be assumed by the department of accounting and general services, but remain under the control of the board;"

Thank you for the opportunity to submit written comments on this matter.

HB 114 HD3 SD1 (Part III) – RELATING TO HIGHER EDUCATION

Chair Ige, Vice Chair Kidani, and members of the committee:

Thank you for the opportunity to present testimony on HB 114 HD3 SD1 – Relating to Higher Education. This testimony pertains to Part III of HB 114 HD3 SD1 with respect to the establishment of an Independent Audit Committee of the University of Hawai'i (University). The purpose of this testimony is to provide information to the Senate Committee on Ways and Means regarding the policies and practices of the Board of Regents (BOR) Committee on University Audits (Audit Committee) and the University's Office of Internal Audit (Internal Audit). As further discussed below and illustrated on the attached matrix (Attachment A), existing BOR Bylaws and Charters (Audit Committee and Internal Audit) address much of the proposed legislation noted in Part III of HB 114 HD3 SD1.

In addition, Article II, Section D(2)(g) of the Bylaws of the BOR of the University of Hawai'i (BOR Bylaws) establishes an Audit Committee. This section of the BOR Bylaws (Attachment B) coupled with the Charter of the Committee on University Audits (Attachment C) documents the function and responsibilities of the Audit Committee. Internal Audit reports directly to the Audit Committee and is thus independent of University management. The Charter of the Office of Internal Audit is included as Attachment D. Annually, Internal Audit prepares an Audit Plan that is submitted to the Audit Committee for review and approval. The Audit Plan's projects (internal as well as external audit) result from consultation with the Audit Committee, Accuity, LLP (external auditor) and University Management. All audit reports prepared by Internal Audit are forwarded to the Audit Committee for review and comment. Report acceptance occurs at Audit Committee meetings held pursuant to the provisions of Hawai'i Revised Statute Chapter 92.

Also, I would like to bring to your Committee's attention the comments provided in the last column on page 6 of Attachment A with respect to Section 3.(l) of HB 114 HD3 SD1 regarding the Audit Committee's review of complaints. The "comments" are provided for consideration by the Senate Committee on Ways and Means and are intended to strengthen the Audit Committee's effectiveness in managing complaints.

Thank you for the opportunity to submit testimony on this measure.

All decisions of the Board shall be made solely on the basis of a desire to promote the best interests of the University and the public good.
- C. Disclosures. In the event the Board must consider any matter for the University which also directly involves:

All disclosures required under this article must be directed in writing to the Secretary who, together with the University General Counsel, shall be responsible for the administration of this bylaw.

Matters covered under this article shall be reported initially to the Chairperson for appropriate action. Information disclosed to the Secretary shall be held in confidence to the extent authorized by law.

This disclosure requirement shall not apply to any regent who declares a conflict of interest and recuses himself/herself from consideration of the matter before the Board.

- D. Determination of Conflicts. Questions concerning possible conflicts of interest shall be directed to the Secretary. The Board shall resolve the questions by majority vote at a Board meeting in compliance with Chapter 92, HRS. Where any matter covered by Chapter 84, HRS, is involved, the potential conflict shall be referred to the State Ethics Commission for disposition. Questions of potential conflict not covered by Chapter 84, HRS, may be referred to the University General Counsel for a legal opinion, except that questions of conflict under Section 78-5, HRS, shall be referred to the University General Counsel for a legal opinion.

Restraint on Participation. A member of the Board who has declared a conflict of interest and recused himself/herself or who has been found to have a conflict of interest in any matter before the Board shall refrain from participating in the consideration of the proposed matter. The regent may not vote on such matters

before the Board and may not be present during the Board's deliberation and at the time of vote.

- E. Sanctions and Remedies. Any Board action favorable to a regent obtained in violation of this bylaw is voidable on behalf of the Board; provided that in any proceeding to void a Board action pursuant to this bylaw, the interests of third parties who may be damaged thereby shall be taken into account. Any proceeding to void a Board action shall be initiated within sixty (60) days after the determination of a violation under this bylaw. The Board may pursue all legal and equitable remedies and/or sanctions through the University's legal counsel. Any Board action imposing a remedy or sanction under this section must be initiated within one year after the action of the Board that is affected by a violation.

UNIVERSITY OF HAWAII SYSTEM

Legislative Testimony

Testimony Presented Before the
Senate Committee on Ways and Means
March 28, 2013 at 9:05 am
by
Howard Todo
Vice President for Budget and Finance
University of Hawai'i

HB 114 HD3 SD1 (Part II) – RELATING TO HIGHER EDUCATION

Chair Ige, Vice Chair Kidani, and members of the committee:

Thank you for the opportunity to testify in opposition to this measure.

HB 114 HD3 SD1 Part II proposes to transfer all procurements for construction, including consultant services necessary for such construction for the University of Hawai'i to the department of accounting and general services (DAGS).

This would mean that the University would not have the ability to prioritize, execute and administer the procurement of its construction contracts and consultant services related to its construction contracts. The University would no longer have the ability to direct resources necessary to ensure the timely procurement of construction contracts and consultant services related to construction contracts.

Currently, the University has \$206 million in major construction underway, \$229 million of major projects soon to be procured and \$187 million of health, safety, code, and repairs and maintenance projects in various stages of design and construction, for a total in excess of \$622 million. The University is statutorily required to and is operating in compliance with the procurement code and has demonstrated that it is quite capable of expeditiously procuring its own construction projects. We are concerned that removing the University's authority to procure its own construction projects will adversely impact the upcoming procurement of these projects. In addition, transitioning the functions of procuring construction projects for the University to DAGS will likely take many months during which these projects will be delayed.

Also, this measure would affect all construction at all UH campuses, including repairs and maintenance. Mānoa, Hilo and the Community Colleges have groups of people who currently procure for and control these projects. Should this measure be adopted, the functions of campus facilities management offices and the office of capital improvements, consisting of more than 40 people, would need to be done by DAGS. This would have a severe impact on the operations of those offices, and we are unsure as to whether DAGS has the personnel and resources to assume these functions at this time.

For these reasons the University is in opposition to this bill. Additional comments made by the University of Hawai'i in previous testimonies, while still valid and available for your reference, have been omitted in order to keep this testimony concise.

Thank you for the opportunity to testify on this measure.

Testimony of

Before the Senate Committee on Ways and Means
on HB 114, HD 3, SD 1
March 28, 2013 – 9:05 AM
State Capitol Conference Room 211

HB 114, HD 3, SD 1 – RELATING TO HIGHER EDUCATION

Chair Ige, Vice Chair Kidani, and Members of the Senate Committee on Ways and Means:

I am submitting written comments in strong opposition to HB 114, HD 3, SD 1. Both of my children are currently enrolled at the University of Hawai'i at Mānoa. I have also worked at the University for 27 years. My concern is that the actions in HB 114, HD 3, SD 1 are punitive and not in the best interest of the University and its students.

Part II of HB 114, HD 3, SD 1 states that “all procurements for construction, including consultant services necessary for such construction, shall be subject to the control of, and performed by, the department of accounting and general services on behalf of the university.” How will the involvement of DAGS improve the University? Is it the intent of the bill for DAGS to implement all UH projects?

There's an old saying: don't cut off your nose to spite your face. In that light, don't punitively damage the University. Doing so is unfair and will hurt students, researchers, instructors, staff, and others in the University of Hawai'i community. I encourage the Legislature to do what's right for the University of Hawai'i and defer this bill.

Thank you for the opportunity to submit testimony strongly opposed to this measure.

Testimony of
Ryan T. Kurashige
Before the Senate Committee on Ways and Means
on HB 114, HD 3, SD 1
March 28, 2013 – 9:05 AM
State Capitol Conference Room 211

HB 114, HD 3, SD 1 – RELATING TO HIGHER EDUCATION

Chair Ige, Vice Chair Kidani, and Members of the Senate Committee on Ways and Means:

Thank you for the opportunity to express my strong opposition to HB 114, HD 3, SD 1. I have been employed at the University of Hawai‘i for twenty-three years, but I offer this testimony as an individual.

My opposition to HB 114, HD 3, SD 1 is in regard to Part II of the bill which amends Section 304A-105 by stating that “all procurements for construction, including consultant services necessary for such construction, shall be subject to the control of, and performed by, the department of accounting and general services on behalf of the university...” My opposition is twofold:

1. Clarity is required on whether the actual project implementation will be done by the University of Hawai‘i or by the Department of Accounting and General Services (DAGS). As written, the “performed by” may be construed that the actual implementation of procurement actions will be the responsibility of DAGS. Depending on the intent of this legislation, the University has four facilities offices and approximately 50 employees that will be directly impacted at the University of Hawai‘i at Mānoa, University of Hawai‘i at Hilo, Community College System, and the System Office of Capital Improvements.
2. The proposed legislation hurts the University. It is irresponsible to remove the University from the professional services review/selection process for its facilities. The University is a diverse institution with many specialized facilities. Should Part II of this legislation be enacted, DAGS will be responsible for the selection of design teams for specialized facilities. DAGS may not be qualified to review these specialized needs. For example, complex research facilities require specialized mechanical systems, many of which are not typical in State office buildings.

It is important to note that prior to 2002, DAGS acted as the University’s Expending Agency for major capital projects. The Board of Regents chose to end the relationship with DAGS due to:

- A. The need for a more unified approach to capital project delivery.
- B. General lack of “ownership” of projects from DAGS.
- C. High priority projects need top level University management attention and project implementation teams.
- D. Repair and Maintenance projects need constant attention.

Thank you for the opportunity to submit testimony strongly opposed to this measure.
