HB1394

Submitted on: 2/7/2013

Testimony for WAL on Feb 8, 2013 08:30AM in Conference Room 325

Submitted By	Organization	Testifier Position	Present at Hearing
Mark Suiso	Individual	Support	No

Comments: Too much of the developed property in Hawaii is not capturing rainfall. The trend has been to divert rain fall and send to the Ocean asap. roof tops, paved driveways, roadways with curbs and gutters. I believe a tax credit for a reasonable period of time will help stimulate actions to retain rain.

Please note that testimony submitted less than 24 hours prior to the hearing, improperly identified, or directed to the incorrect office, may not be posted online or distributed to the committee prior to the convening of the public hearing.
