COUNTY COUNCIL
COUNTY OF MAUI
200 S. HIGH STREET
WAILUKU, MAUI, HAWAII 96793
www.mauicounty.gov/council

February 19, 2013

TO: The Honorable Sylvia Luke, Chair
House Committee on Finance

FROM: Gladys C. Baisa 
Council Chair

SUBJECT: **HEARING OF FEBRUARY 20, 2013; TESTIMONY IN SUPPORT OF HB 1424,
RELATING TO THE ACQUISITION OF RESOURCE VALUE LANDS**

Thank you for the opportunity to testify in support of this important measure. The purpose of this measure is to appropriate general obligation bonds for the Department of Land and Natural Resources, in consultation with the Hawaiian Islands Land Trust, to engage in efforts to acquire the parcel of land located at Lipoa Point.

The Maui County Council has not had the opportunity to take a formal position on this measure. Therefore, I am providing this testimony in my capacity as an individual member of the Maui County Council.

I support this measure for the following reasons:

1. By Ordinance 4004 (2012), the Maui Island Plan was adopted as part of the Maui County General Plan. The Maui Island Plan establishes, for the first time, urban and rural growth boundaries on the island of Maui. The Maui Island Plan also identifies areas that should be permanently protected because of their significant environmental, ecological, cultural, and recreational value, and because degradation of the resource would result in an irretrievable loss. During its deliberations on the Maui Island Plan, the Council heard from hundreds of testifiers pleading with the Council to identify Lipoa Point for permanent protection. Unfortunately, the Council was only comfortable identifying the immediate coastal areas of Lipoa Point and Honolua Bay for protection because these lands are already in the State Conservation District. The Council did not want to identify the other lands at Lipoa Point and Honolua Bay for permanent protection because of the potential devastating consequences on more than 1,600 retirees of Maui Land & Pine, whose pensions may be jeopardized by the potential devaluation of the property.
2. Due to economic conditions, Maui Land & Pine stopped pineapple operations in 2009 and was forced to lay off workers. Because of the reduction in active employee participation in the pension plan, the company posted approximately 1,400 acres in West Maui as collateral in April 2011. The land remains collateralized today. When the company ended its golf operations in March 2011, the loss of additional active employees participating in the pension plan triggered the requirement of additional security. Maui

Honorable Sylvia Luke, Chair
February 19, 2013
Page 2

Land & Pine is relying on Lipoa Point and over 5,300 acres mauka of Honolua to secure the additional unfunded retirement liability.

3. Since 2007, the Mayor and Council have consistently pledged \$1 million for the acquisition of land at Lipoa Point, but we cannot do it alone. We need partners from the State and Federal Government, and from concerned community groups to ensure the preservation of Lipoa Point in perpetuity.

For the foregoing reasons, I support this measure.

LATE TESTIMONY

To: State of Hawaii
Committee on Finance

RE: HB1424 Relating to the Acquisition of Resource Value Lands

To whom it may concern,

The Surfrider Foundation, Maui Chapter, on behalf of its Executive Board and general members, would like to formally register its support of HB1424, a measure directing DLNR, in consultation with the Hawaiian Islands Land Trust, to engage in efforts to acquire the parcel of land at Lipoa Point.

Honolua Bay, as well as the surrounding marine areas, has long been recognized by the State of Hawai'i, and particularly by the residents of Maui County, as an important ecological, cultural, recreational and economic resource. While today Honolua is best known for its iconic surf and excellent diving and snorkeling, its rich cultural and natural history long precedes modern-day Hawai'i. Honolua is cherished and valued by locals and visitors alike, and its preservation has rallied the support of numerous community groups and hundreds of individuals.

While ML&P has graciously extended public access to the area, the high volume of public traffic and activity has raised serious issues, including the need for annual grading of the parking access road, installation of day-use moorings, maintenance and upkeep of surrounding land and installation of port-o-potties. The onus to provide solutions to these issues has fallen most heavily on local, grass-roots organizations, including the Surfrider Foundation, who have dedicated an incredible amount of time and resources to the maintenance and care of Honolua Bay.

Although we have made great strides in enhancing the overall environmental and natural quality of the Honolua Bay area, the fact that Lipoa Point remains in the possession of ML&P severely undermines efforts of all parties to create and implement a comprehensive, long-term management plan.

Honolua Bay is a biological, cultural and community centerpiece on the island of Maui. Proper and effective management of this area will benefit the entire watershed through increased water quality and enhanced reef ecosystems, while also ensuring public access and creating a lasting cultural legacy.

By appropriating funds to acquire the Lipoa Point TMK, HB1424 represents an important step towards the effective and sustainable preservation of the Honolua Bay area, yet also provides ML&P with money for their pensioners. HB1424 is an opportunity to benefit all parties, while conserving one of the most esteemed places in all of Hawai'i.

On behalf of Honolua Bay, we urge you to support HB1424.

Sincerely,

The Surfrider Foundation, Maui Chapter
Executive Board

HOUSE OF REPRESENTATIVES
THE TWENTY-SEVENTH LEGISLATURE, 2013
STATE OF HAWAII

NOTICE OF HEARING

DATE: Wednesday, February 20, 2013
TIME: 2:00 P.M.
PLACE: Room 308
State Capitol
415 South Beretania Street

RELATING TO THE ACQUISITION OF RESOURCE VALUE LANDS.

HAWAII STATE LEGISLATURE SUPPORT FOR HB 1424

Aloha Chairs of the Committee:

I am in strong support of Bill HB 1424, to support the purchase of Lipoa Point-Honolua by appropriating general obligation bonds with the Department of Land and Natural Resources in consultation with Hawaii Islands Land Trust to protect and preserve Honolua and the connecting shoreline area in perpetuity.

A Treasured Area: Honolua has been a treasured area throughout the ages, with cultural, historical and environmental significance.

- **Cultural and Historic:** In 1776, Hōkūle‘a voyaging canoe first made it’s historical journey led by Captain Elia David Kuꞑualoha "Kawika" Kapahulehua* and Navigator Pius "Mau" Piailug, from Honolua Bay, Maui to Papeꞑete, Tahiti.
- **Environmental Significance:** In 1978 the State of Hawaii declared Honolua-Mokuleia a Marine Life Conservation District and since then biological and ecological studies of the Honolua Bay reef have been ongoing for more than 33 years.

Rich in Biodiversity: “Fish survey data collected by the CRAMP from 1998 showed that among 60 reefs, their survey site on the north reef at Honolua North ranked 3 in species richness, 49 in density, 30 in biomass, and 3 in diversity” (Chaston and Oberding, 2007). Spinner dolphin shoals; bottlenose dolphin; humpback whale mother and calves are commonly seen at the mouth of the bay; and a large congregation of the Green Sea Turtles is also commonly seen at a “cleaning station” in the center of the bay.

Attributes to Tourism: Honolua contributes significantly to the State’s marine tourism industry (which earns approximately \$800 million per year) with 1000 visitors per day during the summer season for snorkeling and diving and winter visitors attending the lookout to watch the local & pro surfers enjoying the winter swell. Visitors come to Maui to enjoy the natural beauty of the island. We need to maintain open space to ensure a sustainable tourism industry.

Honolua value is intrinsic to the hawaiian people, local residents, visitors and a host of native-endemic species of plant and animal life that have made Honolua their home. Please secure State support for these valued lands for our future generations.

Mahalo,

Ananda Stone
1595 Kuuipo St.
Lahaina, Hi. 96761

HB1424

Submitted on: 2/19/2013

Testimony for FIN on Feb 20, 2013 14:00PM in Conference Room 308

Submitted By	Organization	Testifier Position	Present at Hearing
John Carty	Save Honolua Coalition	Support	Yes

Comments: My Name is John Carty and I live on Maui. I'm the v.p. of the Save Honolua Coalition and I speak on behalf of our organization. We support HB 1424. We are working together with the land owner, Maui Land & Pineapple, Hawaiian Islands Land Trust, Aha Moku, Mayor Arakawa and the County Council. I come to you with a sense of urgency. Many factors are coming together to make now our best chance to Save Honolua and create a win-win solution for all involved. The unstable financial condition of the land owner, Maui Land & Pineapple Company looms over the open space of Honolua like a dark cloud. About 5 1/2 years ago MLP withdrew plans for development at Honolua after overwhelming testimony from the community including over 19,000 physical signatures to the Save Honolua Coalition petition against development for this area. Since then, we have been exploring different ways to preserve the land while taking steps towards cleanup and revitalization with the landowner and various groups. I don't like to imagine what would happen if they were to fall and we had to deal with the highest bidder. There are many reasons why it is crucial to Save Honolua with a land trust. And while it is enough to do it just because it is Honolua, I will mention more. First: Revenue. Honolua is what the tourist love and it is the star attraction in West Maui where the majority of luxury high end Maui Hotels are. Its snorkeling, open space, and wild beauty are the essence of what brings visitors and revenue to our State. During the summer and other peak days, our studies conclude that over 1000 people access Honolua Bay by land and sea. Second: The environment, which some say is the economy. The reef is slipping fast. This study reveals that there used to be 45% coral cover in the Bay in 1995 and 10 years later there was below 9% this is alarming. After the latest development in our Ahupua'a several years ago, events like this started happening (show mud flow picture). This runoff has been devastating. We must make certain that this does not happen again. Third: The community. Honolua is beloved by the people of Maui for reasons too many to mention. Surfing is a big one. It is known as "The Bay" and loved world wide by surfers for its perfect shape. Our West Maui shoreline is filled with Hotels, Restaurants, and private homes from Pua'mana all the way to Kapalua. Honolua is the first open space and the playground and sanctuary for our people. And fourth, the most important reason, is the culture. The harm done to our host culture and its people by development and western land practices is unimaginable. We can, through this bill, Save this area so that future generations of Hawaiians can connect to this sacred land of their ancestors. In 1976 the Hokulea launched from Honolua on her maiden voyage. There are many important cultural sites in the area including heiau, burials, holua slide, kings trail, and so on. I am lucky to be friends with a few kupuna from the area and i wish they could be here today to tell you the deep spirituality and sacredness of Honolua. And maybe they would tell you what they have told me... "We are counting on you to save it." So please support HB 1424 and help the Save Honolua Coalition, Maui Land & Pineapple, Hawaiian Islands Land Trust, and the people of

Maui to Save Honolua Forever. Mahalo.

Comments: Yes on HB 1424! Maui is, simply stated, heaven on earth. My family has fallen in love with the island, it's people, it's beauty, it's spirit. My family comes to Maui at least once per year and I have personally encouraged a dozen people to visit in the past 2 years. Honolua is our favorite location, and is the very embodiment of these things, it must be protected. So much of what is true Hawaii is lost, please please protect this bay. Submitted By	Organization	Testifier Position	Present at Hearing
Tamara Paltin	Save Honolulu Coalition	Support	No

Comments: My name is Tamara Paltin, I am the President of a 501c3 non-profit, Save Honolulu Coalition. Our organization is in full support of HB1454, Honolulu Bay and the area commonly referred to as Lipoa point but traditionally known as Kulaokaea holds tremendous resource value for the state of Hawaii. The value is in the open spaces and public access which would be lost if this area was allowed to be developed. Our community has been speaking out to maintain open space at Kulaokaea for many years and there is now a rare opportunity with a landowner willing to sell this valuable parcel, a successful land trust willing to take on the land and all proceeds being dedicated to unfunded pensioner liabilities - ILWU, etc. This bill will allow us to save an area that has so much meaning and has yet to be tainted by private, commercial development. Future generations can learn that Honolulu is one of the famous bays of Piilani (Na Honoapiilani) and it is still in a natural state. It has a literal meaning of the "two bays" and a kaona meaning of the "fighting bay" the next bay North Honokohau was documented to be a major food source in the area and Honolulu may have been the area where our ancestors stood to protect those resources, the area where we stand today to protect our natural resources from development. Once the area is developed it will never be the same and this bay is so unique because it is the most sheltered from prevailing trade winds making it ideal for all manner of aquatic activities, which would be threatened if development were allowed to occur. In the seventies, the former major landowner of the area realized what a special place Honolulu is and with the help of the community created the Honolulu Bay – Mokuleia marine life conservation district. However, no protection was given to mauka lands and so because of development and past harmful agricultural practices the ecosystem of this area has been in decline. Even though the area is not as pristine as it was decades ago it is still beloved by many and if the community is given the opportunity to take care of this parcel with the guidance of the aha moku council it could become a model for the future of land conservation with respect to culture in Hawaii. Honolulu Bay is also a major revenue source for our state regardless of season or weather hundreds if not thousands of visitors come to experience the beauty that is Honolulu; a beauty that we hope to perpetuate and continue to share. Mahalo for your support Tamara Paltin, President Save Honolulu Coalition

Comments: I live in California and have seen first hand how presented progress has changed the landscape on this once beautiful state forever. Honolua is one of the pristine areas left on easily accessible west side of Maui and all effort should be afforded to keep the area naturalized for future generations that will respect and cherish our lands for what they were and are and not what they can be for only a select few. Hopefully the message gets through. Thank you for listening.

Comments: Good Morning: I am from Beaverton, Oregon and have visited Honolua many times. To me it is one of the most pristine places on our planet. Even though I am over 2,500 miles away from Honolua and do not get there on a regular basis I strongly support the Hawaii House and legislature passing HB 1424 to purchase the lands around Honolua bay for preservation and future generations. Thank you for considering the comments from someone on the mainland.

Comments: Honolua is important to the community, cultural sites, and the surrounding marine and terrestrial ecosystems. Please preserve our island sites, some should remain wild and untouched. It is the reason Maui is the preferred island. We keep balance. Lets continue unspoiled, with a developed, evolved community that has respect for our natural wonders. We have a choice to preserve our special places for all. Mahalo!

LATE TESTIMONY

Ashleigh Gay

Honolua Bay is more than just a surf spot, it is home to endemic fish, spinner dolphins, ancient Hawaiian Culture sites, and most of all it is apart of our community. Honolua Bay is one of the most beautiful places I have been in the world. It needs to be protected and passed down generations. The waters need to be kept pristine and the animals protected. Development happens but there are places that just need to be kept off limits. Maui isn't Oahu we need to keep Maui local and intimate, if people want to build more condos and hotels do it somewhere else. We need to keep Honolua Bay at the forefront of land preservation, as a success story. Please help keep our Bay the way that it is.

Comments: We are so happy to lend our support to measure #HB 1424. Maui is our second home, particularly the area of Napili and West Maui. The Honolua area captured our hearts many years ago. The pristine beauty and the rich cultural history is something worthy of preservation. The proposed bill is supported by the Hawaiian community as well as many of those like ourselves who see the value of caring for this majestic area. Protecting Honolua is a benefit to the Hawaiian community, to the cultural sites found there and to the delicate ecosystems which are already threatened. I urge you to get behind this measure and cast your vote in support of HB 1424.

Comments: I am not a U.S. citizen or a resident of Hawaii. As a visitor only, I believe that revoking marine sanctuary status of this area could cause irreversible damage to the coral off shore, and in turn affect other marine life. Many visitors such as ourselves enjoy the marine life of this area, and we would recommend retaining protected status of the area.

Comments: Please vote YES on HB 1424. This issue is and has been very important to many people for many years. Supporters have rallied, raised money, protested, protected, cleaned, maintained, worshiped and enjoyed this land for a very long time. It is a sacred place and should be treated as such. Please do not turn your back of the people you represent. Please support HB 1424. Mahalo and Aloha.

Comments: YES on HB 1424! Please acquire the lands at Lipoa Point! The west Maui community would be so happy to preserve that area from future development. It means so much to keep it pristine and the same as always! We need to protect the reef for our future generations and development will not help do that! This area is so special to the locals and visitors and gives West Maui a little bit of "real Hawaii!" Please help to acquire the land and keep it preserved the way it is! Mahalo.

LATE TESTIMONY

HB1424

Submitted on: 2/20/2013

Testimony for FIN on Feb 20, 2013 14:00PM in Conference Room 308

Submitted By	Organization	Testifier Position	Present at Hearing
Sarah V Raisbeck (Sally)	Individual	Support	No

Comments: Please vote YES on this measure, it will protect a very important area on Maui, and preserve public access to a world-famous surfing spot.

Please note that testimony submitted less than 24 hours prior to the hearing, improperly identified, or directed to the incorrect office, may not be posted online or distributed to the committee prior to the convening of the public hearing.

Comments: Aloha, As a resident and tour guide professional, I am in support of this bill and the preservation of Lipoa point and Honolua bay. This area is clearly the last undeveloped shoreline on Maui's west side, the pristine unspoiled reefs and aquatic life are unparalleled on that side of the island. During my tours I often am asked by tourists if the area will be protected. In an island where our economy is driven by tourism, we need to consider areas such as this for preservation and conservation as it is of great value to our guests who have traveled far to reach paradise.. This area also has a great value to our future generations of Maui keiki. It deserves either land trust or park designation as to preserve its future for the children of Maui to grow up seeing what protected and unspoiled coastline looks like. Please support our efforts to preserve Honolua bay and Lipoa point. Mahalo nui loa, John Franey

Comments: Please preserve the land surrounding Honolua Bay! What will Maui have to offer if you don't. This is one of the most beautiful places on the island, please don't destroy it.
