Comments: HB 191 Hello Legislators, I think this is the year of reckoning and that you need to start applying yourselves with more critical thinking. You can start with the clause in the Hawaii State Constitution on Population control. We are, simply speaking, faced with carrying capacity violations and cumulative impacts which up to now you have chosen to ignore. In fact, you are proposing to add to this problem by squeezing the last bit of Hawaii that remains to give it over to foreign national development. Hawaii is not your private cash cow. It is time to stop. Take the 'private' 'partnership' 'PLDC' 'HCDA' out of development in Hawaii. These entities are admissions of failure. There is nothing creative about them. When will this legislature ever get it? We don't need anymore of the development that you are planning for the purposes of exploitation and revenues because those revenues are a pay-out to some APEC nation. The resources that China wants so badly you are ready and willing to hand over for free. Hawaii is not yours to give away. Abercrombie has made some promises he has to keep at the expense of the protection of Hawaii and can rightfully be called a sell-out expecting you to buy his lies. Hawaii needs you to step aside and let the kanaka and residents take care of maintenance and perpetuation of the life of the lands. Please refer to the Poli Hale bridge on Kauai (as a meager example) that Lingle said would cost several million dollars and several years to repair but was accomplished by a handful of residents for a few dollars in a very short time. Are you still trying to convince us that we need your decisions when it is this state legislature's failures that have us in these messes now? Because of greed and knee jerk fix-its due to lazy thinking. If you expect me to be nice and pleading in my comments, you are expecting too much. Step up to the plate for a change and you will get more praise from me than anyone.

Comments: DLNR Boating management should be replaced with qualified individuals that care about Hawaii's resources.

Speaking in Support

RE: HB 191

Chair Representative Evans, Vice Chair Representative Lowen and Members of the Water & Land Committee:

My name is James E. Coon, President of the Ocean Tourism Coalition (OTC) Hawaii's State-wide organization. We represent the 300 Small Commercial Passenger Vessels operating out of State Harbor facilities. We speak in **Support of HB 191**

Hawaii's Small Boat Harbors need all the help they can get. If HCDA is in a position to assist in any way we see it as a benefit.

Thank you for the opportunity to submit testimony. If you have any questions, please contact me at 808-870-9115.

Sincerely,

James E. Coon, President

Aloha Kakou,

While on Oahu last week, I attended 2 HCDA public meeting having to do with Kewalo Basin, and became aware of 2 facts,

1. HCDA's management company is leasing out condemned docks at market rates, and not fixing them.
2. HCDA has no account of their fiscal stream for the last year, and the report is more than 9 months overdue.

These 2 items are enough for me to say no new contracts fro HCDA. Please find a better way to manage the Hawaiian harbors, one that serves the public, who are the owners of these precious resources. Vote no on HB 191, and vote yes for the people of Hawaii.

A hui hou malama pono,
Simon Russell
Maui Island Resident
