THE DEPARTMENT OF THE ATTORNEY GENERAL  
TWENTY-SEVENTH LEGISLATURE, 2013**

**LATE TESTIMONY**

**ON THE FOLLOWING MEASURE:**

H.B. NO. 343, H.D. 2, PROPOSED S.D. 1, RELATING TO GAMBLING OFFENSES.

**BEFORE THE:**

SENATE COMMITTEE ON JUDICIARY AND LABOR

**DATE:** Tuesday, April 2, 2013

**TIME:** 9:30 a.m.

**LOCATION:** State Capitol, Room 016

**TESTIFIER(S):** David M. Louie, Attorney General, or  
Laura Maeshiro, Deputy Attorney General

Chair Hee and Members of the Committee:

The Department of the Attorney General supports the H.D. 2 of the bill, but strongly opposes the proposed S.D. 1.

The purpose of the H.D. 2 of the bill is to clarify the gambling laws to provide that gambling activities offered incident to the purchase of good or services constitute gambling. This clarification is in response to a recent trend, referred by some as "electronic sweepstakes" in which participants make purchases of goods or services that entitle the purchaser to participate in gaming activities on machines that offer payouts and otherwise constitute gambling. The clarification adds to the definition of "something of value" to address this gambling conduct.

The proposed S.D. 1, however, appears to create an exception to our gambling laws that would allow the very same gambling conduct intended to be addressed by the H.D. 2. The proposed S.D. 1 labels this conduct as a "bona fide business game promotion," and then expressly excludes it from "gambling." This creates an inconsistency with the proposed amendment, contained in both the H.D. 2 and the S.D. 1, redefining "something of value" by adding the following to money or property:

- (c) Any purchase of an item or service that entitles a person to participate in a gambling scheme or use a gambling device; or
- (d) Any entries, credits or play points that extend or permit the privilege of playing a game of chance without charge.

A business conducting bona fide business transactions valid under the law of contracts is already excluded under section 712-1220(4) of the Hawaii Revised Statutes (HRS).

The proposed “bona fide business game promotions” exclusion appears to be based on the premise that any bona fide activities or conduct tied to promoting a company’s product justifies gambling conduct.

Gambling is illegal in Hawaii. Any criminal offense and especially its exceptions within the penal code need to be clear and concise to afford proper notice to the public and also to be effective for enforcement. Creating exceptions, absent a compelling reason, compromises the law and may lead to various interpretations or conduct to get around criminal culpability. This is especially true for gambling laws, as people contrive various schemes to get around the gambling laws. Ultimately, however, law enforcement and the courts usually find that the schemes violate the laws.

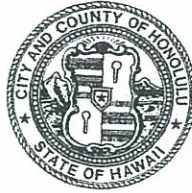

Accordingly, the Department of the Attorney General respectfully opposes the proposed S.D. 1, and request that the bill in its current form be passed.

Dear Chair Hee and Members:

Subject: House Bill No. 343, H.D. 2, Relating to Gambling Offenses

I am Gregory T. Lefcourt, Assistant Chief of the Honolulu Police Department, City and County of Honolulu.

The Honolulu Police Department supports House Bill No. 343, H.D. 2, Relating to Gambling Offenses.

Over the last several years, new gambling devices have arrived in Hawaii. The manufacturers use gimmicks to claim these "sweepstakes" machines are legal when in fact they violate current gambling statutes.

Passage of this bill would address this latest generation of gambling machines by clarifying the existing law. It would serve to ensure that businesses and the general public do not fall prey to those promoting the sale and use of such gambling devices.

The Honolulu Police Department urges you to support House Bill No. 343, H.D. 2, Relating to Gambling Offenses.

Thank you for the opportunity to testify.

Dear Chair Hee and Members:

Subject: House Bill No. 343, H.D. 2, S.D. 1, Proposed, Relating to Gambling Offenses

I am Gregory T. Lefcourt, Assistant Chief of the Honolulu Police Department, City and County of Honolulu.

The Honolulu Police Department opposes House Bill No. 343, H.D. 2, S.D. 1, Proposed, Relating to Gambling Offenses.

The additional language added to House Bill 343, H.D. 2, S.D.1, Proposed, is not in line with the original intent of the bill, which is to clarify Hawaii's already strong gambling laws. This draft contradicts the original bill by creating an exception to the statute that would legalize the very machines the bill was intended to address.

Furthermore, House Bill No. 343, H.D. 2, S.D. 1, Proposed, Relating to Gambling Offenses, is almost verbatim from the testimony provided by Matthew Matsunaga, Esq., for previous drafts of this bill. Mr. Matsunaga represents PJY Enterprises, a distributor of sweepstakes machines, which is involved in an ongoing Federal Court case being heard by United States District Court Judge Leslie Kobayashi. Judge Kobayashi has already stated that these machines appear to be gambling devices. The passage of House Bill No. 343, H.D. 2, S.D. 1, Proposed, Relating to Gambling Offenses, will undermine Hawaii's gambling laws and further confuse innocent parties regarding the legality of these activities.

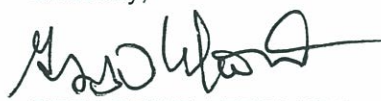

The Honolulu Police Department strongly urges you to oppose House Bill No. 343, H.D. 2, S.D. 1, Proposed, Relating to Gambling Offenses.

Thank you for the opportunity to testify.

RE: H.B. 343, H.D. 2, Proposed S.D. 1; RELATING TO GAMBLING OFFENSES.

Chair Hee, Vice-Chair Shimabukuro, and members of the Senate Committee on Judiciary and Labor, the Department of the Prosecuting Attorney of the City and County of Honolulu ("Department") submits the following testimony in **opposition to H.B. 343, H.D. 2, Proposed S.D. 1.**

The Proposed S.D. 1 would basically legalize gambling, by allowing "business game promotions" that use "gambling schemes" and "gambling devices." Such schemes and devices have already been found to be gambling in other states, and it is very likely that our own courts will soon find the same. The Department is strongly opposed to legalized gambling in Hawai'i.

While the proposed changes—and the gambling schemes they address—may seem innocuous, H.B. 343, H.D. 2, Proposed S.D. 1, would present a complete shift in policy on gambling, and essentially open Hawai'i to the attentions and influences of the gambling industry at large. Today's gambling industry is more sophisticated than ever, and continues to look for ways to chip away at Hawai'i's gambling laws. The proposed language could essentially nullify our current gambling prohibitions as they relate to all types of gambling devices, and expose Hawai'i to all forms of "vice" that come with legalized gambling.

Numerous studies and examples from other states have shown that legalized gambling leads to significant increases in crime and "vice" activity. Such a change would not only be contrary to the "family-friendly" image that Hawai'i portrays to the world, but—more importantly—contrary to our overall public safety and welfare.

As the Committee is likely aware, the Department is currently involved in litigation regarding specific forms of "gambling." Just recently, on February 28, 2013, United States

District Court Judge Leslie E. Kobayashi issued a preliminary decision, ruling that the subject devices are illegal gambling devices. Because the Proposed S.D. 1 attempts to carve out exceptions specifically related to the pending federal court litigation, the Department respectfully asks that the Committee allow the court process to move forward, and decline to make any changes to the gambling laws at this time.

The Department strongly believes that Hawai'i's current gambling laws provide a good balance between protecting the interests and safety of the public, while at the same time providing reasonable and sufficient exceptions. The gambling laws do not require any further amendments, and certainly not prior to the court's ruling on these legal matters.

Although the Department supports the expansion of Hawai'i's economy, the changes proposed in H.B. 343, H.D. 2, Proposed S.D. 1, simply pose too great a risk to public safety and welfare; the benefits would not be worth the ultimate "cost" to our communities. The proposed changes would be a drastic shift in policy, by legalizing gambling in Hawai'i.

For all of the foregoing reasons, the Department of the Prosecuting Attorney of the City and County of Honolulu strongly opposes H.B. 343, H.D. 2, Proposed S.D. 1. Thank you for the opportunity to testify on this matter.

Honorable Chair Hee, Vice-Chair Shimabukuro, and Members of the Senate Committee on Judiciary and Labor, the Office of the Prosecuting Attorney, County of Kaua'i submits the following testimony in opposition to HB 343, HD 2, Proposed SD 1.

HB 343, HD 2, Proposed SD 1, proposes to except "bona fide business game promotions" in the form of "sweepstake slot machines." In the past, the Hawai'i State Legislature has rejected any form of gambling within the State of Hawai'i due to the negative impacts it would pose as it relates to increased crime and the potential for pathological gambling.

In addition to that, there is no mechanism or agency in place to assure that the games are indeed fair and operate using random results.

For these reasons we are in opposition to HB 343, HD 2, Proposed SD 1, and ask that the measure be HELD. Thank you for the opportunity to testify on this matter.

Chair Hee, Vice Chair Shimabukuro and Members of the Committee:

The Department of the Prosecuting Attorney, County of Maui, OPPOSES the passage of HB 343, HD 2, Proposed SD 1, Relating to Gambling Offenses.

HB 343, HD 2, Proposed SD 1 proposes to except "bona fide business game promotions from gambling." We oppose this attempt to circumvent the gambling law. When the perceived proponent of the Proposed SD 1 testified before the House Committee on Judiciary on this bill, the proponent suggested the amendments as set forth in the Proposed SD 1. The proponent referred to "Publishers Clearing House, Reader's Digest Sweepstakes, Pepsi Billion Dollar Sweepstakes and McDonalds Monopoly." However, those games allow the customer to risk what the customer won, i.e., get more money or a better prize at the risk of losing the money/prize put at stake for the opportunity for the "upgrade." This is exactly what the proponent's machines allow the "customers" to do, which is actually gambling - "stakes or risks something of value upon the outcome of a contest of chance or a future contingent event not under [the player's] control or influence, upon an agreement or understanding that [the player] or someone else will receive something of value in the event of a certain outcome."

RE: House Bill No. 343, HD 2 – RELATING TO GAMBLING OFFENSES

Dear Chair Hee and Members of the Committee:

The Maui Police Department **supports** HB 343, HD2, Relating to Gambling Offenses.

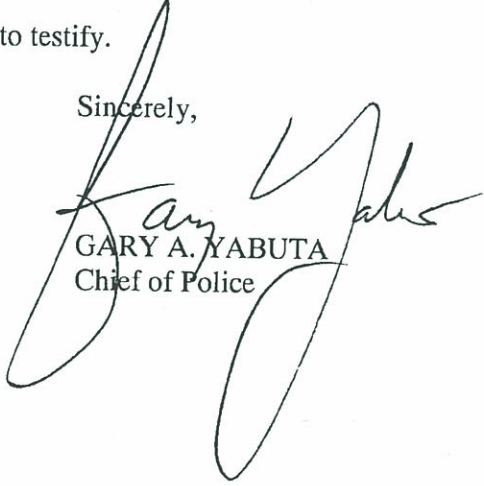

The passage of this bill will clarify Hawaii's gambling laws, to include new equipment and activities which are trying to bypass older state definitions of gambling.

The Maui Police Department is NOT in support of H.B. 343, HD2, SD1, PROPOSED, as the amendments proposed counter the original bill and causes the gambling definition to be less clear, more difficult to regulate and creates potential loopholes for gambling activity to be promoted.

The Maui Police Department is in SUPPORT of H.B. 343, HD2, but **OPPOSES** H.B. 343, HD2, SD1, PROPOSED.

Thank you for the opportunity to testify.

**TESTIMONY**

Chairperson Hee, Vice Chair Shimabukuro and Committee Members:

The League of Women Voters supports HB343, HD2. This bill effectively clarifies the definition of sweepstakes gambling.

Many incidents across the state have demonstrated the willingness of vendors to circumvent the law, a law which clearly indicates that any form of gambling is illegal in Hawai'i. The resulting situation creates a challenge for law enforcement and an enticement to the public, particularly to young people, to engage in illegal activity. HB343, HD2 addresses these problems.

At the same time, the League of Women Voters opposes HB343, HD2, SD1. The description of HB343 reads: *Amends a definition in the gambling law to provide that gambling activities offered incident to the purchase of goods or devices or any entries, credits, or play points that extend or permit the privilege of playing a game of chance without charge, constitute gambling.* The proposed SD1 provides a loophole which negates the effects of HD2. In effect, SD1 contradicts the intent of HB343 by presenting an exception for certain types of sweepstakes gambling claiming to be bona fide business promotions. There should be no exceptions.

If HB343, HD2, SD1 goes into effect, law enforcement will face even greater challenges, and Hawai'i will see the proliferation of illegal sweepstake operations.

We urge you to support HB343, HD2, and vote against HB343, HD2, SD1.

Thank you for taking my testimony.

Mahalo for the opportunity to testify in support of this measure. I am Eva Andrade, representing the Hawaii Family Forum. Hawaii Family Forum is a non-profit, pro-family education organization committed to preserving and strengthening families in Hawaii, representing a network of various Christian Churches and various faith groups. We support HB 343 HD2 that clearly defines gambling activities on machines that offer payouts.

As you may already know, Hawaii Family Forum has been consistently opposed to any form of legalized gambling in the state. We remain proud that Hawaii is among only two States (Utah is the other one) in the nation where all forms of gambling remain illegal. Over the last several years, new gambling devices have arrived in Hawaii. The manufacturers of these machines use very creative ways to make the claim that these "sweepstakes" machines are legal when in fact they violate current gambling statutes.

As part of the Hawaii Coalition Against Legalized Gambling, we support HD2 because we want to ensure that any promotion of gameplay on machines that offer "payouts" are clearly classified as gambling so there is no confusion in establishments that promote these illegal activities.

**LATE TESTIMONY**

I am Walter Yoshimitsu, representing the Hawaii Catholic Conference. The Hawaii Catholic Conference is the public policy voice for the Roman Catholic Church in the State of Hawaii under the leadership of Bishop Larry Silva. We support HD2 that clearly amends definitions in the gambling laws to address gambling activities offered incident to the purchase of goods or services.

Unfortunately, there are establishments right here in Hawaii that allow gameplay on machines that offer some form of payout and then make the claim that this is not a form of electronic gambling. These seemingly innocent machines, we believe, are a stepping stone to legalized gambling in Hawaii. Increasing the penalties for using them will help protect our community from the social problems that stem from legalized gaming. HD2 did just that!

In sharing the Catholic theological perspective on gambling, we are very concerned about all aspects of the issue that would make specific pieces of gambling legislation acceptable. We believe that the promotion of the common good of society and the protection of individual rights should always be the primary goal of public policy. Accordingly, the potential negative consequences of an expanded "culture of gambling" needs to be carefully evaluated.

Having said that, we support HD2 because we want to make clear that utilizing any form of electronic means, including a computer for sweepstakes, is illegal and remains so. The proposed SD1 does the complete opposite and therefore we do not support the new version (SD1).

Mahalo for the opportunity to testify.

I represent PJY Enterprises, LLC, a local small business that distributes the Products Direct Sweepstakes terminals. These are legitimate promotions for legitimate products (similar to Publishers Clearing House, Reader's Digest Sweepstakes, Pepsi Billion Dollar Sweepstakes and McDonalds Monopoly), and are designed to generate enthusiasm and entice customers to enter games of chance that are tied to creating awareness of and purchasing Hawaii products, such as coffee, sunglasses, t-shirts, etc. HB 343 HD2 actually criminalizes any business promotion that involves free entry into a game of chance with the purchase of an item or service. This would likely criminalize well known and well established promotions, such as McDonalds Monopoly, Publishers Clearing House, Reader's Digest Sweepstakes, Times Supermarket Sweepstakes (see attached), Zippy's and FHB's Sweepstakes (see attached) and other local contests. HB343 HD2 is a misguided attempt to eliminate alleged "gambling" activities – akin to trying to kill cockroaches with a shotgun.

I applaud the Committee for proposing SD1, which is a thoughtful approach to provide law enforcement the statutory tools to target illegal gambling activities masquerading as sweepstakes promotions, while giving a safe harbor to legitimate business promotions. Specifically SD1 seeks to criminalize those promotions that are not connected with legitimate products or services and do NOT comply with the following requirements:

(a) The game promotion is conducted or offered in connection with the sale, promotion, or advertisement of a bona fide product or service, or to enhance the brand or image of a

Zippy's and FHB do not assume any responsibility for lost, late, illegible, incomplete, misdirected or insufficient postage-due entries that are disqualified.

**4) SWEEPSTAKES DRAWING:** Four weekly drawings will be held on September 10th, 17th, 24th, and October 1st 2012. One winner per drawing (total of 4 winners) will be selected from among all eligible entries received during each

of the Week 1, 2, 3 and 4 Periods. Each person is only eligible to win once during the Sweepstakes Period. All four (4) drawings will be random drawings conducted by an FHB representative, whose decisions in all matters shall be final. Odds of winning are dependent upon the total number of eligible entries received.

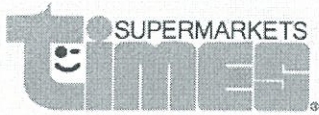

**5) PRIZE DESCRIPTION:** Four (4) weekly prizes will be awarded. The weekly prize will be a gift certificate from Vacations Hawaii valued at \$1,500.00 and will be awarded to the winner once eligibility is verified. Some restrictions may apply. Prizes are non-transferable and no substitutions are allowed unless specifically allowed by these Official Rules. Taxes, if any, are the sole responsibility of the individual winners. After October 1<sup>st</sup> 2012, to obtain the names of the winners, send a self-addressed stamped envelope to: FHB & Zippy's Sweepstakes Winner Information Attn: First Hawaiian Bank - ATM Management, PO Box 1959, Honolulu, HI 96805. Winners' list will be sent after winners have been verified and prizes have been awarded.

**6) GENERAL CONDITIONS:** By participating in this promotion, you agree to be bound by these Official Rules and the drawing's selection process. Winners will be required to complete, sign and return an affidavit of eligibility and a liability release. Winners will be notified by telephone or mail. All winners must call First Hawaiian Bank ATM Management at (808) 844-3091 and confirm eligibility within 48 hours of being notified of the prize. All winners must validly claim their prize within 7 calendar days of being notified. If a winner is selected as a result of an ATM withdrawal or cash advance from an account with multiple names, and a dispute arises regarding the identity of the entrant, the primary individual owner of the account (as indicated on the account information on file with the financial institution) will be deemed the winner. In the event of noncompliance with these requirements, a winner will be deemed ineligible and an alternate winner will be selected. All winners grant FHB and its affiliates the right to use the winners' names, addresses (city) and/or likeness for publicity and promotional purposes relating to the drawing without further compensation, notice or consent, in any and all forms of media, unless prohibited by law. If a winner refuses to allow his/her name, picture, or likeness to be used for promotional purposes as determined by FCH Enterprises, Inc or First Hawaiian Bank, the winner will be ineligible to win and an alternate winner will be selected. By entering the Sweepstakes, you release and agree to hold harmless FHB, and its parent company, affiliates, subsidiaries, advertising and promotion agencies and their respective directors, officers, employees, representatives and agents, and FCH Enterprises, Inc and its affiliates, subsidiaries, advertising and promotion agencies and their respective directors, officers, employees, representatives and agents, from any and all liability for any injuries, loss or damage of any kind to person, including death, and property, arising in whole or in part, directly or indirectly, from acceptance, possession, use or misuse of the prize, participating in this Sweepstakes promotion.

**7) OPT OUT:** IF YOU DO NOT WISH TO RECEIVE NOTIFICATION OF OUR FUTURE SWEEPSTAKES PROMOTIONS, PLEASE NOTIFY FIRST HAWAIIAN BANK, IN WRITING, AT: First Hawaiian Bank, Attn: ATM Management. PO Box 1959 Honolulu, HI 96805.

**8) SPONSOR:** The sponsor of this Sweepstakes is First Hawaiian Bank, 999 Bishop Street, Honolulu, Hawaii 96813. FCH Enterprises, Inc is not a sponsor of this Sweepstakes.

TESTIMONY TO THE  
COMMITTEE ON JUDICIARY AND LABOR

Senator Clayton Hee, Chair    Senator Maile Shimabukuro, Vice Chair

Tuesday, April 2, 2013, 9:30am

Conference Room 016

My name is Dennis Kim, and I am the Hawaii Multi-Stake Director of Public Affairs for the Church of Jesus Christ of Latter-Day Saints. In Hawaii, the church has fifteen stakes with congregations on every island and a membership of 70,000. I apologize that I am not able to be present to give my testimony in person as I have other scheduled commitments.

We are in favor of HB343, HD2 and opposed to the proposed SD1.

We are concerned of the consequences that gambling will have on our members and society. HB343, HD2 will give a clearer definition of what can be construed as gambling and will help both the public and law enforcement officials.

Even though gambling is outlawed in Hawaii, we see some addicted gamblers in our congregations. One that I am close to has lost his job over ten years ago and has not been able to find another one. He has disappeared from home many times staying away for days at a time. Items from the home mysteriously disappeared. Needed food is not purchased. Now he and his wife are being evicted from their rental home for non-payment. Luckily, his wife tries to keep things together, but the stress takes a heavy toll.

If gambling were legal in Hawaii imagine the cost should more citizens who are not brazen enough to defy current laws become addicted. If they want to gamble now they fly to Vegas, but they always have a return ticket which limits their gambling time. Should any form of gambling be allowed here in Hawaii, their gambling time is anytime, or all the time.

The proposed SD1 seems to be a "foot in the door" for gambling and will make it harder for law enforcement to determine what is legal and what is not.

It is my hope that the Committee on Judiciary and Labor will consider the above comments and pass out HB343, HD2 and hold HB343, HD2, SD1.

Thank you.

**DO NOT BAN SWEEPSTAKES MACHINES:**

Banning Sweepstakes machines will bankrupt legitimate small business and put Hawaiians out of work. Why would sweepstakes be permitted for McDonalds and Pepsi and not permitted for a small business owner in Hawaii? Many other small businesses (restaurants and bars for example) have found these entertainment based machines a valid source of revenue and advertising. People have invested their savings to purchase these improvements. Vendors got the permission of the liquor commission to place these machines in bars and restaurants. These people pay GET and other taxes. These machines provide jobs and benefits. Banning this entertainment enterprise will put people out of work. It is irresponsible and unfair to target these arcade machines and strike a blow to Hawaii's economy, Hawaii's employers and employees. These popular arcades provide hundreds of jobs and stimulate our economy. These businesses give back to the community. They are operated by decent people who provide a safe, clean environment. Why is it permissible for Dave and Busters, Fun Factory and others to drive arcade revenue with iPods and merchandise prizes but not ok for these other arcades to offer prizes? BE FAIR. Targeting these machines will put people out of work, period. Small business owners in Hawaii should be valued and afforded the same rules of engagement as McDonalds, Pepsi or Dave and Busters. Do the right thing.

To: The Hawaii State Legislature,

In my opinion, there isn't anything wrong with sweepstakes games and their place here in Hawaii. A Sweepstakes arcade like Winnerz Zone provide a clean drug/crime free place for people to go for entertainment and part of the enjoyment is playing Sweepstakes games of chance. Not unlike a person who goes to Mcdonald's for a Big Mac and a Monopoly sweepstakes scratch off. It would be horribly unfortunate if ALL sweepstakes promotions (**Mcdonald's Monopoly Sweepstakes , Publisher's Clearing House Sweepstakes, Reader's Digest Sweepstakes, Pepsi Billion Dollar giveaway Sweepstakes and all the small companies such as local banks, Zippy's etc**) were not available for the people of Hawaii to participate. Winner'z Zone does charity work, most recently Children's Miracle Network @ Kapiolani Hospital for Women and Children, we work with the people who organize "The Meth Project". We participated in "Over the Edge" for Special Olympics and many other things to help the community. Winner'z Zone basically provides a drug free, alcohol free safe haven for people of all ages to hang out and have fun. We employ hundreds of people and are a law abiding TAX PAYING company. Please reconsider your attempts at banning Sweepstakes or at the very minimum, work with us to find a happy medium. Thank you for your attention in this matter.

Sincerely,

Steve Ohira

Dear Sir or Maam , or To whom it may concern ,

My name is Dean Haraguchi and i am currently writing this letter in opposition of any new legislation that would criminalize any bona fide sweepstakes type business promotion that involves free entry into a game of chance with the purchase of an item or service .

I would understand that certain people would consider this to be a form of gambling , but in fact it is not .people purchase products / and or internet time that is what they are really purchasing .In the past i have seen and are still seeing other sweepstakes concepts that no one considers to be illegal take one for instance , Mcdonalds Monopoly , people purchase items to play such as french fries etc.i dont see any difference in people purchasing products or internet time to play .

With all due respect i would like to ask that you reconsider , In hopes of saving alot of jobs to the people that we all employ . These are all honest , hardworking tax paying people that have families to support . Stopping sweepstakes in hawaii would make hawaii a different place, Certain types of crime would increase , if you really think about it .

In closing , i would like to thank you for taking the time to read and consider this letter .

Respectfully submitted ,

To: The Hawaii State Legislature,

As a tax paying citizen of Hawaii, I would like to take this opportunity to express my disagreement to the proposed banning of sweepstakes games in Hawaii.

Personally, I don't think it should be a crime for anyone participating or offering sweepstakes games. The concept of offering sweepstakes games has been around on the islands for quite some time now. There are many forms of sweepstakes games such as but not limited to the following: Publisher's Clearing House Sweepstakes, McDonald's Monopoly Sweepstakes, Reader's Digest as well as the Internet based sweepstakes located in arcades such as the Winner's Zone. Sweepstakes provide the people of Hawaii a very benign form of entertainment that is not "Gambling". The sweepstakes is just another form of advertising to bring more attention to said products.

In conclusion, I urge you to reconsider your banning of "SWEEPSTAKES GAMES". Also, please note that I am not asking you to legalize gambling in Hawaii.

Sincerely,

Dear Hawaii State Legislature,

I oppose HB343. I represent the legitimate businesses this bill seeks to criminalize; businesses that provide jobs, income, and entertainment to the people of Hawaii. I do not promote or approve of illegal activities and I do not compare sweepstakes to gambling. The verbiage of this bill threatens to unjustly outlaw local establishments.

To Hawaii State Legislature,

My name is Bradley Wong. I am the general manager and V.P. of Reliable Vendors Co., Ltd. Our business uses The Products Direct Sweepstakes machines in various bars on Oahu. All of our locations have approval from the Honolulu Liquor Commission for their use.

We fully cooperate with the Honolulu Liquor Commission. Following the commission's guidelines, we install up to a maximum of 2 machines per location, rules are posted in each location, and minors are not eligible for use of the sweepstakes machines.

Reliable Vendors has been in business over 50 years. We employ 5 full time employees. We decided to use sweepstakes machines because of prior legal precedence set in South Carolina and reliance upon the Honolulu Liquor Commissions approval. Sweepstakes machines provide us greatly needed revenue during this recession. Legal sweepstakes machines help us to be competitive with other options in our industry. Legal Sweepstakes also provide a safe entertainment venue for our customers.

Thank you for your the opportunity to voice my concerns and for your time and consideration.

The Hawaii State Legislature

I am an employee of the sweepstakes community in Hawaii. I stand in opposition of HB 343.

HB 343 is targeting legitimate tax paying businesses. These businesses creates jobs and safe environments for not only the workers but also the customers. We the people should not criminalize business promotions simply because of the game of chance with casino type games. These games of chance for products are similar to Publishers Clearing House, Reader's Digest Sweepstakes, Pepsi Billion Dollar Sweepstakes and McDonalds Monopoly, which all create enthusiasm through out the community and stimulates the economy.

Instead of focusing all this time on legitimate tax paying businesses, we the people should be focusing on bigger issues such as illegal gambling rooms that have and promote various types of paraphernalia. Along with the illegal gambling rooms through out the state, there is also a LARGE community for illegal chicken fighting, which people not only gamble at but also abuse animals. Both are against the law and are large communities. The continuing abuse and maltreatment of innocent animals is not only preposterous but disturbing knowing that our officials focus their time on legitimate businesses while there are large criminalized activities continuing on in our neighborhoods.

My solution is to focus more of our governments TIME and MONEY on STOPPING the illegal gambling rooms and STOP illegal chicken fighting. To stop wasting not our time and money on trying to criminalize legitimate businesses, and refocus the attention to the criminals in our neighborhoods and backyards with ILLEGAL gambling rooms and chicken fights.

I respectfully oppose the passage of HB 343 HD1 or alternatively ask that this Committee consider the above solution. Thank you for the opportunity to testiy.

As an employee of one of the Sweepstakes locations, I feel that there can be a positive outcome if HB343 is not passed. It is very difficult to find a job where you can make enough to get by, something you enjoy doing, and where the work **atmosphere** is excellent. Hawaii State Legislature,

I strongly oppose any new legislation that would criminalize sweepstakes type businesses. It is a game of chance that is offered as a free service to those who purchase an item or a service. Sweepstakes keep much needed money in Hawaii. Many jobs are created not only by the sweepstakes providers but also for peripheral businesses based in Hawaii. It is a good clean form of entertainment that many can enjoy. Many people enjoy participating in McDonald's and Publisher's Clearing House sweepstakes and look forward to be a participant in much the same way the people look forward to participating in sweepstakes type businesses. There is nothing criminal about sweepstakes type businesses. It is enjoyed daily by a wide range of people. Once again I state to strongly oppose any new legislation against sweepstakes type businesses for these reasons.

Sincerely,

Dear Sir or Ma'am ,

My name is Sherilyn Gama ,and i am currently employed at an arcade which does have sweepstakes terminals , and i would like to oppose any new legislation that would criminalize any bona fide sweepstakes type business promotion that involves free entry into a game of chance with the purchase of an item or service For several different reasons , the first being that I /we are all honest law abiding productive citizens that need job security . Should sweepsstakes be banned in hawaii? I dont think it would solve any issues that we are already experiencing .In my opinion it would only make things worst , increase in crimes/ illegal gamerooms etc. It would also hurt other businesses in Hawaii that do have sweepstakes also, such as Zippys, Pepsi , Mcdonalds , and a few others . There are a few more reasons that i can think of , but the most important of all is job security . Business like us employ alot of people that pay their taxes .I would like to humbly and respectfully ask you to reconsider , also i would like to thank you for taking the time to read this letter .

Cocoz catering has been a top choice for tasty food in the islands since 2008 and we have supplied our island gatherings with "all of Hawaii's favorite foods" for the past 5 years. Cocoz catering has recently expanded, and we have opened Cocoz Kitchen in Waipahu, Hawaii this past year. Our catering business has always relied on our happy customers to pass-on the good word about the services we provide. With the opening of Cocoz Kitchen, we needed a wider form of advertising and marketing. The Sweepstakes industry has helped immensely in both of those categories and it is surely in our best interest to support an industry that gives back to us and other island businesses.

To whom it may concern,

Hi my name is Shane Castro and I am a self-employed contracted out by product direct sweepstakes. In the last 2 years I have regain my financial status from these machine coming to Hawaii. I am able to support my family and I now from m termination from my previous employer. I do a lot of handy work as well as the tech support for these machines from the training provided by products direct sweepstakes.

My regards toward this bill are as followed:

1. Unemployment for those recently just got out or those that made a switch to better employment with products direct sweepstakes
2. Giving chances for Hawaii residents (bill opposes any chances regarding Mcdonalds monopoly, Zippys free trip to Vegas, and etc.)
3. Chances for people is a way of life, think of a life with no chances or choices but only one way of life, people here that have none of that here and will faced to move on and even more the economy will crumble
4. Giving Hawaii the opportunity for chance with games especially like casino type ones makes it more fun and interesting for residents here (responds from people here is they love the idea).

I do hope this letter helps as I do speak for many residents here in Hawaii that have not spoken out. Thank you.

Aloha,

My Name is Mike Miller and I am writing in opposition of HB 343.

I am the owner of (4) establishments operating sweepstakes devices and I avidly oppose HB 343. My business employs over 20 staff members and provides them with the means to support themselves and their families. These establishments also provide for and support my own family. In addition, our company contributes not only to national taxes but to state and county taxes as well.

The video sweepstakes industry provides entertainment, promotes local businesses and the sale of bona fide products, goods and services. HB 343 will hurt a burgeoning local industry currently providing jobs, entertainment and much needed marketing for small local businesses. Many companies today rely upon promotional sweepstakes in various formats and HB 343 will raise questions about the entire sweepstakes industry.

I urge the House Committee on Judiciary to not pass HB 343.

I am a business owner and I am asking the State to allow us to continue our Sweepstakes business. This business allows me to support our State by paying taxes and to provide jobs to many families. This business also supports other local businesses and products that these other businesses provide. We feel that this business is very similar to the monopoly Sweepstakes they have at McDonalds. Please take a serious look at how our business is operating, how the machines are producing legitimately according to the State laws and how it is helping families and our economy. Thank you.

Dear Hawaii State Legislature,

I oppose any new legislation that would criminalize legitimate sweepstakes type business promotions. Product Direct Sweepstakes terminals are legitimate promotions for legitimate products. It is very similar to Publishers Clearing House, Reader's Digest Sweepstakes, Pepsi Billion Dollar Sweepstakes, and McDonald's Monopoly. Thus, the passage of this bill will likely criminalize these well known, well established promotions.

Product Direct Sweepstakes terminals can benefit our state tremendously at a time where additional generated income is much needed. It will provide a generous amount of much needed tax income to the State of Hawaii. Additionally, Sweepstakes help promote local businesses, as well as the goods and services that they offer or provide. As a result, it provides hundreds of income providing jobs, which also provide medical and other benefits to qualified individuals.

I honestly find it disturbing on the time and effort that is being put into passing this bill. I think the state should focus more of its time on the prevention of ongoing illegal activities that occur daily within our communities. We are just like any other local business in Hawaii, trying to make an honest living, by providing another form of entertainment to interested citizens of Hawaii. We are law abiding citizens, who run law abiding businesses.

I respectfully oppose the passage of HB 343 HD1 and ask that you consider my testimony. Thank you for your time and the opportunity to testify.

Aloha,

My Name is Cedric Duarte and I am writing in opposition of new legislation criminalizing legitimate & bond fide sweepstakes type business promotions. As a marketing consultant in media & broadcasting I've used sweepstakes type promotions to create excitement and promote local businesses. The Products Direct Sweepstakes not only provides a promotional tool for local businesses but enjoyable entertainment for Oahu residents.

I've worked with Products Direct for the past two years assisting their team with placement of advertising in traditional media outlets such as newspaper and radio. I've created cross-promotions for them with other businesses as well as brought on partnering businesses to join the Products Direct Coupon Program. They have been great clients for me and have always paid their invoices in a timely fashion.

I do know they currently have hundreds of customers who are entertained by and enjoy sweepstakes. In addition, they have many employees and vendors who would be adversely affected by their closure.

I urge the Hawaii State Legislature not to pass any legislation criminalizing legitimate & bond fide sweepstakes type business promotions.

Thank you,

To Whom It May Concern:

We oppose any new legislation that would criminalize any bona fide sweepstakes type business promotion/s that involves free entry into a game/s of chance with the purchase of an item or service.

It seems like there is a sudden push by several lawmakers to pass legislation targeting the above.

Many employees within our company frequent the Winner's Zone arcades and have a wonderful time. Their arcades aren't much different from Dave & Busters and Fun Factory. The Winner's Zone arcades have a very safe and exciting family oriented environment. A lot of our employees enjoy entering the Products Direct Sweepstakes and playing the fun casino type games offered there. The coupons purchased from the Products Direct terminals can also be used to purchase a lot of great items from local vendors which in turn, helps our local economy.

The bill introduced as HB343 would outlaw many arcade games played in arcades such as Winner's Zone, Dave & Buster and even Fun Factory. We strongly oppose the passage of this bill and any legislation that would criminalize any bona fide sweepstakes type business promotions. Let's keep this safe, fun, and exciting type of entertainment going in Hawaii.

To: Hawaii State Legislature

I oppose any proposed legislation that would legislate out or criminalize Sweepstakes businesses that operate within the legal statutes of the law and offer bona fide promotions that help build businesses in Hawaii and the United States. These business operations provide the state of Hawaii and its residents many positive attributes including participation in local community endeavors and contributing to a stronger Hawaiian economy.

Legitimate Sweepstakes promotions have been around for many years and the ones in question in Hawaii are similar to the ones we are exposed to everyday all over the United States. These promotions offer many benefits such as promoting local businesses, creating jobs that provide healthcare benefits for residents of Hawaii, generate substantial revenue for the state via taxes, provide entertainment value to participants, and lowers commercial vacancy rates in these communities.

I am adamant that Sweepstakes enhances the State of Hawaii, residents, and associated communities through legitimate and legal business operations. I not only support these businesses but rely on them and their contributions for my own livelihood and my businesses success.

Thank you for your time and attention to this very important matter.

Your bill will force my small business to close down . Closure of my company (and companies like myself) will mean lay offs of the local people who are tax payers. We are working people who want to provide fun entertainment for the community. Your bill targets small businesses like mine. When corporate mainland organizations such as Dave and Busters was introduced to Hawaii, legislation did not attack this mainland owned company who will have a monopoly on the adult entertainment when our companies close. I don't understand is why would legislation pass bills that force small businesses like mine to close when Dave and Buster's is an open bar which allows children in the same vicinity as liquor. How is this considered more appropriate or less controversial than an organization like mine? We hope that you will reconsider this bill as it will only impact the local small business owners, while bars like Dave and Busters will continue to thrive. How can our locals thrive and be successful when bills are passed that force closure on them. Thank you for your time and I hope you will reconsider this bill.

Dear Hawaii State Legislature:

My name is April Gonsalves and I am opposed to the bill you are passing relating the the sweepstakes machines because it will impact my husband's company Pure Action Internet Arcade. Your bill will force closure of companies such as my husband's company. While you focus your energy on small business owners, you allow larger corporations take a monopoly in Hawaii. The monopoly which I am referring to is companies like Dave and Busters. In comparison, they both are game centers which focus on adult entertainment. The only difference is that the sweepstake business owners make it known to their consumer that they are adult entertainment only. Dave and Buster's on the other hand allow children to play games in the same facility as adults who are getting drunk. Your bill will only force small businesses to close down, locals to lose their jobs. These locals are tax payers and valuable to the community. To me, their image has been tainted by the news media. While the news media deems these people like criminals, people like my husband and I are church goers and give to the community by volunteering and donating. Your bill will only make me lose faith in the legislation as it will only support mainland economy and larger corporations.

Hawaii Legislature

I support PJY Enterprises, LLC, a local small business that distributes the Products Direct Sweepstakes terminals. These are legitimate promotions for legitimate products (similar to Publishers Clearing House, Reader's Digest Sweepstakes, Pepsi Billion Dollar Sweepstakes and McDonalds Monopoly), and are designed to generate enthusiasm and entice customers to enter games of chance that are tied to creating awareness of and purchasing Hawaii products, such as coffee, sunglasses, t-shirts, etc.

I oppose any bill that attempts to criminalize any business promotion that involves free entry into a game of chance with the purchase of an item or service. This would likely criminalize well known and well established promotions, such as McDonalds Monopoly, Publishers Clearing House, Reader's Digest Sweepstakes and other contests.

Instead of targeting legitimate business promotions, perhaps you should criminalize those promotions that are not connected with legitimate products. I respectfully ask that, if you pass this measure, you revise it to only criminalize promotions that do NOT comply with the following requirements:

- (a) The game promotion is conducted or offered in connection with the sale, promotion, or advertisement of a bona fide product or service, or to enhance the brand or image of a supplier of bona fide consumer products or services. An item is not bona fide if it is offered at a price that is disproportionate to the value of the item purchased.
- (b) No purchase payment, entry fee, or proof of purchase is required as a condition of entering the game promotion or receiving something of value;

(c) The chance to win by free play must be offered from the same pool from which the chance to win via purchase is drawn.

(d) All materials advertising the game promotion clearly disclose that no purchase or payment is necessary to enter and provide details on the free method of participation;

(e) In cases where electronic devices are used as the revealing mechanism, they should not be connected to a server (such as in the case of the devices used by internet sweepstakes cafes), which allows the possibility of manipulating the outcomes of the games of chance, and/or the payouts, while a customer is playing the games of chance. (There are systems currently being operated in this State, and elsewhere that have this capability.); and

(f) In cases where a "service" or usage time is being sold or promoted, any usage time, privilege to use and/or operate or credits accumulated by the customers must be allowed to be transferred or sold to any other person. (There are several sweepstakes devices being operated which sell enormous amounts of usage time, privilege to use and/or operate or credits that are allowed to be accumulated, but they do not provide any means for the customer to retain any excess; meaning there is NO data base that either the customer or the seller can use to retain or account for their purchases.)

I respectfully oppose any bill that attempts to criminalize any business promotion that involves free entry into a game of chance with the purchase of an item or service or alternatively ask that this Committee consider the above amendments. Thank you for the opportunity to testify.

The Hawaii State Legislature,

As an employee of a manufacturing and software company dealing directly with customers in the sales and promotions of our products, I have a front line view of the many, healthy benefits Product Direct Sweepstakes brings to the table to all involved, not forgetting my ability to feed my family and pay my mortgage.

Who doesn't know of someone full of smiles having just been the winner of a sweepstakes, or seen the many commercials of winners jumping for joy on television.

Sweepstakes are not only fun to enter and play but are designed to promote businesses and the goods and services they provide.

To ban Sweepstakes in Hawaii would be a stab in the heart to the hundreds of jobs they provide and be taking three steps backwards with the much needed tax revenue it provides to the state.

I ask for myself, my co-workers, our customers and their employees, and the many businesses who will suffer if a Sweepstakes ban were to pass.

**DON'T BAN SWEEPSTAKES IN HAWAII.**

Thank you,

Lenny Stevenson

To whom it may concern,

I am in opposition of HB343 pertaining to sweepstakes machines. I have been a customer at lucky touch since they opened over a year ago. I feel that places like lucky touch and the various other sweepstakes outlets are merely providing another way for adults to enjoy them selves in a safe and friendly environment and you don't need money to play being that there's no purchase necessary! To me its just like playing monopoly at MC Donald's or entering a Vacations Hawaii sweepstakes to las Vegas! It also seems that these sweepstakes establishments are providing work for a lot of people who might otherwise (like some less fortunate to have a job) end up on government assistance. Ive been on government assistance before and I'm not proud of that but i am fortunate to have a job at the moment which allows me to provide for my family and for that i am extremely grateful, the same way i believe places like lucky touch and other sweepstakes establishments are giving people jobs and a means to provide for their families. But i can imagine how having your job and livelihood on the debate to be possibly terminated must feel scary. These sweepstakes establishments also allows people to be productive citizens by contributing to our economy! So in closing i would just like to say that i enjoy going home from work freshening up and heading down to lucky touch arcade for a couple hours of fun! plus i don't drink alcohol or smoke cigarettes so this really is my only form of entertainment! So please allow these sweepstakes businesses to continue providing jobs and contributing to our economy and also providing a a place where adults like myself can have a little fun! :)

Thank you, Anthony Galarza

LETTER OF REQUEST

ATTN: Hawaii State Legislature  
SUBJ: Ban of Sweepstakes type business promotions in the State of Hawaii  
FROM: Sherry Lancaster  
DATE: March 5, 2013

To Whom It May Concern:

As an employee of the Sweepstakes industry, I am writing to voice my opinion in hopes that it will be taken into consideration just how detrimental the effects of banning any Sweepstakes type businesses in the State of Hawaii would be to not only myself, but to many others that are affiliated and work in this industry.

As a single working parent, the Sweepstakes business industry provides hundreds of people with a steady source of income by providing jobs to many people. This in turn also allows medical as well as other much needed benefits to qualified working individuals and their families. It is my intention to be a self sufficient parent that can provide for my children without government assistance and my job within the Sweepstakes industry makes that possible. I want to set the example to my children that hard work and dedication is the way to be self-sufficient and successful in life.

Additionally, this industry helps to promote local businesses, as well as the goods and services that they offer or provide, since that is what Sweepstakes are designed to be used for – not to mention the much needed tax income it brings to the State of Hawaii. If you ban Sweepstakes type businesses, I fear it will have a huge negative impact on not only the citizens, business owners and many families, but the State of Hawaii as a whole.

Respectfully,

Sherry Lancaster

The Hawaii State Legislature

RE: Opposition to ban Sweepstakes-type business promotions in Hawaii

Dear Senator:

I am writing to express my opposition to the above referenced law which calls for a ban on sweepstakes type business promotions in Hawaii.

As written, the current laws regarding "gambling" are uncertain as to whether a sweepstakes-type machine is indirectly included in the legislative definition of "gambling" in the State of Hawaii. The definition of "gambling" was likely created in response to negative implications that are not relevant to sweepstakes-type promotions because the sweepstakes model is very different. Thus, without careful consideration as to the costs and benefits of a sweepstakes, it seems imprudent that it be lumped into the same category as "gambling" without careful consideration and analysis.

Sweepstakes-type business promotions help promote local businesses as well as the goods and services that they offer and provide. The income from this type of promotion provides jobs and other related benefits. Further, the sweepstakes increase consumer spending and provide much-needed tax income to the State and also increase tourism through entertainment value.

I am a local business owner who opposes laws against sweepstakes-type business promotions for the reasons set forth above. Without proper study of the benefits of sweepstakes-type promotions to the State of Hawaii and careful consideration of the current definition of "gambling" to include these types of promotions, there is no proof that this type of business promotion falls within ambit of "gambling." I urge you to rethink the current definition of "gambling" and allow for sweepstakes-type business promotions to increase consumer spending, tourism, and support the local economy.

Thank you for your attention and consideration.

Very truly yours,

Christopher Hu

Badboy Hawaii Inc. is a family owned and run corporation that was started in Waipahu, Hawaii in 1997. We help Hawaii's schools, businesses and other organizations with much needed graphic design and more importantly, printing of signs, decals and uniforms. Our business is, and has been, directly tied to the success of these groups for the past sixteen years. We have also benefited greatly during that same time from numerous organizations and businesses. One such business that has been a great help to us, is the Sweepstakes organizations. The exposure and advertising we have received has been a great help during busy and "not so busy" times. We have also been directly contracted to produce numerous items that are used for them in the past and hope to continue in the future.

LATE TESTIMONY

To whom it may concern,

As a single mother of two growing children, Hawaii is a very trying state to raise a family, given a great opportunity to work with this company, it allows me to provide, food, shelter, clothes and many other necessities for my family, with our economy it can be very hard to find a job that can pay well to live on. I am very opposed of HB343 not just for me and my family, but many more. I give thanks everyday that I was able to find a company such as this. Please take into consideration with thoughts of our children.

Living in Hawaii is, of course you know, not "cheap!" It is also hard to find work where the pay, benefits, and customer/co-worker(s) relationships are excellent. Lucky Touch is my full time and only job. Here, I am able to experience those great benefits, make a living and further my work experience. With that being said, I would like to inform you that I oppose Bill HB 343. Please I ask and pray that it will not be approved.

I Thank you for your time and consideration.

RE: Opposition to HB 343, Relating to Gambling Offenses

I am a partner in PJY Enterprises, LLC, a local small business that distributes the Products Direct Sweepstakes terminals. These are legitimate promotions for legitimate products (similar to Publishers Clearing House, Reader's Digest Sweepstakes, Pepsi Billion Dollar Sweepstakes and McDonalds Monopoly), and are designed to generate enthusiasm and entice customers to enter drawings or games of chance that are tied to product or service awareness. It is unfair to "criminalize" business promotions simply because the game of chance involves fun casino type games that Hawaii residents enjoy. Instead, you should criminalize the numerous promotions that are not connected with legitimate products. If you must pass a bill, please revise it to allow those legitimate promotions that comply with the following requirements:

- (a) The game promotion is conducted or offered in connection with the sale, promotion, or advertisement of a **bona fide** product or service, or to enhance the brand or image of a supplier of **bona fide** consumer products or services;
- (b) No purchase payment, entry fee, or proof of purchase is required as a condition of entering the game promotion or receiving something of value;
- (c) All materials advertising the game promotion clearly disclose that no purchase or payment is necessary to enter and provide details on the free method of participation; and
- (d) In cases where electronic devices are used as the revealing mechanism, they should not be allowed to be connected to a server (such as in the case of the devices used by "internet sweepstakes cafes"), which may allow the possibility of manipulating the outcomes of the games of chance, and/or the payouts, while a customer is "actively engaged" in the playing phases of the games of chance, which are used as the revealing mechanisms. There are systems currently being operated in this State, and else where that have this capability.
- (e) In cases where a "service" or usage time is the "product" being sold or promoted, make it mandatory that any "usage time" or "privilege to use and/or operate" or "credits accumulated" by the customers when purchases are made in conjunction with the operation/use of any sweepstakes device, be allowed to be transferred or sold to any other person; if the customers chooses. There are several sweepstakes devices being operated which sell enormous amounts of "usage time" or "privilege to use and/or operate" or "credits that are allowed to be accumulated, but they do not provide any means for the customer to retain the excess "usage time" or "privilege to use and/or operate" or "credits that are allowed to be accumulated; meaning there is NO data base to that either the customer or the seller can use to retain or account for their purchases. Because the customers are allowed to/encouraged to purchase these enormous amounts of "usage time" or "privilege to use and/or operate" or "credits that are allowed to be accumulated, the customer has to be given the "right" to sell or transfer their "usage time" or "privilege to use and/or operate" or "credits that are allowed to be accumulated, for the simple fact, that they have paid for the privileges that their purchases are supposed to provide.

An important fact to note, is that PJY Enterprises, LLC and its' customers, currently provide legitimate employment to in excess of 220 people in this State.

I respectfully oppose the passing of HB 343 and bills similar to this.

Thank you for this opportunity to testify.  
Tracy T. Yoshimura

TO: THE HAWAII STATE LEGISLATURE

Products Direct Sweepstakes terminals are legitimate promotions for legitimate products (similar to Publishers Clearing House, Reader's Digest Sweepstakes, Pepsi Billion Dollar Sweepstakes and McDonalds Monopoly), and are designed to generate enthusiasm and entice customers to enter games of chance that are tied to creating awareness of and purchasing Hawaii products, such as coffee, sunglasses, t-shirts, etc.

I am strongly opposed to any legislative bill that would criminalize the Products Direct Sweepstakes terminals or any other business promotion that involves free entry into a game of chance with the purchase of an item or service.

Products Direct Sweepstakes terminals are legitimate promotions for legitimate products (similar to Publishers Clearing House, Reader's Digest Sweepstakes, Pepsi Billion Dollar Sweepstakes and McDonalds Monopoly), and are designed to generate enthusiasm and entice customers to enter games of chance that are tied to creating awareness of and purchasing Hawaii products, such as coffee, sunglasses, t-shirts, etc.

We the undersigned are strongly opposed to any legislative bill that would criminalize the Products Direct Sweepstakes terminals or any other business promotion that involves free entry into a game of chance with the purchase of an item or service.

LATE TESTIMON

To whom it may concern:

I, Charles Kopesta, oppose any new legislation that would criminalize legitimate/bona fide sweepstakes type business promotion.

I am a customer of the Hawaii Sweepstakes community. I very much appreciate what the Hawaii Sweepstakes is doing for, not only me, but also, the community. They not only provide a clean safe place for entertainment for my friends and I, but, also provide great customer service which is hard to find now a days.

The Hawaii Sweepstakes community provides clean fun in safe environments for people, like myself, to enjoy. With the room filled with excitement and enthusiasm, the Sweepstakes community promotes various products to purchase at a discount online, I buy pancake mix for my family and I.

Any business that helps the community in either promoting local businesses, or by stimulating the economy, or employs people with good pay and provides medical benefits is a solid local company to me. I believe if more businesses practiced better ethics, as Hawaii Sweepstakes does, the economy would be more prosperous and so will the families and businesses will be in the surrounding areas. Hawaii sweepstakes provides much needed jobs in Hawaii and also provides much needed taxes to help the local people and the local communities.

I oppose any new legislation that would criminalize legitimate/bona fide sweepstakes type business promotion.

Thank you,

Al Lopez

I, FATMA ANSARI, oppose any new legislation that would criminalize legitimate/bona fide sweepstakes type business promotion.

I am a customer of the Hawaii Sweepstakes community. I very much appreciate what the Hawaii Sweepstakes is doing for, not only me, but also, the community. They not only provide a clean safe place for entertainment for my friends and I, but, also provide great customer service which is hard to find now a days.

The Hawaii Sweepstakes community provides clean fun in safe environments for people, like myself, to enjoy. With the room filled with excitement and enthusiasm, the Sweepstakes community promotes various products to purchase at a discount online, I buy pancake mix for my family and I.

Any business that helps the community in either promoting local businesses, or by stimulating the economy, or employs people with good pay and provides medical benefits is a solid local company to me. I believe if more businesses practiced better ethics, as Hawaii Sweepstakes does, the economy would be more prosperous and so will the families and businesses will be in the surrounding areas. Hawaii sweepstakes provides much needed jobs in Hawaii and also provides much needed taxes to help the local people and the local communities.

I oppose any new legislation that would criminalize legitimate/bona fide sweepstakes type business promotion.

Thank you
