HOUSING COMMITTEE
Rep. Rida T.R. Cabanilla, Chair
Rep. Justin H. Woodson, Vice Chair

January 28, 2013 8:45 AM House conference room 329
HB 402 RELATING TO PUBLIC HOUSING.
Permits clotheslines in state and federal public housing projects

TESTIMONY
(Shelly Tamang), Legislative Committee Member, League of Women Voters of Hawaii

Chair Representative Cabanilla, Vice-Chair Woodson, and Committee Members:

The League of Women Voters of Hawaii supports House Bill 402 which authorizes the installation and use of clotheslines at low-income and public housing projects.

Drying green is sensible and practical and satisfies every family's need for order in the home, regardless of ethnic background or income level. Air drying laundry reduces the noise pollution of dryers, avoids the potential of air pollution through airborne lint, and reduces greenhouse emissions. Moreover this frugal method of tending to households' domestic necessity accomplishes savings in the cost of electricity, and the added expense of buying a dryer. Hawaii has year around weather that supports the method of using a clothesline, and, furthermore low-income populations are the segment of the population that most needs fair representation when simple matters of daily existence call for simple House Bills to rectify simple matters of common sense.

We urge you to pass this bill. Thank you for the opportunity to submit testimony.
