Comments: It's about time. The Legislature is probably responsible for the destruction of a whole forest of trees by now. Welcome to the 21st century!

Comments: I am in strong support of this amendment, which would conform the state constitution to modern technology. The spirit of the 48 hour rule, which is to allow legislators time to read and reflect on bills prior to the final vote, would be preserved, as the bills would still be available, just in a modern format that many legislators may find more portable, more searchable, and easier to read.
