**In consideration of  
HOUSE BILL 588  
RELATING TO PUBLIC LAND LIABILITY**

House Bill 588 proposes to amend Act 82, Session Laws of Hawaii (SLH) 2003, by deleting the sunset date of June 30, 2014, thus making permanent the liability protections provided by warning signs for outdoor recreation on public lands. **The Department of Land and Natural Resources (Department) strongly supports this measure, but asks that this Committee consider the language in Senate Bill 1007, Senate Draft 2, Proposed House Draft 1, which was brought before the House Judiciary Committee on Thursday, January 30, 2014.** Senate Bill 1007, Senate Draft 2, Proposed House Draft 1 addresses the sunset date of Act 82, but also includes provisions that would clarify government's duty to warn where recreational activities such as rock climbing occur.

Since the passage of legislation in the form of Act 82, SLH 2003, and in the ensuing 11 years, the Department has initiated a comprehensive sign program that is deployed statewide in public recreational areas associated with parks and wilderness trails. These actions have resulted in a variety of critical outcomes and now institutionalized management practices associated with Act 82:

- The creation of a statewide risk assessment working group that established general design and placement standards for of warning signs and continues to review the placement of these signs and new design as warranted by conditions and exposure.
- The promulgation of Chapter 13-8, Hawaii Administrative Rules, for the Design and Placement of Warning Signs
- The approval process through the Board of Land and Natural Resources (Board) on the placement, and as warranted, the design of new warning signs.
- Sign inspection that includes records of the date of each sign location Board approval, installation, and the sign's condition over time.

- Over 400 Act 82 warning signs have been installed and are maintained by the Divisions of State Parks and Forestry and Wildlife, Na Ala Hele Trails and Access Program.

In addition to making Act 82 permanent after 11 years of departmental and county implementation, Senate Bill 1007, Senate Draft 2, Proposed House Draft 1 contains language that would allow for liability protection on public land where recreational activities such as rock climbing occur, with the posting of warning signs associated with exposure to hazards associated with this activity.

The public now has become accustomed to seeing the uniform, standard signs warning of potential exposure to hazardous natural conditions at managed trailheads and park entrances - in addition to at the actual point of exposure - across the State of Hawaii.

***This sign program strikes the balance between the government's duty to warn, and the public's responsibility to heed that warning and make an informed choice, before engaging in recreational activity.***

It is time to now make this warning management protocol permanent.

The Department supports House Bill 588, but prefers the language in Senate Bill 1007, Senate Draft 2, Proposed House Draft 1.

**Chair Evans and Members of the Committee:**

The Department of the Attorney General strongly supports this bill.

The bill will make Act 82, Session Laws of Hawaii 2003, permanent. Act 82 had been successful in improving the safety of public lands for public users by establishing a comprehensive statewide system in which hazards thereon are identified and evaluated for the placement of appropriate warning signs and devices.

The system includes the design of state-of-the-art warning signs, evaluation of placement of those signs, and signage maintenance and monitoring guidelines. If the governmental entity proposes its plan for the warning of a dangerous condition for consideration by the Risk Assessment Working Group, and approval by the Board of Land and Natural Resources, the governmental entity is afforded a conclusive presumption that the hazard-appropriate sign posted provides legally adequate warning of the dangerous condition of which it warns.

The enactment of Act 82 has spurred the State and counties to be more proactive in their hazard identification and risk assessment. The law has also encouraged the uniformity of signs statewide.

Act 82 must be made permanent. The need to preserve the system that the law established is even more imperative now, as Hawaii continues to maintain its status as, and grow, as a destination for visitors seeking outdoor activities, some of which may be very risky.

If it is allowed to sunset on June 30, 2014, the counties and State may gradually lapse and revert to use of more island specific and idiosyncratic signage and placement. Eventually, the

comprehensive statewide hazard evaluation and warning system will dissolve to the detriment of our visitor and residents.

Senate Bill No. 1007, Senate Draft 2, Proposed House Draft 1, is set for hearing on January 30, 2014, at 2:00 p.m., before the House Committee on Judiciary. That bill will also make Act 82 permanent. However, it does contain a much needed amendment to the law. For your review and consideration, we have attached a copy of S.B. No. 1007, S.D. 2, Proposed H.D. 1, as well as the testimony of the Department of the Attorney General in support of that measure.

We respectfully recommend that this measure be passed with the amendments contained in S.B. No. 1007, S.D. 2, Proposed H.D. 1.

# A BILL FOR AN ACT

RELATING TO PUBLIC LAND LIABILITY.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1           SECTION 1. The purpose of this Act is to extend coverage  
2 and make permanent liability protections for warning signs for  
3 outdoor recreation on public lands by amending Act 82, Session  
4 Laws of Hawaii 2003, as amended.

5           Act 82, which will sunset on June 30, 2014, established a  
6 process by which a legally adequate warning system could be  
7 developed for improved public lands. The legislature finds that  
8 Act 82 has increased public safety and protects the State and  
9 counties from unlimited liability arising out of recreational  
10 activities on public lands and, therefore, should be made  
11 permanent.

12           Additionally, this Act extends the conclusive presumption  
13 of signage as legally adequate warning of dangerous conditions  
14 to "non-natural" conditions on unimproved land.

15           SECTION 2. Act 82, Session Laws of Hawaii 2003, as amended  
16 by section 1 of Act 144, Session Laws of Hawaii 2008, is amended  
17 by amending section 2 to read as follows:

1 "SECTION 2. Chapter 663, Hawaii Revised Statutes, is  
2 amended by adding a new part to be appropriately designated and  
3 to read as follows:

4 "PART . LIMITATIONS ON PUBLIC ENTITY LIABILITY IN ACTIONS  
5 BASED UPON DUTY TO WARN OF NATURAL AND NON-NATURAL CONDITIONS

6 §663- Definitions. As used in this part:

7 "Board" means the board of land and natural resources.

8 "Improved public lands" means lands designated as part of  
9 the state park system, parks, and parkways under chapter 184, or  
10 as part of a county's park system, and lands which are part of  
11 the Hawaii statewide trail and access system under chapter 198D,  
12 excluding buildings and structures constructed upon such lands.  
13 For purposes of this part, "improved public lands" excludes  
14 ocean and submerged lands.

15 "Public entity" means "government entity" as defined in  
16 section 663-10.5.

17 §663- Conclusive presumptions relating to duty of  
18 public entities to warn of dangers on [~~improved~~] public lands.

19 (a) A sign or signs warning of dangerous natural conditions on  
20 improved public lands or of dangerous non-natural conditions on  
21 unimproved public lands shall be conclusively presumed to be  
22 legally adequate warning of the dangerous [~~natural~~] conditions

1 of which the sign or signs warn, if the State or a county posts  
2 a sign or signs warning of the dangerous [~~natural~~] conditions  
3 and the design and placement of the warning sign or signs are  
4 approved by the board. The board shall consult the risk  
5 assessment working group established by chapter 171, prior to  
6 approving the design and placement of a warning sign pursuant to  
7 this section.

8 (b) The State or a county may submit to the board a  
9 comprehensive plan for warning of dangerous natural conditions  
10 at a particular area of improved public lands[~~-~~] or of dangerous  
11 non-natural conditions on unimproved public lands. The board  
12 shall review [~~the~~] any plan for adequacy of the warning as well  
13 as the design and placement of the warning signs, devices, or  
14 systems. The board shall consult with the risk assessment  
15 working group before approving [~~the~~] a plan. The risk  
16 assessment working group shall seek public comment on [~~the~~] any  
17 plan. In the event that the board after consulting with the  
18 risk assessment working group approves [~~the~~] a plan for a  
19 particular area of improved public lands[~~-~~] or unimproved public  
20 lands, and the State or a county posts the warnings provided for  
21 in the approved plan, then the warning signs, devices, or  
22 systems shall be conclusively presumed to be legally adequate

1 warning of ~~[all]~~ the dangerous ~~[natural]~~ conditions ~~[on the~~  
2 ~~improved public lands.]~~ of which the sign or signs warn.

3 (c) The State or a county shall have no duty to warn of  
4 dangerous natural conditions on unimproved public lands.

5 (d) If a warning sign, device, or system is posted or  
6 established in accordance with this section on unimproved public  
7 lands~~[7]~~ warning of dangerous natural conditions, the posting or  
8 establishment of the warning sign, device, or system shall not  
9 create a duty on the part of the State or county to warn of  
10 other dangerous natural conditions on unimproved public lands or  
11 to place or establish an additional warning sign, device, or  
12 system in other locations on the unimproved public lands.

13 (e) The State and the counties shall implement and  
14 maintain a sign inspection program in which a park caretaker or  
15 other authorized person conducts documented inspections of all  
16 signs in the park or trail area or particular area of unimproved  
17 public land on a quarterly or more frequent basis.

18 Records shall be kept under the sign inspection program  
19 which document the date of each sign inspection and whether the  
20 particular sign inspected was in place, free of vandalism, and  
21 legible. The State and the counties shall annually provide the

1 board with a copy of the documentation of all sign inspections  
2 under the sign inspection program.

3 The conclusive presumption provided by this section shall  
4 continue for any sign posted pursuant to this section for a  
5 period of one hundred twenty days after the last inspection that  
6 documented that the sign was in place and legible, after which  
7 the presumption shall lapse until the time at which the sign is  
8 subsequently inspected and documented to be in place and in  
9 legible condition.

10 In any circumstance in which the conclusive presumption  
11 lapses because of the lack of a documented inspection, the  
12 presumption shall be reestablished if the State or county, as  
13 the case may be, proves by a preponderance of the evidence that  
14 at the time of the incident at issue, the sign was in place and  
15 in legible condition.

16 (f) The board shall adopt rules pursuant to chapter 91  
17 establishing standards to guide the department of land and  
18 natural resources and the risk assessment working group in the  
19 general design and placement of warning signs; provided that  
20 chapter 91 shall not apply to any other process or action  
21 undertaken pursuant to this part.

1 (g) The State and the counties shall implement an accident  
2 reporting and record keeping program whereby all known accidents  
3 in park and trail areas and particular areas of unimproved  
4 public land where non-natural conditions exist are documented on  
5 an accident report form, and all such accident reports are kept  
6 on a permanent basis. The risk assessment working group shall  
7 review and use accident reports kept as part of this program as  
8 part of its consultation to the board under this section."

9 SECTION 3. Act 82, Session Laws of Hawaii 2003, is amended  
10 by amending section 171- , Hawaii Revised Statutes, in  
11 section 3 to read as follows:

12 "§171- Risk assessment working group. [~~a~~] There is  
13 established a risk assessment working group that shall be  
14 administratively attached to the department. The risk  
15 assessment working group shall provide consultation to the board  
16 regarding the design and placement of warning signs, devices, or  
17 systems on improved public lands as defined in section 663-  
18 and unimproved public lands, including any comprehensive plan  
19 submitted by the State, a county, or managing entity, to the  
20 board for approval. The risk assessment working group shall  
21 consist of the following members, who shall serve without  
22 compensation:

- 1           (1) The chairperson of the board, or designee;
- 2           (2) The mayor of each county, or designee;
- 3           (3) The administrators of the department's division
- 4                 of forestry and wildlife and the division of
- 5                 state parks, or their designees;
- 6           (4) The attorney general, or designee; and
- 7           (5) A person appointed by the chairperson of the
- 8                 board knowledgeable in warning sign design."

9           SECTION 4. Act 82, Session Laws of Hawaii 2003, as amended  
10 by section 5 of Act 152, Session Laws of Hawaii 2007, as amended  
11 by section 3 of Act 81, Session Laws of Hawaii 2009, is amended  
12 by amending section 8 to read as follows:

13           "SECTION 8. This Act shall take effect on July 1, 2003[  
14 ~~and shall be repealed on June 30, 2014~~]."

15           SECTION 5. Statutory material to be repealed is bracketed  
16 and stricken. New statutory material is underscored.

17           SECTION 6. This Act shall take effect on June 29, 2014.

Chair Rhoads and Members of the Committee:

The Department of the Attorney General strongly supports this bill.

The purpose of this bill is two-fold. First, and most significantly, the bill will make Act 82, Session Laws of Hawaii 2003, permanent. Act 82 had been successful in improving the safety of public lands for public users by establishing a comprehensive statewide system in which hazards thereon are identified and evaluated for the placement of appropriate warning signs and devices.

The system includes the design of state-of-the-art warning signs, evaluation of placement of those signs, and signage maintenance and monitoring guidelines. If the governmental entity proposes its plan for the warning of a dangerous condition for consideration by the Risk Assessment Working Group, and approval by the Board of Land and Natural Resources, the governmental entity is afforded a conclusive presumption that the hazard-appropriate sign posted provides legally adequate warning of the dangerous condition of which it warns.

The enactment of Act 82 has spurred the State and counties to be more proactive in their hazard identification and risk assessment. The law has also encouraged the uniformity of signs statewide.

Act 82 must be made permanent. The need to preserve the system that the law established is even more imperative now, as Hawaii continues to maintain its status as, and grow, as a destination for visitors seeking outdoor activities, some of which may be very risky.

If it is allowed to sunset on June 30, 2014, the counties and State may gradually lapse and revert to use of more island specific and idiosyncratic signage and placement. Eventually, the comprehensive statewide hazard evaluation and warning system will dissolve to the detriment of our visitor and residents.

Second, the proposed amendments to section 2 of Act 82 will extend the conclusive presumption that posted Act 82 signage as legally adequate warning of dangerous conditions to “non-natural” conditions on unimproved lands. The State has already begun to post Act 82 signs on unimproved lands on which both natural and non-natural conditions have been identified. However, at present, the law does not afford the State a conclusive presumption even when appropriate signs are posted.

For example, the Department of Land and Natural Resources (DLNR) posted Act 82, and other, warning signs at the head of and along an unofficial trail that leads to a cliff face in Mokuleia that rock climbers have been using for a number of years. Unfortunately, however, notwithstanding DLNR’s efforts, under the wording contained in the current law, the State is not given a presumption that it has provided adequately warning of the dangers at this site. DLNR also posted similar signs along a path that leads to at a smaller cliff face on unimproved land in Makapuu that is also used by rock climbers.

By amending Act 82 to include the proposed wording, the law will encourage the State and counties to be proactive in identifying and evaluating non-natural dangerous conditions on unimproved lands. The identification and evaluation of non-natural dangerous conditions on unimproved lands may become increasing more important and, therefore, should be encouraged, as both visitors and residents alike expand their recreational activities beyond the park lands and official statewide trail system.

We respectfully and strongly recommend that this bill be passed.

Dear Chair Evans and Committee Members:

Subject: House Bill 588, Relating to Public Land Liability

The Department of Corporation Counsel of the City and County of Honolulu strongly supports H.B. 588, which would repeal the June 30, 2014 sunset date of Act 82, SLH 2003, as amended ("Act 82"). Act 82 provides limited liability protection to the State and counties with regard to dangerous natural conditions on improved public lands, including state and county parks and trails, by creating a conclusive presumption that signs warning of the dangerous condition that are posted in accordance with the requirements of Act 82 are legally adequate to warn of the dangerous condition. It strikes a rational balance between the interests of recreational users seeking access to public lands and government's need to minimize liability resulting from dangerous conditions that may exist on these lands and that are beyond its ability to prevent or control.

The repeal of the sunset of Act 82 will give the State and counties the certainty and assurances needed to keep public parks open and accessible for public use, by reducing the threat of unlimited government exposure for conditions on public land that are outside the State's and counties' ability to prevent or control. Repealing the sunset provision may also have the salutary effect of encouraging the counties to expand their recreational safety education and public awareness programs, rather than expending time and funds in defending costly litigation.

The Honorable Cindy Evans, Chair and  
Members of the Committee on Water & Land

For these reasons, we respectfully request your support in passing

**TESTIMONY OF ROBERT TOYOFUKU ON BEHALF OF THE HAWAII ASSOCIATION FOR JUSTICE (HAJ) IN OPPOSITION TO H.B. NO. 588**

Date: Friday, January 31, 2014

Time: 9:15 am

To: Chairperson Cindy Evans and Members of the House Committee on Water and Land:

My name is Bob Toyofuku and I am presenting this testimony on behalf of the Hawaii Association for Justice (HAJ) in OPPOSITION to H.B. No. 588, Relating to Public Land Liability.

The purpose of this bill is to make Act 82, Session Laws of Hawaii, 2003, as amended, permanent. Currently, Act 82 regarding certain protections for the state and counties on improved and unimproved lands is scheduled to sunset on June 30, 2014, and this was enacted by the legislature with the knowledge of all of the parties concerned, including the state and counties. The sunset provision in the original bill passed in 2003 was included to allow DLNR to work with various user groups regarding the design and placement of warning signs and the time for an evaluation of this measure after sufficient experience has been obtained. The sunset date was extended several times and during the 2009 legislative session, the conference committee, in a bill pertaining to several prior Acts pertaining to lifeguards and public recreational lands, determined that it would be best to extend the sunset date to 2014 for Act 82.

A sunset provision is included to give the proponents of the legislation as well as others the opportunity to collect sufficient information to present to the legislature so that the members could make a reasonable and informed decision as to whether the law they passed has worked and is still working in the way they intended.

Because this Act has a major impact on consumer rights, HAJ feels it is more prudent to first obtain sufficient information on how the law has worked. Further, Act 82 required that the state and counties implement an accident reporting and record keeping program and HAJ feels that the legislature should determine whether this has been done and is working properly. There are also duties imposed on the risk assessment working group created by Act 82. During the 2013 session there were attempts to amend Act 82 and there are efforts to do so this session as well. In light of these attempts HAJ feels that the legislature should not pass this bill.

Thank you very much for allowing me to testify in OPPOSITION to this measure. Please feel free to contact me should you have any questions or desire additional information.

Measure Number HB 588

I am writing as an avid rock climber and hiker who grew up enjoying access to the mountains and began climbing as a college student many years ago. I also am submitting testimony on behalf of the over 1700 hikers, climbers, mountain bikers, tourists, and advocates for a better and more balanced liability law in Hawaii who also believe that Act 82 should be made permanent. Attached is a petition **in support of SB 1007 HD1**, which is a newer version of the bill being heard here.

These are people who love the land, enjoy the mountains, and want to ensure that the State protects their access. We were able to generation this signature count in two days, which gives you some indication of how important this measure is to outdoor advocates and their supporters. We hope very much that you will listen to the testimony of those who love to be in the mountains and those who support their cause.

# **Please pass SB1007 HD1 and protect access to public lands in Hawaii**

We, the undersigned residents of Hawaii and/or possible visitors to Hawaii very strongly support the passage of SB 1007 (HD1) and any provisions that will make this legislation permanent.

We support this measure because we cherish our right to freely enjoy a wide variety of recreational activities in Hawaii's mountains including hiking, biking, trail running, climbing, paragliding and other activities. We are baffled by the State's current absence of liability protection, which has led to ongoing closures of climbing areas, hiking trails, and other scenic sites due to the State's legitimate fear of lawsuits.

We strongly believe that public lands need to remain open to the public. It is patently absurd that the State should decide when, where, and how people are able to experience Hawaii's natural wonders - especially when such decisions are made largely based on liability risk assessments. It is time to take a significant step toward tort reform and shift our landowner liability paradigm toward something sensible, sustainable, and sane.

In comparison to other Western States, Hawaii's recreational liability statutes are sorely lacking. We do not want to see access to mountain sports across the Hawaiian Islands denied or restricted because the lobby for a small group of trial attorneys holds the rest of us hostage. We strongly disagree with previous testimony against liability reform in Hawaii that suggests that the status quo is in the best interest of the public, or that the status quo will keep us safer by holding the State liable for accidents (such as the Brem case in 2012). We are a responsible group of citizens who recognize the assumed risks in engaging in recreational activities on State lands. We believe that individuals who choose to go hiking, climbing, mountain biking, paragliding, or who choose to engage in any other recreational use of public lands, should do so at their own risk.

Without the passage of this bill, the State of Hawaii is left with very little protection from litigation resulting from injuries that occur on State lands. We believe the lack of liability protection is wholly untenable, especially given the ever-growing popularity of mountain recreation to residents in Hawaii and visitors comprising our tourist economy.

This bill is an agreeable compromise. It notably does not provide the State with absolute immunity, but does require that those engaging in hazardous recreational activities accept the risks associated with their actions. This bill will effectively balance State responsibilities (to maintain public trail systems and to warn of possible hazards) with the responsibilities of individuals to keep themselves safe and adequately prepared. Thus, we fully endorse this essential legislation and urge the Hawaii State Legislature to pass it into law.

Sincerely,

Recipient: Hawaii State Legislature

Letter: Greetings,

We, the undersigned residents of Hawaii and/or possible visitors to Hawaii very strongly support the passage of SB 1007 (HD1) and any provisions that will make this legislation permanent.

We support this measure because we cherish our right to freely enjoy a wide variety of recreational activities in Hawaii's mountains including hiking, biking, trail running, climbing, paragliding and other activities. We are baffled by the State's current absence of liability protection, which has led to ongoing closures of climbing areas, hiking trails, and other scenic sites due to the State's legitimate fear of lawsuits. We strongly believe that public lands need to remain open to the public. It is patently absurd that the State should decide when, where, and how people are able to experience Hawaii's natural wonders - especially when such decisions are made largely based on liability risk assessments. It is time to take a significant step toward tort reform and shift our landowner liability paradigm toward something sensible, sustainable, and sane.

In comparison to other Western States, Hawaii's recreational liability statutes are sorely lacking. We do not want to see access to mountain sports across the Hawaiian Islands denied or restricted because the lobby for a small group of trial attorneys holds the rest of us hostage. We strongly disagree with previous testimony against liability reform in Hawaii that suggests that the status quo is in the best interest of the public, or that the status quo will keep us safer by holding the State liable for accidents (such as the Brem case in 2012). We are a responsible group of citizens who recognize the assumed risks in engaging in recreational activities on State lands. We believe that individuals who choose to go hiking, climbing, mountain biking, paragliding, or who choose to engage in any other recreational use of public lands, should do so at their own risk.

Without the passage of this bill, the State of Hawaii is left with very little protection from litigation resulting from injuries that occur on State lands. We believe the lack of liability protection is wholly untenable, especially given the ever-growing popularity of mountain recreation to residents in Hawaii and visitors comprising our tourist economy.

This bill is an agreeable compromise. It notably does not provide the State with absolute immunity, but does require that those engaging in hazardous recreational activities accept the risks associated with their actions. This bill will effectively balance State responsibilities (to maintain public trail systems and to warn of possible hazards) with the responsibilities of individuals to keep themselves safe and adequately prepared. Thus, we fully endorse this essential legislation and urge the Hawaii State Legislature to pass it into law.

Sincerely,

Michael Richardson	Honolulu, HI	2014-01-28	Public lands should be public and not closed, nor should their fate be decide by a minority group of trial attorneys. Climbing rocks, hiking and biking our trails, and pursuing other sports in the mountains should not be a crime due to fear of greed of attorneys.

Haydn Huntley	Haiku, HI	2014-01-28	Because I love exploring the outdoors in Hawaii!
Thomas Engle	Honolulu, HI	2014-01-28	This bill is extremely important to me because I believe the state of Hawaii has overly restrictive laws and that because of these restrictions, many recreational hikers, climbers, and other outdoor users do not have safe access to the truly unique and beautiful mountains and valleys of these islands. Unfortunately, access to the mountain areas is severely restricted by military land, private lands, housing developments, KSBE lands, and BWS lands. A reasonable number of access points to the mountains should be provided and in some cases, large entities such as KSBE and BWS should allow recreational users access to their lands with no fear of lawsuits.

Kenji Saito	Honolulu, HI	2014-01-28	I enjoy the outdoors and feel this is a public asset that should not be lost
Elizabeth Robnett	Kailua, HI	2014-01-28	These closures have affected my daily life in a most negative way. I fear they indicate a trend that will increasingly affect the physical, mental, and spiritual health of the people living in and visiting Hawaii.
Dana Uhrenholdt	Lincoln, NE	2014-01-28	It is my belief that those who participate in any given activity also accept the risks of said activity, whether that is walking on a sidewalk or hiking a ridge line. Having a small group of individuals hold the joys of this state hostage based on the idea that the state should be held responsible for their own actions is reprehensible and denying countless individuals the right to enjoy the wilderness as they deem fit. Thus I support legislation that places some protection from litigation upon the State of Hawaii and retains the freedom of choice to those who desire to explore.
Adrian McRae	Australia	2014-01-28	I travel to Hawaii often and exclusively for paragliding over its spectacular island paradise. I, however, am responsible for my actions and hold no one but myself accountable for the risks associated in our sport.
Matthew Vidaurri	Aiea, HI	2014-01-28	because I enjoy the outdoors
Todd Marohnic	Volcano, HI	2014-01-28	Throw out ridiculous lawsuits. Accidents happen, accept personal responsibility.
Emma Broussard	Wahiawa, HI	2014-01-28	I like to hike, even if it is really only thinly disguised exercise. Don't keep this from me! It's important for my health and well-being!
Brian Richardson	Honolulu, HI	2014-01-28	Public lands should be for the public. It shouldn't be controlled by people who are controlled by worry.
Duc Ong	Honolulu, HI	2014-01-28	Because I believe in personal responsibility.

Ryan Colle	honolulu, HI	2014-01-28	<p>We, the undersigned residents of Hawaii and/or possible visitors to Hawaii very strongly support the passage of SB 1007 (HD1) and any provisions that will make this legislation permanent.</p> <p>We support this measure because we cherish our right to freely enjoy a wide variety of recreational activities in Hawaii's mountains including hiking, biking, trail running, climbing, paragliding and other activities. We are baffled by the State's current absence of liability protection, which has led to ongoing closures of climbing areas, hiking trails, and other scenic sites due to the State's legitimate fear of lawsuits. We strongly believe that public lands need to remain open to the public. It is patently absurd that the State should decide when, where, and how people are able to experience Hawaii's natural wonders - especially when such decisions are made largely based on liability risk assessments. It is time to take a significant step toward tort reform and shift our landowner liability paradigm toward something sensible, sustainable, and sane.</p> <p>In comparison to other Western States, Hawaii's recreational liability statutes are sorely lacking. We do not want to see access to mountain sports across the Hawaiian Islands denied or restricted because the lobby for a small group of trial attorneys holds the rest of us hostage. We strongly disagree with previous testimony against liability reform in Hawaii that suggests that the status quo is in the best interest of the public, or that the status quo will keep us safer by holding the State liable for accidents (such as the Brem case in 2012). We are a responsible group of citizens who recognize the assumed risks in engaging in recreational activities on State lands. We believe that individuals who choose to go hiking, climbing, mountain biking, paragliding, or who choose to engage in any other recreational use of public lands, should do so at their own risk.</p> <p>Without the passage of this bill, the State of Hawaii is left with very little protection from litigation resulting from injuries that occur on State lands. We believe the lack of liability protection is wholly untenable, especially given the ever-growing popularity of mountain recreation to residents in Hawaii and visitors comprising our tourist economy.</p> <p>This bill is an agreeable compromise. It notably does not provide the State with absolute immunity, but does require that those engaging in hazardous recreational activities accept the risks associated with their actions. This bill will effectively balance State responsibilities (to maintain public trail systems and to warn of possible hazards) with the responsibilities of individuals to keep themselves safe and adequately prepared. Thus, we fully endorse this essential legislation and urge the Hawaii State Legislature to pass it into law.</p> <p>Sincerely,</p> <p>Ryan Colle</p>

KEALA FUNG	HALEIWA, HI	2014-01-28	as a rock climber, hiker, mountain biker, and outdoor enthusiast, I value and cherish access to beautiful spots on this beautiful island
Wendy Gibson	Honolulu, HI	2014-01-28	Climbers need to practice to stay proficient. Other sports in Hawaii are not shut out from their sites out of fear of litigation. Other sports (such as surfing) have a much higher rate of serious injury and death than climbing (which is ZERO). Please return the climbing sites to these responsible climbers--who have an outstanding safety track record.
Vanassa Smith	Honolulu, HI	2014-01-28	Criminalizing hikers is ridiculous.
Andrea Wu	Honolulu, HI	2014-01-28	I believe everyone should be able to access Hawaii's nature and scenery which we are known for. Are we still "lucky to live Hawaii" if part of that is taken away from us?
Vanassa Smith	Honolulu, HI	2014-01-28	Access to the land is important to me.
Blaise Schoenberg	Honolulu, HI	2014-01-28	I'm a dedicated mountain biker and love the sport please don't take this away from us!
Jamie Defay Collins	Haleiwa, HI	2014-01-28	I love to explore Hawaii, and I am saddened that it seems to be increasingly illegal to do so.
clayton lilly	honolulu, HI	2014-01-28	we need more LEGAL trails on this beautiful island!
Chuck Gregorio	Honolulu, HI	2014-01-28	I have lived in Hawaii for 8 years, and after med school I intend on returning. Public lands are for everyone's access!
Teley Brandon	Aiea, HI	2014-01-28	Public lands are for the public (period)
Vincent Fung	Ormond Beach, FL	2014-01-28	I love the outdoors and everyone deserves to share my love. How can we do that if there aren't any lands to love?
Julia Fain	Lexington, KY	2014-01-28	Everyone should have access to climbing.
James McCown	Columbia, MO	2014-01-28	I visit Hawaii annually. They recently gated the Mariner's Ridge hike, which I do with my daughter every year.
George Cummins	Franikin, VA	2014-01-28	Public lands should be open to use by the public - but this doesn't mean the state should be responsible for anything someone does on state land. Closing land to protect the state clearly shows the problem with the current laws, and does not provide fair access to public lands by the people.
Rachel Richards	Magrath, Canada	2014-01-28	Hiking is one of the main reasons I go to Hawaii! Take away hiking and I may go check out Cuba instead. Don't alienate yourself from this important segment of tourists!
Markus Grünzweig	Wien, Austria	2014-01-28	this is a question of freedom and why should anybody be banned from walking in this beautiful landscape? There should be warnings that the state distances itself from all happenings that are related to hiking-accidents..... shit happens

Brandon Adams	Independence, OR	2014-01-28	I will be moving to Oahu in a couple months and am an avid rock climber. I have climbed for many years and have recently taken to climbing El Capitan in Yosemite National Park. I am knowledgeable of rock climbing techniques and dangers,. To close climbing in Hawaii would be to deprive your people of an amazing resource. Climbers are aware of risk in their sport and wish to accept liability for themselves.
Jason Kershner	Ewa Beach, HI	2014-01-28	I love Hawaii & want to be able to enjoy the beautiful outdoors in every way that I can
Phillip Carberry	Broomfield, CO	2014-01-28	The mountains are calling! To Keep my sanity recreation outside is a must!
Maria Guardino	Honolulu, HI	2014-01-28	I have hiked for the last 12 years in the mountains, it's my therapy.
Andrew Post	McMinnville, OR	2014-01-28	I'm a rock climber and lover of the natural world
Chris Perrin	Montreal, Canada	2014-01-28	Because Hawai'i is one of the most spectacular natural places on earth, filled with wonder and potential. The modification of this legislature will allow for those of us who visit Hawai'i to continue to enjoy these natural wonders - at our own risk - and keep coming back to Hawai'i.
Andre Assis	Rio de Janeiro, Brazil	2014-01-28	Freedom is a individual right!
Justin Stevens	Aiea, HI	2014-01-28	Much of the beauty of the islands can only been seen along these trails to which this would restrict. Many have only learned to cherish the island & its beauty in these ways as well as maintaining a healthy lifestyle through socializing and hiking activities along these trails. There are already plenty of regulations that prevent hiking on certain trails but to restrict majority or all of them would be catastrophic for not only the hiking community of Hawaii but Hawaii as a whole.
Julie Balazs	ITHACA, NY	2014-01-28	I'm a hiker! When I travel, I pick places based on hiking opportunities.
Brian Fagan	Honolulu, HI	2014-01-28	I enjoy access to the beautiful landscapes of Hawaii, especially Oahu.
Andrew Barber	Bellingham, WA	2014-01-28	My wife and I visit Hawaii about 1 time per year and have climbed at the climbing areas on Oahu. We are both rock climbers and really appreciate the unique climbing area with its beautiful views. We were very sad to find out that it had been closed during our last visit.
David Cartier	Red Hook, NY	2014-01-28	I used to live in HI and still have many friends who do and the thought of public land being closed because of some stupid people who knowingly participate in an activity that can cause harm and then turn around and want to sue the state is ridiculous. People need to take responsibility for their own actions and stop laying blame elsewhere
Arthur Hushen	Honolulu, HI	2014-01-28	I love to hike and think it's unfair that lawsuits are limiting my ability to be able to do it. I am responsible for myself.
Brigitte Suter	Squamish, Canada	2014-01-28	I live in Canada but am an avid climber. I'd like to be able to come to Hawaii and climb.

cam hines	port coquitlam, Canada	2014-01-28	denying access to the land is unfair. Keeping the land open to public supports a healthy lifestyle and appreciation for the land.
Khym Ansagay	Honolulu, HI	2014-01-28	It is important to me because I enjoy hiking no matter how dangerous can it be. I believe it is not anyone fault but mines for choosing the risk.
Kristin Qureshi	Haleiwa, HI	2014-01-28	I'm a climber and a hiker and I want access to my favorite spots again.
Kathleen Nunokawa	Honoiuu, HI	2014-01-28	People shouldn't be denied access to enjoy nature and the beauty of the islands.
Jon Goldberg-Hiller	Honoluiu, HI	2014-01-28	I enjoy mountain sports on Oahu, and I'd like to see the state maintain and encourage access to our inland recreational resources.
Michael Cole	Waipahu, HI	2014-01-28	I am an trail and nature enthusiast.
Stephen Jonas	Ewa Beach, HI	2014-01-28	Keeping the trails open allows all to see the natural beauty that the islands have to offer. It offers individuals and families an outdoor activity that not only promotes a healthy lifestyle but well-being. It offers visitors to the islands easy access to view the islands in its natural pristine wonders. If they end up closing the hiking trails what's next the beaches.
patrick switzer	Honoiuu, HI	2014-01-28	Public should be allowed on public lands

Hokulani Aikau	Honoluiu, HI	2014-01-28	Our public lands need to be open and available for all users. Climbing is a very good recreational sport that when done correctly is safe and fun. Reopen public lands to climbers.
Howard Bentley	Calgary, Canada	2014-01-28	I really want to continue visiting the islands for there beauty and be able to climb and hike at my leisure.
William Sandusky	Honolulu, HI	2014-01-28	We love to hike but we also feel we should take responsibility for ourselves.
Bob Carmichael	Boulder, CO	2014-01-28	Because I'm a climber and I have climbed in these areas when on visiting the North Shore of Oahu. It is really a great different way to enjoy the island. Lots of people both local and visitors love climbing and state areas should remain open to their recreation.
Una Nattermann	Seattle, WA	2014-01-28	Because I greatly value the idea that public lands should be open to the public, and that these recreational areas are important for the health and happiness of the people.
Jonah Thompson	Pittsburgh, PA	2014-01-28	Born and raised in Hawaii, family still there. I learned to climb there and it has taken me around the world. The idea that a small group of attorneys that only seek to protect their ability to litigate, rather than represent the rights of people to enjoy the beauty and physical experience of Hawaii's out doors is a horrible sign of misplaced focus. Imagine this same standard applied to water sports???
Geoff Unger	Stamford, CT	2014-01-28	My fiancé and I are outdoor enthusiasts who like to hike, climb and paraglide. We have taken many trips to Hawaii and love the islands for the outdoor activities that they offer.

chris halsall	honolulu, HI	2014-01-28	I spend a lot of time out hiking and biking, with friends and family and it's a key facet in my life.
Robert Bachini	Kailua, HI	2014-01-28	It is important that the citizens of Hawaii have access to what Robert Kennedy Jr referred to as the "commons".
Cody Burke	Dayton, OH	2014-01-28	I cherish our right to freely enjoy a wide variety of recreational activities in Hawaii's mountains
Hank Grant	Boulder, CO	2014-01-28	I love climbing and want to preserve for future generations the ability to enjoy the outdoors. I would be a potential visitor to Hawaii and this severely limits my outdoor adventures by having the lands closed. Please consider re-opening these lands.
Jennifer Homcy	Haleiwa, HI	2014-01-28	Because public lands are open spaces that we have earned and pay taxes to protect and access!
David Wickman	San Francisco, CA	2014-01-28	I have enjoyed rock climbing in the Hawaiian islands. I think we need to keep this safe and fun recreational activity available.
Gary Beach	San Francisco, CA	2014-01-28	I come to Hawaii to paraglide
Jayson Nissen	Old Town, ME	2014-01-28	As a mountain athlete I know and accept the risks of my sports and so does anyone else who participates.
Chris Stark	Keaau, HI	2014-01-28	I am a hiker and lifelong resident of Hawaii
Jed Hill	Taylorville, UT	2014-01-28	I'm a climber who would love to come to Hawaii to rock climb!
Walter Edelberg	Evanston, IL	2014-01-28	My wife and I are avid hikers (and former rock climbers), with an avid interest in hiking in Hawaii.
Chris Wiley	Sunnyvale, CA	2014-01-28	I was born and raised in hawaii, am now a recreational rock climber, and am saddened by the closure of the few climbing areas that hawaii has to offer its residents.
kimberly jonas	Ewa Beach, HI	2014-01-28	Hiking is a great stress reliever, not to mention a great work out. We live in Hawaii that offers such beautiful views that you don't see when surrounded by homes & businesses.
Aisha Heredia	Haleiwa, HI	2014-01-28	It is important to allow access to public lands.
Ryan Moss	Honolulu, HI	2014-01-28	It is important to me because these are the places that have come to be the most meaningful places in my life. I find peace clarity and lose myself in the beauty of nature.
Laura Sikes	Norman, OK	2014-01-28	I am planning a vacation this year. I really want to visit Hawaii, but if there is no possible way to climb there, I will probably have to pick another location.
Patricia Kupchak	Kailua, HI	2014-01-28	I have been hiking on Oahu for over 40 years and am appalled by how many trails have been closed over the years.
Jason Young	Los Alamos, NM	2014-01-28	I am a climber who has been affected by area closures in several states. It is always sad and discouraging. Preventing area closures is preferable to re-opening them, but it's hopeful to see that a solution may exist for this area. Public lands should remain open!  I lived on Oahu for about three years, but was not a climber at that time. I plan to return, and getting to climb there would be a great experience!
Laura Baker	Honolulu, HI	2014-01-28	The great outdoors is what Hawaii is all about!

Andrew Carson	Wilson, WY	2014-01-28	Having lived there as a youth, I'd be saddened to see its wonderful recreational opportunities curtailed because of lack of legislative oversight. Please fix that. Thanks.
Kurt Birkenmeier	Glenwood Springs, CO	2014-01-28	I would love to visit Hawaii but if there's no climbing access I would tend to go somewhere else.
Steve Park	Fort McMurray, Canada	2014-01-28	When we visit Hawaii we want to hike, bike and especially, paraglide the islands. Shutting down access to the outdoors is shutting down any reason to visit your state!
Jennifer Bongorno	Cleveland Heights, OH	2014-01-28	When I visit Hawaii, I would like to be able to hike and climb there to enjoy the high points of the land.
John Miller	Kailua, HI	2014-01-28	Americans must re-internalize their duty to their own personal responsibility of risk no matter the form. We must stop coddling people. It only creates weaker Americans.

Aldora Kamm	Honolulu, HI	2014-01-28	I believe hiking to should open to the public and not closed.
Joshua Thomas	Kailua, HI	2014-01-28	Public lands belong to the people. With current recreational infrastructure, locals are being compelled to use the land irresponsibly, i.e. illegal trails, etc. We are healthy, responsible adults who choose and promote beneficial lifestyles. If we are to promote health and wellbeing for the public, which Hawaii sorely needs, we need the ability to do so. The available sanctioned areas of recreation are crowded at best, what happens when more individuals decide to use these areas?
Kelly Quin	Honolulu, HI	2014-01-28	As an avid hiker and nature lover, who takes full responsibility for her actions when hiking I want to support the passing of SB1007 HD1 to keep trails open and re-open the ones that have been closed. Mahalo!
Karl Dennis	Kailua, HI	2014-01-28	State land should be for use by everyone. To climb, bike, swim, run, hike, etc. Beaches are not closing because someone got hurt surfing. Why close them because of other injuries inherent in the activities that are being pursued at the individuals own risk?

Kevin Nesnow	Honolulu, HI	2014-01-28	Return our public lands back to the public!
Barry Baker	Converse, IN	2014-01-28	This bill is important as it stresses one of the more associated and timely topics, which is that as Americans we need to both protect our freedoms and also individually bear the responsibility for our personal actions and decisions.
Selena Pang	Honolulu, HI	2014-01-28	I hike all the time when I'm home--it's how I unwind from school, from the mainland, from anything! The trails mean so much to me, and are an integral part of the sense of place created by the islands. I don't want to see a single one go.
Tanya Leinicke	Anchorage, AK	2014-01-28	We own a home in Kaawa, Oahu and I am a climber. I would love to enjoy the beauty of our island while doing what I love the most.
Travis Peckham	Underhill, VT	2014-01-28	Public lands must remain open to responsible public use. I support laws that encourage recreation on state lands.
Joe Karwoski	Honolulu, HI	2014-01-28	I love mountainbiking and want to see the sport grow on Oahu
Emma Forbes	Lake Peekskill, NY	2014-01-28	I love being outside and exploring the island. Restrictions and regulations make it difficult. This is where I live and I want to be able to enjoy it.
Jason Ogasian	Santa Clara, CA	2014-01-28	I am an avid outdoor enthusiast with plans to visit Hawaii several times and plan to live there in the near future.
casey clay	bend, OR	2014-01-28	Because I love climbing and want to be able to climb as many places as possible. While still loving and respecting the world I live in.
Roberto Torres	Honolulu, HI	2014-01-28	I'm an avid hiker who sustained injuries last year due to a fall. I alone am accountable for that and desire to continue navigating trails at my own risk. It is a passion I would rather the government not prohibit me from pursuing
Natnan Nachtigall	Kailua, HI	2014-01-28	This is one of the best ways to exercise and meet awesome people while on the trail.
Jessica Klein	St. Augustine, FL	2014-01-28	I just moved off island, and as often as possible when I lived there I was out on the trails and mountains breathing fresh air, sweating, and taking in the gorgeousness that is Oahu. Every bit of it. It would be a tragedy for the magic of Hawaii's hiking trails to be lost to the public.
Megan Zynn	South Pasadena, CA	2014-01-28	We should have the freedom to enjoy the Earth!
Cleveland Wilson	Villa Hills, KY	2014-01-28	I love nature!
John Hall	Honolulu, HI	2014-01-28	Our mountains are so beautiful and hiking in them is a soothing, relaxing, energizing experience. Like all sports, there are some hazards involved in hiking, but this is no reason to deny access to the great many people who approach the mountains with care and respect and who benefit so greatly from the healthy exercise and spiritual refreshment. Please help us to maintain access to our lovely and much valued trails! Thank you.
John Rennie	Ware, United Kingdom	2014-01-28	The people should have access to the beautiful land they live in and tourists should also or they won't be there
Byron Cook	San Diego, CA	2014-01-28	Getting outdoors is a quality of life and mental health issue.
Ralph Valentino	Millani, HI	2014-01-28	Get the state out of being sued by people who lack the responsibility for their own actions.
Peter Reimers	Wahiawā, HI	2014-01-28	I am a strong supporter of residents and visitors right to choose at their own risk to explore areas that have been enjoyed by countless others through the decades.
Dominic Cregan	Oud-Vossemeer, Netherlands	2014-01-28	I believe that everybody is responsible for themselves at all times, and finding a scapegoat for their mistakes in life is an age old trait of mankind and I don't want to be a part of it

Laura Clagstone	Kaneohe, HI	2014-01-28	Hiking is one of the most wonderful activities in Hawaii, both for locals and as an attraction to entice tourists to visit us. Please pass this bill.
Robert Myint	Kaneohe, HI	2014-01-28	I am part of the public. Public land should be accessible to all who respect and use it wisely.
Holly Smith	Pearl City, HI	2014-01-28	I love hiking these trails they are closing off!
Barbara Gurtler	Peoria, IL	2014-01-28	I like to climb.
Mitchell Sulkers	Whistler, BC, Canada	2014-01-28	We enjoy access to the wild areas in Kauai each time we come visit. That's why we go to Kauai and not Maui or Oahu.
Dawn Bruns	Haleiwa, HI	2014-01-28	Endangered plants and animals lose advocates every time someone stops going into nature because their favorite hikeing trail is closed. I miss my Sundays with friends because of closure of the Mokuleia climbing area. My tax dollars are being used to pay off personal injury lawyers (the only opposition to this bill's contents). PLEASE REOPEN HAWAII
Matt Edlund	West St. Paul, MN	2014-01-28	Rock climbing on the north shore of Oahu was the main reason I decided to visit Hawaii. If access is removed then future tourism revenue will surely go with it.
Rodolf Pan	Honolulu, HI	2014-01-28	The 'Aina is for everyone to respect and enjoy! Just put up warning/no liability signs and let people enjoy what the 'aina has to offer!! As a trained scientist, the public will only value what it can see, touch, learn from, and enjoy! Let the next generation enjoy what the 'aina has to offer, and can teach them! Mahalo nui loa!
Carol Janezic	Kaneohe, HI	2014-01-28	Hiking Hawaii's mountains is one of the great jewels of my life, but I hike with my eyes open, knowing there are risks. The State of Hawaii should not be held liable when people disregard warning signs and partake in dangerous activities. The State must protect itself from these liabilities and continue to allow access to our treasured mountain areas and natural sites.
Staci Irish	Johnson City, TN	2014-01-28	I will be moving to Hawaii in June and hiking is one of my favorite activities. The closure of trails due to accidents is ridiculous. All individuals participating in potentially dangerous activities do so at their own risk. Holding the state of Hawaii responsible is absurd. Closing trails is not in the best interest of the individuals living in Hawaii.
Sigmund Young	Alexandria, VA	2014-01-28	It is important to keep public lands open to the people.

Neil Higa	Austin, TX	2014-01-29	My family is from Hawaii and I love the natural and outdoor activities there. I really do hope that access to these activities remain, and this bill is a huge positive step forward in seeing that this happens.
Reese Phillips	Albuquerque, NM	2014-01-29	I frequently hike in the mountains of Oahu and other islands. I recognize the potential risks associated with this activity. The State (HI) should not be held liable for my willing participation. Nor should the State try to limit my access for my "own good." People must be held accountable for their choices!

Matt Okahata	Honolulu, HI	2014-01-29	Closing public access is a mere bandaid to a serious issue and closing off venues that serve as a means to exercise will have negative repercussions upon the health of the population. Hawaii is known for its beautiful outdoors, let's not forget that.

Zachary Mildon	Shakopee, MN	2014-01-29	I only recently moved away from Alaska, Hawaii's odd sibling. I've only had the opportunity to visit the Big Island on one occasions. Like Alaska, Hawaii holds some of the most amazing places in the US, these and all public lands should remain open to the public. Exploring Alaska I never once assumed that anyone other then myself was responsible for my well being, nor would I assume any different anywhere else.
Michael Solis	Laie, HI	2014-01-29	I use the mountains for enjoyment as do my friends and family. It is important the State know that I take responsibility for my actions and support this bill.
CHRIS GROVER	Tigard, OR	2014-01-29	We made a trip to Hawaii and wanted to Mt Bike and Climb. My wife checked into the climbing closures and we decided to limit the number of days on the islands. Chris Farrar	Honolulu, HI	2014-01-29	One of the best aspects about being in Hawai'i for residents and visitors alike is the ability to enjoy the outdoors and discover all the beautiful sites this state has to offer. However, over the past few years this has become more and more difficult due to increased restrictions on access to public lands and the threat of heavy-handed fines or imprisonment if these restrictions are violated. If this predicament is due to the threat of litigation, we need to pass this bill. Other states have passed similar legislation to protect themselves against frivolous lawsuits... Why can't Hawai'i? This bill would not only be a benefit to the residents of this state, but without it, more and more visitors are likely to start looking for other places to vacation where their ability to enjoy the outdoors is not so limited.

Jodi Hoffman	Olympia, WA	2014-01-29	I lived on Oahu for 4 years. I enjoyed and treasure my time there to this day. The freedom to explore Hawaii's beauty should not be taken away from locals or people like me that come to the islands. There are risks people take everyday and known consequences of any situation. It should be up to the individuals to take these risk not any government!!! So much is being taken away and limited by our government today lets not make the beauty of the islands one of them!!!
Angeline Munoz	Tracy, CA	2014-01-29	I visit Hawaii frequently, and love to walk around scenic sites. I would hate that any would be closed off.
Don Pedde	Sidney, BC, Canada	2014-01-29	As occasional visitors to Hawaii, my family and I enjoy and cherish the ability to visit Hawaii's natural and wild spaces.
Bruce Morris	Belmont, CA	2014-01-29	As a rock climber in Northern California, I find it odd that Hawaii doesn't have legislation in place to protect the State from liability for recreational activities undertaken on public lands.
Darrin Gabriel	waipahu, HI	2014-01-29	Public land should be just that: Public !
michael sturm	Waianae, HI	2014-01-29	I have a deep appreciation for the land and I hike, hunt, bike, climb, and generally have a good time all over these mountains! It upsets me when my favorite trails are shut down due to potential injury. Lets keep them open!
Andrew Lee	Saint James City, FL	2014-01-29	Outdoor recreation on public lands is the reason we visit Hawaii and spend money in restaurants and shops. Mountain biking and hiking is usually a central theme in our trips to Hawaii. The recent closures of trails is devastating, especially in a place where land is at a premium.
Chris Bruns	Haleiwa, HI	2014-01-29	When I go windsurfing at Mokuleia Beach Park, it would be nice if my wife could go climbing with her friends at the Mokuleia Crag. DLNR closed the Mokuleia climbing area over a year and a half ago and it's adversely affected our weekend plans. Let her climb!
Jonathan Oldenburger	Waterloo, Canada	2014-01-29	Access to public lands is a great way for young and old to enjoy nature
Sandy Gottesman	Honolulu, HI	2014-01-29	I hike every chance I get. It is a way to exercise without dodging traffic and gives me a chance to enjoy the peace I find on the trails.

Carol West	Makawao, HI	2014-01-29	I'm a hiker. I enjoy walking in the forest or through a rivulet or across a national park. Hiking trails need to remain open for all to enjoy. If signage is there and someone falls, etc. the courts need to ascertain as to whether or not a suit filed is not frivolous. The careless few shouldn't be allowed to close our trails because of their inadequacies or foolishness.

Moana Henderson	Honolulu, HI	2014-01-29	I want to try and venture up the stairway to heaven before i die, it is on my bucket list. i wish they would allow 4 wheeling and stop blocking off the access to beaches and hiking trails, very burdensome. These places should be open to the public and yes, at their risk. Hawaii is the best place to enjoy nature and the outdoors, please release al these restrictions on the land.
Tim O'Neill	Cambria, CA	2014-01-29	I visit HI at least 5 times a year and would hesitate to fly and hike Hawaii if this law is not passed. Please protect the rights of individuals to experience the land of HI!
Noel Kent	Honolulu,, HI	2014-01-29	I am a hiker and wish to continue to enjoy the mountains and trails of Oahu and other islands.
Jessica Molina	Honolulu, HI	2014-01-29	The real danger in life is not enjoying this land that God created for our pleasure to it's fullest potential. If I ever get hurt or worse while surfing, hiking, biking, climbing, etc, know that I died with a huge smile on my face doing something that I love and enjoying the simple pleasures of life. The statistics on humans dying are staggering...100% of all living organisms will die. Measure your life on it's quality not quantity of years. Please keep public lands open and prevent ANY AND ALL lawsuits that target the state or private land owners for accidents on their land.
Johnny Le	Honolulu, HI	2014-01-29	I love hiking and personally experiencing the beauty that the islands have to offer and would be devastated if I lost access to my favorite trails.
Ravindran Sriramachandran	Coimbatore, India	2014-01-29	If an individual chooses to engage in any sport or recreation in public lands knowing the risk involved, I dont see any reason for the state to intervene.
Mary Krug	Shingle Springs, CA	2014-01-29	Rock climbing is an awesome outdoor community-building activity much like surfing. Keeping this sport alive is critical to Hawaii's community. Climbers are a very unique Ohana in Hawaii--they will promote awareness of the uniqueness of Hawaii nature.
Miles Burkart	Los Angeles, CA	2014-01-29	This issue impacts Hawaii eco-tourism and small business opportunities.
Keahi Kaawa	Honolulu, HI	2014-01-29	The opportunity to serve the land is one the most important responsibilities we have. Hiking allows us access to those areas that we serve. Mahalo.

Erich Schrottke	Honolulu, HI	2014-01-29	I'm a paraglider pilot, hiker, and surfer. I understand and accept the inherent risks in enjoying these sports. We limit the opportunity for all of us, locals and visitors alike who understand and accept the risks and enjoying the unique and amazing outdoor opportunities our islands provide. Other states have enacted similar legislation, why can't we? We should be able to have access and enjoy public lands at our own risk.
Sarah Griswold	Matthews, NC	2014-01-29	Hawaii is a beautiful place that should be fully accessible to all who wish to enjoy the beauty it has to offer!
Ashley Douglas	Kailua, HI	2014-01-29	I enjoy hiking the many trails throughout our beautiful state and am dismayed by the increasing closure of access points. We should not be denied access to the land due to fear on the part of the state or landowners that they will be sued when an accident occurs on their land.
David Hyney	Little Falls, NY	2014-01-29	Closing climbing is just one step closer to we as Americans losing freedom. Every step that reduces this freedom just drives us to spend money in other locations within the US or countries that allow us to be ourselves as individuals and Americans.

Jolene Sy	St. Louis, MO	2014-01-29	I am a climber and my best friend is a resident of Hawaii. Budgeting for separate climbing trips and trips to see my friend can be hard. Indeed, it costs quite a bit of both time and money to travel from Missouri to Hawaii. I would visit on a more frequent basis if the area was open to climbing.
Susan Ching	Millilani, HI	2014-01-29	As a citizen of the aloha state I've been hiking for years. I can't imagine not being able to access the mauka hiking trails I love. Please find a way to keep our trails open on public lands.
Amanda Gambill	Plainfield, IN	2014-01-29	As a previous visitor to Hawaii, I would not consider visiting again if I would not be permitted to climb or hike. Exploring the gorgeous landscape is the main reason to visit the state!
Jenny Rumbaoa	Pearl City, HI	2014-01-29	I respect the land and I love to hike. It would not be fair to those innocent individuals who loves nature and Hawaii for its beauty.
Ali Figueroa	Las Vegas, NV	2014-01-29	I am a born and raised Kama'aina and love and respect my Aina in all it's beauty . Shannon Stuart-Smith	Lexington, KY	2014-01-29	I am life-long advocate for access to responsible outdoor recreation on public land and SB 1007 achieves this goal in a balanced, common sense approach. Providing access to outdoor recreation should be a priority for any governmental or regulatory agency charged with the health and welfare of the public and managing public land. Access to outdoor physical recreation should part of a broader public health policy that encourages physical activity not take it away. Public lands should remain open to the public, especially for recreation. This bill (and eventual law) would rectify Hawaii's liability omission and be a benefit for all citizens.
Dave Palombo	Honolulu, HI	2014-01-29	Being able to experience the natural wonder of Hawaii is huge part of my life, To remove this because of a selfish group of people is not right.

bryant lemon	albuquerque, NM	2014-01-29	I travel to Hawaii to enjoy adventure sports in the mountains...paragliding and hiking to be more specific...access to public lands is critical to enjoying these activities...without this access my interest in spending my vacation time and money in Hawaii will be negated.
Greg Ventura	Honolulu, HI	2014-01-29	These litigations are excessive and frivolous. People need to hold themselves accountable for their actions and decisions.
RD Pascoe	Boulder, CO	2014-01-29	Recreational use of public lands is important to individuals and communities. Health and economic values of public lands are well documented and unnecessary restrictions hurt everyone.
rebbaz royee	oakland, CA	2014-01-29	As a climber, I specifically visit places that I can climb at. ie, I have been to France, not to visit Paris, but rather to climb in Fontainebleau. Thus, without a source of climbing in Hawaii, I will likely choose a different tropical destination that will benefit from my tourist dollars.

Clarissa Gosney	Honolulu, HI	2014-01-29	I learned how to climb on these beautiful routes and was devastated when they were shut down. Climbing is an amazing way to explore and truly experience the Island. Please save our climbing spots!
Mark Denzer	Honolulu, HI	2014-01-29	Improve tourism with free access. Allow my family access.
Elle Robertson	Annapolis, MD	2014-01-29	The land held by the state does not belong to the government but to the citizens who put that government in place. Public land needs to remain open to the public. The government must pass SB1007 to ensure land remains accessible. As someone who has enjoyed hiking and climbing on Oahu, Kauai, Maui, Lanai, and the Big Island, I am a responsible citizen who engaged in these activities knowingly at my own risk. I strongly believe in personal responsibility. Others who engaging in similar activities must accept the risks associated with their choices. Pass SB1007 to enact liability protections against unwarranted lawsuits and to keep land accessible.
elton sales	Goose Creek, SC	2014-01-29	Love coming back home every year and hike on the beautiful trails
Liz Croegaert	Honolulu, HI	2014-01-29	As an avid hiker and trail runner, with the utmost respect for the land here, I would never hold the state responsible for my own actions in the mountains. Those that oppose this bill are only searching for money, and those who abuse the current laws should not be hiking these dangerous, yet magnificent mountains. This bill will help to make our trails safer, and help us enjoy the land at it's best.

OLGA VOVK	GAITHERSBURG, MD	2014-01-29	I AM A HIKER AND I LOVE TO SPEND MY VACATION IN HAWAII - BIG ISLAND, AND I "o not want to see access to mountain sports across the Hawaiian Islands denied or restricted because the lobby for a small group of trial attorneys holds the rest of us hostage."
