Comments: I am in support of HB 648. This is a good bill to make sure funds are not improperly taken from special funds or federal funds, as such funds are "non-general" funds, then transferred to "general funds," which then may be used for other programs.

Please note that testimony submitted less than 24 hours prior to the hearing, improperly identified, or directed to the incorrect office, may not be posted online or distributed to the committee prior to the convening of the public hearing.

Comments: I support HB648, because it provides the Legislature the review over non-general funds being transferred to general funds by the Budget of Finance Department. This measure gives the Legislature insight and the ability to review the state funding and to protect against funds being raided from one special fund placed to the general fund without reason. Thank you for allowing me to provide my testimony in support of HB648. Alan Garcia Hawaii Resident

Comments: I support HB648 as this allows the Legislature the ability to follow the transfer of non-general funds to general funds by the administration. This measure will establish accountability and transparency of non-general fund transfers by the administration. Sandra Sims
