**Subject:** Bill HB66 Driving Under the Influence of Intoxication

Committee,

My name is Albert Dale Lambert and I support the Bill HB66. I attended the hearing 13Feb20013 in supporting the Bill HB66 Driving Under the Influence of an Intoxication. I made a testimony regarding my experience of being charged with DUI twice on the same day. But did not include that the Police department had conveniently have a ATM in the station to make it that much easier to make bail. Once released I received my keys back from the police Department and I drove home to get pulled over again. At this point I was charged again for a second DUI within 3 hrs. Due to the lack of my poor judgement on the first DUI I endanger others and myself. For the second DUI I feel the Police Department endanger myself and others for the releasing me.
