Comments: I believe that the various county councils should have this right. We are particularly in a conundrum here on Kauai related to smoke emissions from fireplaces. Our county here is willing and attempting to help, but have been told their powers are limited due to the confines of the current laws which reside with the state. Please do what is in the best interest of the individual islands and let the counties decide what is best for its residents.

Please note that testimony submitted less than 24 hours prior to the hearing, improperly identified, or directed to the incorrect office, may not be posted online or distributed to the committee prior to the convening of the public hearing.
