ARTS

RE: HR 59/HCR 84 – Urging the State and State Entities to Support the Hokule`a and Her Crew as they Journey Around the World

Chair Takai, Vice Chair Ito, and members of the Committee:

My name is Robert Witt, President and Chief Executive Officer of the Hawaiian Educational Council (HEC). In a partnership between HEC and the Polynesian Voyaging Society (PVS), Nainoa Thompson and I have founded the Mālama Honua Learning Center (MHLC), a public charter school committed to providing the students of Hawai`i a rigorous, values-based, and place-based education. MHLC stands to provide the community with a school dedicated to indigenous cultural values that nourish goodness; in addition to helping students develop into wise, compassionate navigators of their learning, lives and 21st century global world. The purpose of the school is to perpetuate the invaluable learning opportunities that will arise after the Worldwide Voyage (WWV).

HEC is in strong support of HR 59/HCR 84, resolutions that would urge the state and state entities to support the Hokule`a and her crew as they journey around the world.

The WWV serves to teach us, as well as future generations, lessons of environmental justice such as sustainability and social justice issues such as learning to mālama honua with one another.

Thank you to the House for its leadership in recognizing this historical voyage with these resolutions and for the opportunity to testify in strong support of them.
