Hearing on Senate Bill 1256  
Relating to the Pacific International Space Center for Exploration Systems (PISCES)  
State Capitol, Conference Room 308

Aloha Chair Luke and Vice Chair Nishimoto!

Enterprise Honolulu stands in strong support of Senate Bill 1256, the purpose of which is to appropriate the necessary funds for the operations and the purchase of equipment required for PISCES activities during fiscal year 2013-14.

The PISCES initiative is showing tremendous promise supporting Hawaii's existing robotics programs, STEM education and connecting students to future new technological opportunities. We ask for your legislative support.

Please feel free to contact me directly should you have any questions.

Sincerely,

  
Mark McGuffie
