Comments: Support SB41 SD1 in its revised form. The Senate, in considering SB41, directed interested stakeholders to work together in reaching a consensus for language to provide clarification of the on island contact, including what a local contact can and cannot do. The language in the revised SB41 SD1 reflects the consensus of the stakeholders. Thank you for the opportunity to provide testimony.

Comments: The Senate took a great deal of time addressing the need for clarification of the on island contact and allowed interested stakeholders to work together and reach a consensus on the role of a local contact, including what a local contact can and cannot do. I believe this language is accurately reflected in House Bill 41 SD1. I support the bill as currently drafted.
