Comments: As a proud life member of the Vietnam Vets/Legacy Vets Motorcycle Club and State Captain of the Patriot Guard Riders and an active member of Hawaii's motorcycling community, I take great offense at the intent of this bill. It is in essence nothing short of an attempt to coerce the state's motorcycle riders to commit to wearing helmets through the threat of higher registration, licensing and vehicle's fees and taxes. In other words; government approved blackmail! If you are truly interested in protecting Hawaii's motorcycle riding citizen's perhaps you could invest funds in motorcycle awareness education for Hawaii's auto drivers as both of the accidents I was involved in were caused by inattentive drivers who immediately claimed "They Didn't See Me!" We all know that we are essentially putting our lives on the line each time we swing a leg over the bike, so it's our responsibility to do what we can to survive. I am not anti-helmet and almost always wear one, but this is a matter of choice. Let the one that rides decide!

Comments: Hawaii needs something in place to help save lives of motorcycle riders too many fatalities are followed by the words "individual was not wearing a helmet".

Comments: This bill is just another attempt to coerce more money out of a group of people (motorcyclists) to pad the government coffers. Perhaps if the money were going to offset treating helmet-less motorcyclists in the hospital, but it isn't.

Please note that testimony submitted less than 24 hours prior to the hearing, improperly identified, or directed to the incorrect office, may not be posted online or distributed to the committee prior to the convening of the public hearing.

Comments: Pay double if we wish to NOT wear a helmet is ridiculous. Motorcycle accidents/deaths on the island are not caused by helmets and would not be reduced by mandating having to wear one. Alcohol, exhaustion, inattentiveness to traffic and weather conditions and speed are the root causes. High Speed accident head injuries are also not mitigated by usage of helmets. Best way to prevent high speed accidents is to penalize individual speeders, not a group of individuals not involved.

Comments: I am unable to attend the hearing due to being out of state. I oppose this bill because I truly believe that our liberties and freedoms as motorcycle riders should not be infringed upon by legislation. I've been in accidents with wearing a helmet and not wearing a helmet. It is a choice I take when I get on my motorcycle. Helmets can often times cause mishaps or mistakes while riding and can often times limit a rider's view of being able to see what is around him/her while riding.

Comments: This bill is unfair and wrong. The City should not collect taxes from riders who do not wear helmets. It looks like the City is trying to find a way to make more money and penalize bikers.

Submitted By	Organization	Testifier Position	Present at Hearing
Javier Navarrete	Individual	Oppose	No

Comments: The way that this bill is written makes it quite clear that the motivation behind it is not about public safety, but raising still more revenue from our already overtaxed community. The corruption of this body is well known all over the nation, and with this bill, more evidence of that fact is provided . If this bill were about public safety, Senator English would have proposed a discount for individuals who elect to wear a helmet rather than increasing it for those who value their freedom of choice. Shame on you Kalani English. The motorcycle community, and we are legion, will remember your name and the names of anyone else who works to seperate us from our freedom of choice. The next time you need our support, we will remember your treachery. We Vote.

Comments: This is prejudice towards motorcycle riders. More pedestrians are killed due to head injury than motorcyclists. Real research should be done by an independent group, not the study groups sponsored by the insurance industry. The actual stats on head injury related fatalities are: #1 automobiles #2pedestrians #3bicyclists #4motorcyclists. In addition, if you politician had even the slightest bit of knowledge on this subject you would know motorcycle safety helmets are only designed to protect users in a fall at 15mph or less. Keep Hawai'i free... don't tell the people how they MUST dress.
