Re: SB 666 SD 1

LATE

To: The Honorable Senator Ige and the members of their committees.

Aloha,

The Community Alliance for Mental Health along with United Self Help strongly supports SB 666 SD 1. Disregarding the bill number we think that this is a great idea and fitting for its time. I hope that we are proving every day that individual advocacy for those in need works.

There is no more trying time than when an individual is stressed and suffering in crisis in the waiting room of a hospital or clinic. Whether it is about oneself or a loved one it is hard to worry rationally about simple tasks when life and death come to the fore. Therefore there could be nothing of greater service than someone who would step up, seemingly out of the blue, to help you plan and take care of those necessities which at that moment seem to you of little to no import.

We applaud this idea.

Mahalo,
Robert Scott Wall
Vice-President

Comments: Please support SB666 to establish patient advocacy. Doing so can: 1) begin to address the needs of patients who are not being adequately served by our health care delivery system, and 2) provide alternative and preventive care options to help reduce the need for higher cost emergency services.
