SB693

Submitted on: 3/12/2013

Testimony for TRN on Mar 13, 2013 10:30AM in Conference Room 309

Submitted By	Organization	Testifier Position	Present at Hearing
Myra Munekata	Individual	Support	No

Comments: I supported the bill last year and urge your adoption this year! Those who run red lights endanger other road users who are following the law and proceeding when they have the green light. Red light runners should be caught and deterred by the best camera technologies available so that our streets can stay as safe as possible. Everyone needs to follow the rules so we can all be safe. Mahalo!

Comments: I ride a bike everywhere all the time and daily record cars, buses, trucks, motorcycles, mopeds, and bicycles running red lights on my helmet cam. It is not only a very reckless and dangerous attitude that comes from lack of fear of consequences, it contributes greatly to traffic congestion because everyone has to wait to go on green. If everyone played by the rules, in town traffic would move much more smoothly (especially if the light timing were adjusted logically). PLEASE pass this for traffic congestion relief AND safety, and to promote a general respect for others on the roads.

David Kingdon, MPH, Paramedic	Individual	Support	No

Comments: This bill is essential. As a paramedic, I have seen an alarming trend of flagrant red-light running that is becoming a lethal new "social norm" in Hawaii. As a public health practitioner, I know that education is not enough - we need enforcement to change this behavior. This bill will literally save lives. SB693 has my strongest support, and I urge you to pass it.

Crysttal Atkins
HC 1, Box 5639
Kea'au, HI 96749

March 13, 2013

To Whom It May Concern:

I strongly support SB 693 which would establish a Photo Red Light Running program for the state of Hawai'i. Such programs have been highly successful in other states and I believe it would greatly increase safety for all users of Hawai'i roadways by reducing red light running behavior. I would suggest, however, that the definition of how funds from this program be used be amended to include improvements to pedestrian and bicycle facilities and for pedestrian and bicyclist education programs.

Mahalo for the opportunity to testify.

Crysttal Atkins
