Subject: SB 995, Relating to Irrigation Water Development, STRONG SUPPORT

Chairs, Vice Chairs, and Committee Members:

*"The significant problems we face cannot be solved at the same level of thinking we were when we
created them." ~ Albert Einstein.*

I strongly support SB 995. The time has come to improve the lifeline of Hawaii's rapidly-changing
agricultural industry. We desperately need this bill to allow the Department of Agriculture to perform at a
new level and conquer the water resource obstacles ahead.

Thank you for this opportunity.

Best always,
