House Committee on Consumer Protection and Commerce

From: Mark Sektnan, Vice President

Re: **SCR 159 SD1 -Working group on electronic notices and documents**
PCI Position: Support

Date: Thursday, April 18, 2013
10:30 a.m., Conference Room 016

Aloha Chair McKelvey and Members of the Committee:

The Property Casualty Insurers Association of America (PCI) is pleased to support Senate Concurrent Resolution 159, which would request the Insurance Commissioner to convene a working group to explore the use of electronic transmission of insurance notices and documents.

PCI is a national trade association consisting of more than 1,000 member insurance companies of all sizes and types. In Hawaii, PCI members write \$721 million of premium (\$336.6 million – personal lines and \$384.1 million – commercial lines), about 35 percent of the state’s general insurance market. In Hawaii, PCI members also represent 44.1 percent of the personal auto market. More than 220 PCI members provide insurance to Hawaii’s individuals and businesses. Among this group, seven PCI members are headquartered in Hawaii.

PCI appreciates the opportunity to be a member of the proposed working groups and brings both national resources and a local perspective to the issues which will be addressed by the working group. Currently, PCI is a member of the SB 495 working group looking at creating a system of on-line verification for motor vehicle insurance.

For these reasons, we urge the committee to pass this resolution.
