Re: Resolutions HCR 72/SCR 178

Dear Honorable Committee Members:

The Hawaii Operating Engineers Industry Stabilization Fund (HOEISF) is a labor management fund representing about 4000 unionized members and 500 general contractors. On behalf of the HOEISF, we urge you to oppose Resolutions HCR 72 and SCR 178.

We respectfully remind the Committees that Hoopili has already went through the process of being classified under the land use commission for urban use for population growth in East Kapolei.

Through years of careful planning and community input, Hoopili has been designed to stimulate the economy in West Oahu by creating jobs and housing at all price ranges with numerous parks and open spaces. Hoopili has responded to the communities concern by promoting green, sustainable designs as well as including several community garden sites and farmers' markets throughout the development.

Page 2

HOEISF urges the chairs and committee members to oppose these resolutions and allow West Oahu to proceed with Hoopili.

Thank you very much.

Sincerely,

A handwritten signature in cursive script that reads "John R. Monis".

John R. Monis
Interim Executive Director
HOEISF

Dear Senator Solomon,

The State, City and County and Castle and Cook have a historic opportunity to make land swaps for Koa Ridge to keep it in agriculture. Our eyes are open now and the community, your constituents, sees the critical importance of saving our ag lands for growing food. Please, please do the right thing by supporting the implementation of this resolution.. To allow this prime agricultural acreage on O'ahu to be zoned for housing is simply crazy and we MUST correct this horrendous mistake while there is still a possibility. You will be forever blessed by future generations for righting this wrong. Mahalo nui loa for taking this courageous action.

Respectfully yours,
Judith Flanders
