

STATE OF HAWAII
DEPARTMENT OF EDUCATION
P.O. BOX 2360
HONOLULU, HAWAII 96804

Date: 04/04/2013

Committee: Senate Ways and Means

Department: Education

Person Testifying: Kathryn S. Matayoshi, Superintendent of Education

Title of Resolution: SCR 096/SR 062 COMMENDING THE JUMP START TASK FORCE ON THE CREATION OF THE JUMP START PROGRAM, ENCOURAGING EXPANSION OF THE PROGRAM TO SCHOOLS ON THE ISLANDS OF MAUI AND HAWAII, AND REQUESTING THE DEPARTMENT OF EDUCATION AND THE UNIVERSITY OF HAWAII COMMUNITY COLLEGES TO CONTINUE THEIR SUPPORT OF THE PROGRAM

Purpose of Resolution: Education; Jump Start Task Force; Career and Technical Education

Department's Position:

The Department of Education (Department) strongly supports these resolutions as long as its expansion does not replace or adversely impact the Department's priorities set forth in the Executive Budget for Fiscal Biennium 2013-2015 and aligns with our Strategic Plan.

Testimony presented before the
Senate Committee on Ways and Means
April 4, 2013 at 9:50 am
By Karen C. Lee, Ed.D.
Executive Director, Hawaii P-20 Partnerships for Education

SCR 96: Commending the Jump Start Task Force on the Creation of the Jump Start Program, Encouraging Expansion of the Program to Schools on the Islands of Maui and Hawaii, and Requesting the Department of Education and the University of Hawaii Community Colleges of Continue Their Support of the Program

Chair Ige, Vice Chair Kidani and Members of the Committees:

Hawaii P-20 strongly supports SCR 96 which commends the creation of the Jump Start Program, encourages expansion, and requests continued support by the Hawaii DOE and UH. There is compelling research across the nation on the positive impact of “early college” programs to engage students in learning, to increase high school graduation rates, and to increase college-going rates. A very recent study in 2013 cited by *The Teachers College Record* at Columbia University states that students in early college programs (such as Jump Start) had better attendance, lower suspensions, and high levels of engagement in learning.

The level of support by the Hawaii DOE high schools and the participating UH community colleges, as well as the support by the legislature and the Office of Senator Jill Tokuda, have been essential to the success of the students in the cohorts thus far.

Hawaii P-20 has been involved in the Jump Start task force from its inception, and remains highly committed to the continuation and expansion of the program.

Thank you for this opportunity to testify.

UNIVERSITY OF HAWAII SYSTEM

Legislative Testimony

Testimony Presented Before the
Senate Committee on Ways and Means
April 4, 2013 at 9:50am
WRITTEN TESTIMONY
Honolulu Community College, University of Hawai'i

SCR 96 – COMMENDING THE JUMP START TASK FORCE ON THE CREATION OF THE JUMP START PROGRAM, ENCOURAGING EXPANSION OF THE PROGRAM TO SCHOOLS ON THE ISLANDS OF MAUI AND HAWAII, AND REQUESTING THE DEPARTMENT OF EDUCATION AND THE UNIVERSITY OF HAWAII COMMUNITY COLLEGES TO CONTINUE THEIR SUPPORT OF THE PROGRAM.

Chair Ige, Vice Chair Kidani, and Members of the Committee:

Honolulu Community College (HCC) stands in support of Senate Concurrent Resolution 96, which commends the Jump Start task force. HCC as well as our sister campus, Kap'iolani Community College, have worked diligently with our high school partners in the DOE to make this program a success. Kaimuki, McKinley, Roosevelt, and Farrington High Schools have given of their time and resources to establish a framework of success for the Jump Start Program.

The Jump Start program allows high school seniors who are interested in a Career and Technical Education (CTE) program at one of the community colleges (CC) now have the opportunity to attend the CC full time while still enrolled in their home high school. These students are supported on the CC campus by counseling staff at both the community college and their home school.

We ask for your support in passing this measure.

SCR96

Submitted on: 4/2/2013

Testimony for WAM on Apr 4, 2013 09:50AM in Conference Room 211

Submitted By	Organization	Testifier Position	Present at Hearing
Ron Umehira	Leeward Community College	Support	No

Comments: On behalf of the Career and Technical Education (CTE) Programs at Leeward Community College, we would like to lend our enthusiastic support for the Jump Start Program to continue and expand the number of high schools and community colleges statewide. Leeward Community College has partnered with Campbell, Kapolei, Nanakuli, Pearl City, Waipahu, and Waianae High Schools in the Jump Start Program starting in Fall 2013. We are expecting between 12 - 15 high school seniors to enroll in our Automotive, Accounting, Business Technology, Culinary Arts, Health Information Technology, and Management Programs. Last month, Leeward Community College invited the Jump Start students and their parents to an orientation session to be briefed on what to expect in their designated CTE Program of Study and the College. The students and parents were very appreciative and excited about the Jump Start opportunity and are looking forward to getting started in the fall semester. Mahalo for your continued support of the Jump Start Program. Aloha, Ron Umehira Dean of Career and Technical Education Leeward Community College 455-0321

Testimony in Support of SCR 96

Continuation and Expansion of the “Jump Start” Dual Enrollment Program

Aloha, Chair Ige, Vice Chair Kadani, and members,

My name is Frank Haas, Dean for the Career and Technical Education programs at Kapi'olani Community College and I am testifying in support of Senate Concurrent Resolution 96.

Kapi'olani Community College has been a part of the Jump Start pilot project since its inception. The pilot project has been very successful in developing the procedures and guidelines necessary to enable Jump Start to move from an experiment to an important part of an integrated Department of Education/Community College Career and Technical Education program. We have successfully enrolled two cohorts of high school students into our CTE programs and are about to enroll a third cohort in the fall.

Jump Start provides an opportunity for students who are focused on career and technical education to literally “jump start” their CTE education. Often these students do not have access to the CTE programs that interest them at their high schools. Furthermore, enrolling in a Community College CTE program in their senior year keeps them motivated by engaging them in subject matters that spark their interest and enthusiasm. In addition to these benefits, the Jump Start program provides students with the opportunity to accelerate their academic career and, not incidentally, to save money.

The Jump Start pilot project has been a successful example of partnership between the University of Hawai'i system, the Department of Education, and individual Community Colleges and High Schools.

We see Jump Start as an excellent program which can expand the impact of Career and Technical Education training in Hawai'i.

Thank you for providing me with the opportunity to testify on this innovative and successful program.
