I. Background and Summary

1. A brief description of the applicant's background:

The Ewa Beach Community Based Development Organization (Ewa Beach CBDO) is a 501(c)(3) nonprofit organization that is based in Ewa Beach. The agency's mission is to mobilize the community through economic stimulation and neighborhood bonding to create a community in which the residents can live, work and play. The organization has six (6) objectives:

Objective 1: Establish a Community Based Development Organization to identify, develop, implement and monitor social, economic and community development projects in the Ewa Beach Neighborhood Revitalization Strategy Area (NRSA).

Objective 2: Establish a community center as a gathering place to provide increased opportunities for volunteerism, training support and increased participation in community events and activities.

Objective 3: Increase opportunities for youth.

Objective 4: Establish a business incubator and marketplace supporting new and existing businesses while allowing residents to gain employment and improve job skills without leaving Ewa Beach.

Objective 5: Reduce crime.

Objective 6: Improve travel in and around Ewa Beach.

2. The goals and objectives related to the request:

The Ewa Beach CBDO is proposing this program to implement an ocean-safety initiative to benefit the residents and community. The initiative consists of two components, which will include access to cultural and recreational activities for youth that promote ocean-safety and creation of jobs by offering Red-Cross Lifeguard certification to residents.

Goal: To support our families in our coastal communities by offering opportunities to participate and sustain cultural and recreational activities that promotes ocean safety and strengthens family bonding.

Objective 1: Implement Red Cross Lifeguard certification for residents to improve their personal capacity of residents and respond to the State's lifeguard shortage.

Objective 2: To provide ocean-safety opportunities for families to include a family paddle and an ocean-safety awareness fair.

3. The public purpose and need to be served:

The World Health Organization defines social determinates of health (SDOH) as conditions within an environment in a community that affects a wide range of health, functioning, and quality of life outcomes. There are many defined examples of SDOH, but the following examples listed are specific to this application¹:

- Availability of resources to meet needs
- Access to education, economic, and job opportunities
- Community opportunities for recreational and leisure-time activities
- Culture

According to the national campaign, Healthy People 2020, an approach to addressing SDOH includes a framework of five (5) key areas within a community²:

- Economic Stability
- Education
- Social and Community Context
- Health and Health care
- Neighborhood and Build environment

Addressing key components within the framework will help re-build the Ewa Beach and surrounding coastal communities into a healthier environment for its residents.

Available from: <http://www.healthypeople.gov/2010/hp2020/advisory/SocietalDeterminantsHealth.htm>.

4. Describe the target population to be served:

The Ewa Beach CBDO plans to target residents and families within the geographic areas of Ewa Beach, Kapolei and Nanakuli. The Lifeguard certifications will target thirty (30) candidates, however priority will be given to residents with Low-Median Income status (LMI).

5. Describe the geographic coverage:

The Ewa Beach CBDO is proposing to reach the communities of Ewa Beach, Kapolei, and Nanakuli.

II. Service Summary and Outcomes

1 A. Describe the scope of work:

The Ocean Safety and Awareness project will target three components that address social determinates of health within the community. The first component addresses economic development and job opportunities, while component 2, addresses community opportunities and culture, and component 3 addresses availability of resources.

Lifeguard Certifications: Ewa Beach CBDO has partnered with Safety Systems to provide Red-cross lifeguard certifications to community members in the Ewa Beach, Kapolei, and Nanakuli community to build the personal capacity of individual residents and meet the State's shortage for water safety officers. The certifications will consist of conditioning sessions prior to the certification class and a minimum of three (3) certification classes for thirty (30) residents. The agency will also assist candidates with job search and/or provide technical assistance for candidates to start a fee for service business utilizing their certifications.

Family Paddle: The Ewa Beach CBDO has partnered with a community paddling club, Kamaha'o Canoe Club to promote the sport of paddling as a cultural and spiritual experience for families. The Kamaha'o Canoe Club will train the families on the proper techniques of canoe paddling, a minimum of five (5) lessons will be offered to families of the communities of Ewa Beach, Kapolei, and Nanakuli. Families will also be given an opportunity to join the club as a family with for a subsidized fee.

Ocean Safety and Awareness Fair: The Ewa Beach CBDO has partnered with Na Kama Kai, an ocean safety and awareness charitable organization to provide three ocean safety and awareness fairs to the community that promotes ocean conservation, ocean safety, and proper use of ocean equipment.

1B. Task and Responsibilities:

Please see the Timeline/Implementation plan for task and responsibilities.

2. Provide a projected annual timeline for accomplishing the results or outcomes of the service:

Please see the Timeline/Implementation plan for task and responsibilities.

3. Describe its quality assurance and evaluation plans for the request. Specify how the applicant plans to monitor, evaluate, and improve their results:

The Ewa Beach CBDO will measure both qualitative and quantitative outcomes to determine efficiency fit during the planning and implementation process as well as effective practices during the evaluation process. This evaluation process will create a model for quality assurance measurement that can be replicated for any project.

Quantitative evaluation: Quantitative data will be evaluated throughout the planning and implementation process and will measure the effectiveness of recruitment practices, and

participation sustainment. The data will then be used to create best practices for the agency for future programs and projects.

Qualitative evaluation: Qualitative data will be evaluated at the end of the implementation process and will measure consumer satisfaction through a survey tool.

Partner monitoring: a monitoring protocol will be created through a memorandum of agreement (MOA) with the partnering agencies for accountability purposes for all agencies involved in the endeavor. The monitoring form will be measured at the end of each quarter to hold agencies accountable to the agreement and include areas for improvement.

Please see attached evaluation tools.

4. **List the measure(s) of effectiveness that will be reported to the State agency through which grant funds are appropriated (the expending agency). The measure(s) will provide a standard and objective way for the State to assess the program's achievement or accomplishment. Please note that if the level of appropriation differs from the amount included in this application that the measure(s) of effectiveness will need to be updated and transmitted to the expending agency.**

The project's effectiveness will be measured by progress toward fulfilling objectives and achievement of the proposed immediate outcomes. The immediate outcomes will provide the data that demonstrates the intervention as model strategies to address the social determinates of health. The project's immediate outcomes are detailed below:

- 1) **80% of individuals who participate in the Lifeguard Certification will become certified lifeguards.**

Ewa Beach CBDO will target thirty (30) candidates (18 years and older) in the coastal communities of Ewa Beach, Kapolei, and Nanakuli. The lifeguard certification will include conditioning classes to prepare the candidates to take the physical portion of the certification in order to ensure success.

- 2) **30% of families recruited will complete the training and register as members of the canoe club.**

Ewa Beach CBDO will target twenty (20) families in the coastal communities of Ewa Beach, Kapolei, and Nanakuli that will work with the Kamaha'o Canoe Club to train on the proper techniques of paddling, earn roles as family members on the canoe and learn to cohesively move together to accomplish a goal.

- 3) **100 community members will participate in the ocean safety and awareness fairs throughout the year.**

Families and community members will participate in the ocean safety and awareness fairs and learn about proper ocean safety and ocean conservation. There will be a minimum of two (2) ocean safety fairs throughout the year.

III. Financial

Budget

- 1. The applicant shall submit a budget utilizing the enclosed budget forms as applicable, to detail the cost of the request.**

January 30, 2014

Ms. Christiane Bolosan-Yee

Dear Ms. Bolosan-Yee,

It is my pleasure to write a letter of support for the Ocean Safety and Awareness Program proposal being submitted by the Ewa Beach Community Based Development Organization. Kamaha'o enthusiastically supports CBDO's efforts to strengthen families through the Family Paddle program and in their efforts to train new lifeguards for the Ewa community.

Kamaha'o Canoe Club and the Ewa Beach Community-Based Development Organization share a common vision for the Ewa community. Our Canoe Club's motto is "The Heart is the strongest muscle." Families are the heart of our community and our vision at Kamaha'o is to strengthen families through cultural education and outrigger canoe paddling; one of the few ocean sports where the entire family can participate together.

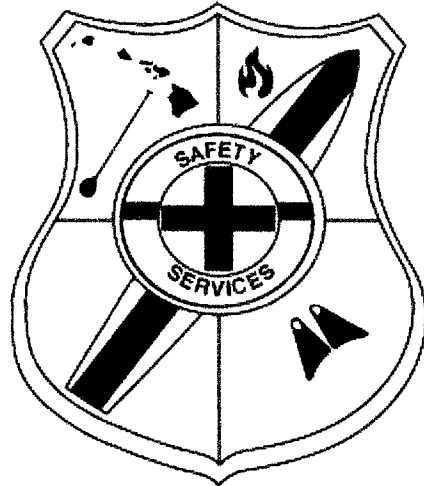

In partnering with CBDO, we will be reaching out to lower income families that would otherwise not have the opportunity or funds available to join a canoe club as a family. We are looking forward to supporting CBDO through providing family paddle lessons, providing lifeguard strength and conditioning classes, and supporting two ocean safety and awareness events. It is our hope that these programs will strengthen families and increase the number of families in the Ewa Beach community that participate in outrigger canoe paddling.

In conclusion, our canoe club fully supports the efforts of Ewa Beach Community Based Development Organization as they seek external funding to support the area programs which will help strengthen families, increase cultural awareness, and improve ocean safety for the benefit of our families, keiki and the community at large.

Sincerely,

Board Member, Kamaha'o Canoe Club

Attn: Christiane Bolosan-Yee, Executive Director of Ewa Beach Community Based Organization

Safety Service's Hawaii is proud to offer our American Red Cross Training program to such an amazing initiative. We are excited about your efforts to promote the local Oahu/Ewa Beach Economy, create jobs, and promote lifesaving!

With our 15 years of Lifeguard experience from local pools to the dangerous coast of Oahu's North Shore, we are poised to give the best possible training service to the community of Ewa Beach and the Leeward coast.

We Look forward to speaking further and providing Red Cross Water Safety/ Lifeguard certifications to the local community of Ewa Beach.

Aloha,
