## Application for Grants and Subsidies

### I. Background and Summary

#### 1. A brief description of applicants background:

Applicant is a 501 ( c ) ( 3 ) designated nonprofit Community Action Agency established in May 1965 under the Hawaii Economic Opportunity Council Act of 1964 with the mission of alleviation, prevention and eliminations of poverty conditions in Hawaii County.

#### 2. The goals and objective related to the request:

Goal: The requested Capital Grants will have within a 12 month period, established an income producing, self sustaining botanical garden to enhance visitor attraction within the periphery of Rainbow Falls with the outcome of providing job training and placement activities for welfare recipients supported by income from entrance fee donations and gift shops sales that will provide an avenue for visitor spending.

#### Objectives:

- (a) To have established a botanical garden within a 12 month period.
- (b) To have placed 40 recipients of Temporary Assistance to Needy Families (TANF) in job training and placement activities through the First to Work program within the project.
- (c) The botanical garden will have enhanced visitor attraction within the periphery of Rainbow Falls and provide an avenue for visitor spending from zero to an estimated \$5000 per day or \$150,000 per month.

#### 3. The public purpose and need to be served:

##### (a) A public purpose:

- Enhancement for visitor attraction at Rainbow Falls
- Job creation for TANF recipients for the reduction of welfare clients in East Hawaii.

##### (b) Needs:

Hawaii County is the largest of four counties in the State with an area of apparently 4,020 square miles, roughly the size of the State of Connecticut. It is this county which imported the most field hands for the sugar industry and to this day has 30 small

communities (former plantation camps) within a widely dispersed 260 mile perimeter.

The population count by 2010 Census Summary was as follows:

<b>County</b>	<b>Population</b>	<b>% of State Population</b>
Hawaii County	185,079	13.6%
Oahu	953,207	70%
Kauai	67,091	4.9%
Maui	154,834	11%
Kalawao	90	
State Total	1,360,301	

(c) Analysis of needs for East Hawaii

1. More than two decades ago, the closing of the sugar industry, the mainstay of this county’s economy for over 100 years, has caused persisting social and economic problems with the lack of new industries to take the place of sugar in its magnitude. East Hawaii is cursed with the seemingly never-ending social and economic calamities for more than 25 years.

2. Unemployment Rates (Source: DLIR, Dec 2013)  
 Hawaii County’s unemployment rate for December 2013 is 5.9%, the highest in the state. Census track data for East Hawaii has an average unemployment rate of 8% compared to 3.8% average in West Hawaii. (Source: Department of Labor and Industrial Relations, December 2013)

UNEMPLOYMENT RATES – DECEMBER 2013

Hawaii County	5.9%
Oahu	3.8%
Kauai	5.1 %
Maui	4.6 %

d) Per Capita / Personal Income:

Hawaii County	\$33,398
Maui County	\$ 37, 909
Kauai County	\$ 38. 392
Oahu	\$ 48, 529

Hawaii County per capita income of \$33,398 is the lowest of the four counties of this state. (Source: State of Hawaii Data Book, 2012)

Temporary Assistance to Needy Families (TANF) and Snap (Food Stamps) recipients. East Hawaii of Hawaii County has the highest percentage of TANF recipients in the state in proportion to its population. Two times more than Maui County and three times more than Oahu and Kauai.

TANF Recipients

	Recipients	Population	Percentage
East Hawaii	4,871	123,376	.0395
West Hawaii	1,307	61,703	.0210
Oahu	11,794	953,207	.0124
Kauai	822	67,091	.0122
Maui County <small>*Molokai/Lanai Included</small>	2,413	154,834	.0156
Total	21, 207		

SNAP Recipients

	Recipients	Population	Percentage
East Hawaii	33,174	123,376	27
West Hawaii	15,424	61,703	25
Oahu	112,506	953,207	12
Kauai	9,984	67,091	15
Maui County <small>*Molokai/Lanai Included</small>	23,661	154,834	15
Total	194,749		

4. Population to be served:

- a) 100 percent of the 40 projected participants will be selected from among the eligible TANF recipients for the operation of the botanical gardens, once established.
- b) Another population to be served is an estimated minimum of 700 visitors daily from among the 1,500 to 2,000 visitors coming to Rainbow Falls.

5) Geographic Coverage:

The 40 project participants will be selected from those TANF Recipients residing in North and South Hilo, lower and upper Puna Districts.

II. Service Summary and Outcomes:

1. It is noted here that the grant is for Capital request only to establish the botanical garden. Once established, project operation funds will be provided by State DHS First to Work program for stipends for the 40 TANF Recipients during training, and Federal CSBG funds and project income to sustain the project

The Capital Request is for the construction of a pavilion 40'x 60', a performing stage, a concrete pathway through the garden, plumbing and electrical work. The Capital Request is also for the purchase of equipment, a video projector, video screen, a computer and tables and chairs for viewing the Rainbow Falls at different phases; of water flows cascading downward to the lake below. This is critical to the viewers since Rainbow Falls is not continuously flowing water. During drought period, no water flows, and during down-pour the water turns brown with no resemblance to the usual beautiful water flow of Rainbow Falls; should the visitors arrive during these times, the visitor will appreciate the phases of the water shown in the video screen.

The site of the proposed botanical garden was acquired by an Executive Order of the State Governor. The property of 2.23 acres with the stipulation that the property be used for government and community services. The property is identified as a portion of TMK 3<sup>rd</sup> / 2-3-26.8 also known as the former Hawaii Job Corps site and currently encumbered by Executive Order No 3773 to County of Hawaii.

For the past seven years, the number of passengers has been steady with more than 200,000 passengers per year coming to Hilo by ship. About 800 visitors from the cruise ships are transported to Rainbow Falls Park, The only worthwhile visitor attraction in the heart of Hilo by buses. Many others come to Rainbow Falls in rental cars, Taxis, and vans, increasing the number of visitors to Rainbow Falls to an average of 1,700 to 2,000 visitors per day.

However, unfortunately, besides viewing the falls, for a short period, there are no other attractions.

Our proposed Botanical garden will definitely enhance visitor attraction and an opportunity for visitors to expand a modicum of funds for gift items and donation of entrance for our garden.
