
A BILL FOR AN ACT

RELATING TO BIOFUELS.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that zero waste biofuel
2 research and development is essential to enhance Hawaii's food
3 and energy security. The zero waste concept will provide
4 farmers additional income from their crops by selling farm waste
5 as feedstock that can be converted into oil and high protein
6 feed. This process can include agricultural waste products
7 derived from papaya and sugar cane production or other low-value
8 streams of organic material farmed or otherwise.

9 The purpose of this Act is to allocate, for every 15 cents
10 of the environmental response, energy, and food security tax
11 that is deposited into the energy security special fund and the
12 agricultural development and food security special fund,
13 respectively, 1.5 cents of each deposit to the agribusiness
14 development corporation as investment capital for research and
15 development partnerships with entities and enterprises for zero
16 waste biofuel production.

17 SECTION 2. Section 243-3.5, Hawaii Revised Statutes, is
18 amended by amending subsection (a) to read as follows:

1 "(a) In addition to any other taxes provided by law,
2 subject to the exemptions set forth in section 243-7, there is
3 hereby imposed a state environmental response, energy, and food
4 security tax on each barrel or fractional part of a barrel of
5 petroleum product sold by a distributor to any retail dealer or
6 end user of petroleum product, other than a refiner. The tax
7 shall be \$1.05 on each barrel or fractional part of a barrel of
8 petroleum product that is not aviation fuel; provided that of
9 the tax collected pursuant to this subsection:

- 10 (1) 5 cents of the tax on each barrel shall be deposited
11 into the environmental response revolving fund
12 established under section 128D-2;
- 13 (2) 15 cents of the tax on each barrel shall be deposited
14 into the energy security special fund established
15 under section 201-12.8[+], 1.5 cents of which shall be
16 allocated to the agribusiness development corporation
17 as investment capital for research and development
18 partnerships with entities and enterprises for zero
19 waste biofuel production;
- 20 (3) 10 cents of the tax on each barrel shall be deposited
21 into the energy systems development special fund
22 established under section 304A-2169; and

1 (4) 15 cents of the tax on each barrel shall be deposited
 2 into the agricultural development and food security
 3 special fund established under section 141-10[-], 1.5
 4 cents of which shall be allocated to the agribusiness
 5 development corporation as investment capital for
 6 research and development partnerships with entities
 7 and enterprises for zero waste biofuel production.

8 The tax imposed by this subsection shall be paid by the
 9 distributor of the petroleum product."

10 SECTION 3. Statutory material to be repealed is bracketed
 11 and stricken. New statutory material is underscored.

12 SECTION 4. This Act shall take effect upon its approval,
 13 and shall be repealed on June 30, 2015; provided that section
 14 243-3.5, Hawaii Revised Statutes, shall be reenacted in the form
 15 in which it read on June 30, 2010, pursuant to Act 73, Session
 16 Laws of Hawaii 2010.
