## A BILL FOR AN ACT

RELATING TO AGRICULTURAL LANDS.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1           SECTION 1. The legislature finds that it is extremely  
2 important to support food sustainability and self-sufficiency.  
3 In addition, agricultural lands must be preserved to effectuate  
4 food growth in the State.

5           The purpose of this Act is to promote food sustainability  
6 and self-sufficiency by:

- 7           (1) Creating the agribusiness land and facilities special  
8 fund;
- 9           (2) Authorizing the agribusiness development corporation  
10 to subdivide agricultural lands and requiring counties  
11 to enact an agriculture subdivision code to promote  
12 agriculture; and
- 13           (3) Enabling the agribusiness development corporation, in  
14 concert with the department of agriculture, to acquire  
15 certain agricultural lands through the issuance of  
16 revenue bonds.

1 SECTION 2. Chapter 163D, Hawaii Revised Statutes, is  
2 amended by adding two new sections to be appropriately  
3 designated and to read as follows:

4 "§163D- Agribusiness land and facilities special fund.

5 (a) There is established in the state treasury the agribusiness  
6 land and facilities special fund, which shall be administered by  
7 the corporation and into which shall be deposited:

8 (1) Appropriations made by the legislature to the fund;

9 (2) All revenues from the corporation's operations as  
10 allocated by the corporation;

11 (3) All revenues received by the corporation from the  
12 lease, management, and operation of agricultural lands  
13 identified in section 3 of Act , Session Laws of  
14 Hawaii 2014; and

15 (4) Any matching funds or funds from private, nonprofit,  
16 county, or federal sources.

17 (b) Moneys in the agribusiness land and facilities special  
18 fund shall be used for the operation, management, and  
19 maintenance costs relating to the agricultural lands identified  
20 in section 3 of Act , Session Laws of Hawaii 2014. The  
21 corporation may use contributions of money, labor, materials,

1 and property that may be otherwise available from any person or  
2 instrumentality.

3 §163D- Subdivision; agricultural lease; lease rent  
4 collection contract; rules. (a) The corporation may subdivide  
5 agricultural lands that are owned or controlled by, or under the  
6 jurisdiction of any state agency and may exempt the subdivided  
7 lands from infrastructure and road requirements, as necessary,  
8 to encourage farming.

9 (b) Each county shall enact an agriculture subdivision  
10 code to promote agriculture. In the event that there is no  
11 county agriculture subdivision code by 2015, the corporation may  
12 establish one.

13 (c) The corporation may offer for lease the subdivided  
14 agricultural lands to farmers and shall give priority  
15 consideration in awarding leases to farmers who produce, raise,  
16 or grow agricultural or livestock products in the State for  
17 consumption in the State.

18 (d) The corporation may contract with nonprofit entities  
19 or financial institutions relative to land management,  
20 collection of rent and lease, and enforcement of nonpayment."

21 SECTION 3. (a) The legislature finds that the lands  
22 identified in this section contain soil qualities and growing

1 conditions that support agricultural production of food, fiber,  
2 or fuel- and energy-producing crops. These lands also have  
3 sufficient quantities of water to support viable agricultural  
4 production.

5 The legislature further finds and declares that the lands  
6 identified in this section are the type of agricultural lands  
7 that should be preserved and protected pursuant to article XI,  
8 section 3 of the Hawaii state constitution.

9 (b) The agribusiness development corporation, pursuant to  
10 chapter 163D, Hawaii Revised Statutes, and part III of chapter
