
A BILL FOR AN ACT

RELATING TO CONSUMER PROTECTION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that twenty-seven states
2 have laws on ticket scalping. These laws vary from complete
3 bans on ticket scalping; capping the profit that ticket scalpers
4 can make; restricting the time, place, and manner of ticket
5 scalping; and regulating scalpers through licensing and other
6 requirements. Twenty other states do not regulate ticket
7 scalping at the state level and leave the regulation of ticket
8 scalping up to local authorities. However, the legislature
9 further finds that Hawaii only prohibits ticket scalping at
10 boxing and mixed martial arts events.

11 The legislature additionally finds that when events sell
12 out, a secondary market of profiteers, known as scalpers, begins
13 to profit from the scarcity of tickets, much to the dismay of
14 potential buyers who were unable to acquire tickets through
15 primary channels. The resale of tickets at prices far in excess
16 of the tickets' face value hurts all parties connected with a
17 promotion, except the scalper. The use of illicit computer
18 software, known as bots, to electronically circumvent the ticket

1 buying process also impedes the public's fair access to ticket
2 sales.

3 The legislature therefore concludes that state regulation
4 of ticket sales practices and ticket scalping will benefit
5 Hawaii consumers.

6 Accordingly, the purpose of this Act is to:

- 7 (1) Prohibit the sale of tickets to an exhibition, game,
8 concert, and other events at prices greater than the
9 sum of the price printed on the ticket, any lawful
10 taxes collected, and any reasonable charge for
11 services;
- 12 (2) Specify that no ticket sales for events in Hawaii
13 shall commence before 8:00 a.m. Hawaiian standard time
14 or before the primary ticket seller commences ticket
15 sales, whichever is later;
- 16 (3) Specify requirements for tickets sold or offered for
17 sale through an internet website;
- 18 (4) Establish requirements for disclosures relating to
19 fees and taxes and number of available tickets;
- 20 (5) Establish remedies for violations of event ticket
21 sales practices and ticket scalping; and

1 (6) Make the circumvention of online ticket purchase
2 limits through the use of illicit computer software a
3 misdemeanor.

4 SECTION 2. Chapter 481B, Hawaii Revised Statutes, is
5 amended by adding a new part to be appropriately designated and

7 the rights set forth in this part shall be void as contrary to
8 public policy.

10 purchase or sale of a ticket subject to this part shall be
11 enforceable against any consumer.
