
A BILL FOR AN ACT

RELATING TO MEDIA INFRASTRUCTURE.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that the film industry in
2 Hawaii is an important component of a diversified economy and
3 that its financial impact can be strengthened significantly if
4 existing incentives for the industry are adjusted.

5 There has been a dramatic increase in the number of state
6 and local governments attempting to attract film productions.
7 These jurisdictions have experienced dramatic increases in in-
8 state spending and significant growth in workforce and
9 infrastructure development. Greater numbers of productions in
10 Hawaii would stimulate more direct and indirect tax revenue.

11 The legislature also finds that it is desirable to provide
12 tools to the film industry to encourage similar dramatic growth
13 in Hawaii because the film industry:

14 (1) Infuses significant amounts of new money into the
15 economy, which are dispersed across many communities
16 and businesses and which benefit a wide array of
17 residents;

18 (2) Creates skilled, high-paying jobs;

- 1 (3) Has a natural dynamic synergy with Hawaii's top
- 2 industry, tourism, and is used as a destination
- 3 marketing tool for the visitor industry; and
- 4 (4) Is a clean, nonpolluting industry that values the
- 5 natural beauty of Hawaii and its diverse multicultural
- 6 population and wide array of architecture.

7 It is necessary to enhance existing tax incentive programs
8 that use front-end budgeting methods normally used by the film
9 industry and lower production costs to allow Hawaii to compete
10 with other film production centers in attracting a greater
11 number of significant projects to the islands and to continue to
12 build the State's local film industry infrastructure.

13 The purpose of this Act is to encourage the growth of the
14 film industry by providing enhanced incentives that attract more
15 film and television productions to Hawaii, thereby generating
16 increased tax revenues.

17 SECTION 2. Section 235-17, Hawaii Revised Statutes, is
18 amended to read as follows:

19 "§235-17 Motion picture, digital media, [and] film
20 production, and media infrastructure project income tax credit.

21 (a) Any law to the contrary notwithstanding, there shall be
22 allowed to each taxpayer subject to the taxes imposed by this

1 chapter, an income tax credit that shall be deductible from the
2 taxpayer's net income tax liability, if any, imposed by this
3 chapter for the taxable year in which the credit is properly
4 claimed. The amount of the credit shall be:

5 (1) Twenty per cent of the qualified production costs
6 incurred by a qualified production in any county of
7 the State with a population of over seven hundred
8 thousand; or

9 (2) Twenty-five per cent of the qualified production costs
10 incurred by a qualified production in any county of

16 to the taxes imposed by this chapter, a media infrastructure
17 project tax credit that shall be deductible from the taxpayer's
18 net income tax liability, if any, imposed by this chapter for
19 the taxable year in which the credit is properly claimed. The
20 amount of the credit shall be equal to per cent of the
21 qualified costs incurred for qualified media infrastructure

10 forward to offset net income tax liability in
11 subsequent tax years for a period not to exceed ten
12 taxable years or until exhausted, whichever occurs
13 first. The director of taxation may require the tax
14 credit to be taken in the tax period in which the
15 credit is earned or may structure the tax credit in
16 the initial certification of the project to provide
17 that only a portion of the tax credit be taken over
18 the course of two or more years;

19 (3) The total qualified media infrastructure project tax
20 credit allowed for any state-certified infrastructure
21 project shall not exceed \$ _____ ;

1 (4) If all or a portion of an infrastructure project is a
2 facility that may be used for other purposes unrelated
3 to production or post-production activities, then the
4 project shall be approved only if a determination is
5 made that the multiple-use facility will support and
6 will be necessary to secure production or post-
7 production activity for the production and post-
8 production facility and the applicant provides
9 sufficient contractual assurances that the facility
10 will be used as a state-of-the-art production or post-
11 production facility, or as a support and component
12 thereof, for the useful life of the facility; provided
13 that no tax credits described in subsection (b) shall
14 be earned on a multiple-use facility until the
15 production or post-production facility is complete;

16 (5) Tax credits for qualified media infrastructure
17 projects shall be earned only as follows:

19 begin within six months of the initial
20 certification and shall be per cent completed
21 within a year time frame;

3 certification is made; and

5 state income tax liability, the tax credits shall
6 be deemed earned at the time the expenditures are
7 made; provided that all requirements of this
8 subsection have been met and the tax credits have
9 been certified;

11 application for a qualified media infrastructure
12 project tax credit shall include:

3 action by the director;

5 fees and remitted to the State may be included as part
6 of the tax credit.

7 (c) A qualified production occurring in more than one
8 county may prorate its expenditures based upon the amounts spent
9 in each county, if the population bases differ enough to change
10 the percentage of tax credit.

11 In the case of a partnership, S corporation, estate, or
12 trust, the tax credit allowable is for qualified production
13 costs incurred by the entity for the taxable year. The cost
14 upon which the tax credit is computed shall be determined at the
