## A BILL FOR AN ACT

RELATING TO DIABETES.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

- 1           SECTION 1. Chapter 321, Hawaii Revised Statutes, is  
2 amended by adding a new section to part I to be appropriately  
3 designated and to read as follows:
- 4           "§321-     Diabetes reporting. (a) The department of  
5 health, in collaboration with the department of human services  
6 and the department of human resources development, shall  
7 identify goals and benchmarks and develop departmental plans to  
8 reduce the incidence of diabetes in the State, improve diabetes  
9 care, and reduce complications associated with diabetes.
- 10           (b) The department of health, in collaboration with the  
11 department of human services and the department of human  
12 resources development, shall submit a biennial report to the  
13 legislature no later than twenty days prior to the convening of  
14 the applicable regular session on the following:
- 15           (1) The health, societal, and financial impacts that  
16           diabetes of all types has on the State, counties, the  
17           department of health, the department of human

1 services, and the department of human resources  
2 development, including:

3 (A) The number of individuals with diabetes who  
4 require services from, or who fall within the  
5 purview of, the department of health, the  
6 department of human services, and the department  
7 of human resources development;

8 (B) The number of participants in diabetes education,  
9 prevention, and treatment programs administered  
10 by the department of health, the department of  
11 human services, and the department of human  
12 resources development;

13 (C) The costs associated with diabetes education,  
14 prevention, and treatment programs administered  
15 by the department of health; the department of  
16 human services, including medicaid; and the  
17 department of human resources development; and

18 (D) The costs to the department of health, the  
19 department of human services, and the department  
20 of human resources development associated with  
21 diabetes education, prevention, and treatment as  
22 compared to the costs associated with education,

1                   prevention, and treatment concerning other  
2                   chronic diseases;

3       (2) An assessment of the effectiveness of diabetes  
4           education and treatment activities, including the  
5           amount and source of any funding appropriated by the  
6           legislature for these activities;

7       (3) A description of the level of coordination between the  
8           department of health and the department of human  
9           services on activities to manage, treat, and prevent  
10          diabetes and associated complications; and

11       (4) Any proposed legislation intended to reduce the impact  
12          of diabetes, pre-diabetes, and related diabetes  
13          complications in Hawaii, including recommended  
14          appropriations; provided that the report shall  
15          identify expected outcomes of the proposed  
16          legislation."

17       SECTION 2. The provisions of section 1 of this Act shall  
18 be limited to the diabetes information, data, initiatives, and  
19 programs within each department prior to the effective date of  
20 this Act, unless unencumbered funding exists in each agency that  
21 may be used for new research, data collection, reporting, or  
22 other provisions of section 1 of this Act.

1 SECTION 3. New statutory material is underscored.

2 SECTION 4. This Act shall take effect upon its approval.
