
A BILL FOR AN ACT

RELATING TO PUBLIC HOUSING.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that many public housing
2 projects and state low-income housing projects currently allow
3 and have installed clotheslines where there is adequate space
4 and where appropriate. However, not all of these projects allow
5 the installation of clotheslines. The legislature believes that
6 the cost-efficiencies and environmental benefits of permitting
7 clotheslines in all public housing projects and state low-income
8 housing projects merit consideration.

9 The purpose of this Act is to require the Hawaii public
10 housing authority, in conjunction with the United States
11 Department of Housing and Urban Development, to conduct a study
12 on the feasibility of permitting the installation of
13 clotheslines in all public housing projects and state low-income
14 housing projects in the State.

15 SECTION 2. The Hawaii public housing authority, in
16 conjunction with the United States Department of Housing and
17 Urban Development, shall:

- 1 (1) Conduct a study on the feasibility of installing
2 clotheslines in all public housing projects, as
3 defined in section 356D-1, Hawaii Revised Statutes,
4 and state low-income housing projects, as defined in
5 section 356D-51, Hawaii Revised Statutes; and
6 (2) Submit a report of its findings and recommendations to
7 the legislature no later than twenty days before the
8 convening of the regular session of 2014.
9 SECTION 3. This Act shall take effect upon its approval.

Report Title:

Public Housing; Clotheslines; Feasibility Study

Description:

Requires the Hawaii Public Housing Authority to conduct a study on the feasibility of installing clotheslines in all public housing projects and state low-income housing projects in the State. (HB402 HD1)
