JUSTIFICATION SHEET

DEPARTMENT: Human Services.

TITLE: A BILL FOR AN ACT RELATING TO EXEMPTIONS FROM CHILD CARE LICENSING.

PURPOSE: Allow child care programs licensed or certified by the United States Department of Defense and the Hawaii Council of Private Schools to be exempt from the Department of Human Services child care licensing; and requires child care programs licensed by the Hawaii Council of Private Schools to apply for an exemption and provide evidence that the licensing standards of the Hawaii Council of Private Schools meet or exceed the Department of Human Services' standards, including a monitoring component.

MEANS: Amend section 346-152(a), Hawaii Revised Statutes.

JUSTIFICATION: The Department of Human Services is authorized to license group child care centers and before- and after-school programs. There are administrative costs associated with the licensing and certification activities, including site visits, observation of providers with children, inspections to ensure compliance with administrative rules to ensure the health and safety of the child care operations, and the assessment of the findings.

Act 163, Session Laws of Hawaii 2012, exempted kindergarten, schools, or child care programs licensed by the Hawaii Council of Private Schools and federal agencies, as they already license or accredit their programs in accordance with their standards. This amendment would clarify that the United States Department of Defense would be exempt from licensure by the Department of Human Services. This amendment would also clarify

that programs licensed by the Hawaii Council of Private Schools shall apply for an exemption and provide evidence that the standards established by the Hawaii Council of Private Schools meet or exceed the Department of Human Services' licensing standards, including a monitoring component.

Impact on the public: Current and future recipients of child care subsidies would be eligible for license-exempt child care rates for programs overseen by the Hawaii Council of Private Schools. Families may have higher out-of-pocket costs to utilize these programs' services.

Impact on the department and other agencies: The Department of Human Services will be relieved of duplicative licensure duties for programs already certified, licensed or accredited by the Hawaii Council of Private Schools or the United States Department of Defense.

The Department of Human Services may work with the Hawaii Council of Private Schools to determine that the standards established meet or exceed the Department's licensing standards for comparable programs.

The Department of Human Services would be able to focus its licensing resources on licensed facilities and programs that do not have oversight by a second, separate entity.

A child care program licensed by the Hawaii Council of Private Schools shall apply with the Department of Human Services for an exemption.
