JUSTIFICATION SHEET

DEPARTMENT: Public Safety

TITLE: A BILL FOR AN ACT RELATING TO INTAKE SERVICE CENTERS.

PURPOSE: This is a housekeeping measure to clarify current statutory language that requires pretrial bail reports to be provided to the courts on adult offenders that are consented to by the defendant or that are ordered by the court; to confirm the authority of the intake service centers to provide pretrial bail reports on adult offenders to the courts; and to provide statutory authority to the courts to treat all information contained in a pretrial bail report as confidential.

MEANS: Amend section 353-10, Hawaii Revised Statutes (HRS).

JUSTIFICATION: As a result of different Acts in 2012 having amended section 353-10, HRS, using different terminology for pretrial bail reports and deleting confidentiality provisions with regard to bail reports, this measure is necessary to provide clarity, consistency and to address confidentiality of pretrial bail reports. Pretrial bail reports should be statutorily deemed confidential as they contain highly sensitive information that are in the normal course considered confidential.

Impact on the public: This measure will provide clarity and keep information in pretrial bail reports confidential.

Impact on the Department and other agencies: This measure will provide the courts with pretrial bail reports on adult offenders that are consented to by the defendant or that are ordered by the court. This measure will allow the

courts to receive detailed information such as the defendant's medical, mental health and substance abuse history, to assist with pretrial release decision-making.
