1 WHEREAS, a thriving democracy is largely dependent on
2 government services and processes that promote effective citizen
3 participation; and
4

5 WHEREAS, accurate mailing addresses in voter registration
6 records are essential to ensuring that voters receive absentee
7 ballots and notices of polling place assignments; and
8

9 WHEREAS, voter registration records may contain incorrect
10 mailing addresses for various reasons, including the failure of
11 voters to provide notifications of address changes,
12 redistricting that alters voter districts, or errors in data
13 entry or recordkeeping systems; and
14

15 WHEREAS, Hawaii's low voter turnout rate, typically one of
16 the worst in the nation, underscores the need to ensure that

18 information that allows Hawaii's citizens to exercise their
19 right to vote; now, therefore,

23 BE IT FURTHER RESOLVED that the task force is requested to
24 explore methods of updating or improving voter registration
25 systems to ensure the accuracy of mailing addresses in voter
26 registration records, including systems that:

33 that use established data sources to track voter
34 information and identify inaccurate records; and
35
- 36 (3) Minimize the occurrence of errors that result from
37 manual data entry of voter registration information,
38 including by allowing voters to personally submit
