JUSTIFICATION SHEET

DEPARTMENT: Attorney General

TITLE: A BILL FOR AN ACT RELATING TO GOVERNMENT TORT LIABILITY.

PURPOSE: The purpose of this bill is to allow the State of Hawaii to demand a trial by jury in any action against it in the same manner as a private individual in a tort action.

MEANS: Amend section 662-5, Hawaii Revised Statutes.

JUSTIFICATION: Section 662-5 currently provides that any action against the State of Hawaii shall be tried without a jury. The State should have the right to demand a jury trial in the same manner as an individual, private entity, or the counties. In cases where there are multiple defendants, this amendment would allow the State to make a jury demand which would eliminate the possibility of inconsistent verdicts since, under the current law, the judge renders a verdict with regard to the State only and the jury renders a verdict for the other parties.

Impact on the public: The public in general will benefit from a more equitable and fair trial system where the State will have the same right to choose a jury as an individual, private entity, and the counties. Since taxpayers' money will be at stake, the State should not be on unequal footing with any other party to the litigation.

Impact on the department and other agencies: The State and all its agencies will benefit from a more equitable and fair trial system where the State is a party to litigation.
