TITLE: A BILL FOR AN ACT RELATING TO OBESITY PREVENTION.

PURPOSE: The purpose of this bill is to establish an interagency council to coordinate state government strategies and activities to prevent obesity; and to appropriate funds for childhood obesity prevention programs.

MEANS: Add a new section to chapter 321, Hawaii Revised Statutes.

JUSTIFICATION: In Hawaii, childhood obesity has increased by 38 percent from 1999 to 2009. State government should lead by example by examining, prioritizing, and addressing causes of obesity through policy, procurement, and program development across agencies.

Impact on the department and other agencies: Required participation on the council.

GENERAL FUND: None.

OTHER FUNDS: Obesity Prevention special fund.
