# A BILL FOR AN ACT

RELATING TO HEALTH COVERAGE FOR BRAIN INJURIES.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1           SECTION 1. The legislature finds that traumatic brain  
2 injury is damage to the brain caused by an external force.  
3 Traumatic brain injury may produce a diminished or altered state  
4 of consciousness and may result in an impairment of cognitive  
5 abilities or physical functioning.

6           The legislature also finds that traumatic brain injury is a  
7 leading cause of death and disability among children and young  
8 adults. However, survivors of traumatic brain injury can lead  
9 full lives, thanks to lifesaving medical techniques and  
10 rehabilitation services. However, survivors face a long  
11 rehabilitation process that may not be covered by certain health  
12 benefit plans.

13           The purpose of this Act is to require insurers, hospital  
14 and medical services plans, and health maintenance organizations  
15 to provide coverage for survivors of brain injuries, including  
16 cognitive and neurocognitive therapy, neurobehavioral and  
17 neuropsychological testing or treatment, and necessary post-  
18 acute transition services or community reintegration activities.

1 SECTION 2. Chapter 431, Hawaii Revised Statutes, is
