
A BILL FOR AN ACT

RELATING TO GENERAL EXCISE TAXATION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that pursuant to the
2 authority granted by Congress under title 38 United States Code
3 section 8153, the United States Department of Veterans Affairs
4 (VA) established a new initiative in September 2013 titled
5 patient-centered community care for VA medical centers. Under
6 this program, VA medical centers will have the ability to
7 purchase non-VA medical care for veterans through contracted
8 medical providers when they cannot readily provide the needed
9 care due to geographic inaccessibility or limited capacity.

10 The legislature further finds that the patient-centered
11 community care program will augment the health care services
12 provided by the VA personnel at VA medical center facilities and
13 under the VA fee basis program. It will provide a vehicle for
14 VA medical centers to work with local health care service
15 providers to give expanded access to health care to 8,600,000
16 veterans of the United States uniformed services, including the
17 approximately one hundred twelve thousand who reside in Hawaii.

1 The purpose and mission of the patient-centered community
2 care program is to ensure access to high quality, low-cost
3 health care services for veterans, which is crucial to ensuring
4 military readiness, national defense, and the health and welfare
5 of the residents of the State. The program will also help
6 provide VA medical centers with standardized health care quality
7 metrics, timely return of medical documentation, cost avoidance
8 with fixed rates for services across the board, guaranteed
9 access to care, and enhanced tracking and reporting of non-VA
10 medical care expenditures over traditional non-VA medical care
11 services.

12 The VA works with a contractor who will establish and
13 maintain regional networks of health care providers in various
14 regions of the United States by spring of 2014. On behalf of
15 the VA, the contractor will make advances to health care
16 providers, including doctors, hospitals, and other providers,
17 for costs of health care services provided to veterans under the
18 patient-centered community care program. Using the federal
19 medicare payment schedule, established by the Centers for
20 Medicare and Medicaid Services, the VA will reimburse the
21 contractor for the costs or advancements made to third party
22 health care providers.

1 The legislature understands that some uncertainty may exist
2 about whether the amounts received by a contractor of the
3 patient-centered community care program for the cost or
4 advancement to third party health care providers, on behalf of
5 the federal government, are subject to the state general excise
6 tax. The legislature finds that, to avoid increasing the costs
7 of health care services delivered through the patient-centered
8 community care program and any adverse consequences to veterans
9 from the increased costs, it is necessary to clarify that the
10 amounts received by a contractor of the patient-centered
11 community care program are not subject to the state general
12 excise tax.

13 The purpose of this Act is to clarify that the amounts
14 received by a contractor of the patient-centered community care
15 program for the costs or advancement to third party health care
16 providers, pursuant to a contract with the United States
17 Department of Veterans Affairs for the administration of the
18 patient-centered community care program, are excluded from the
19 state general excise tax.

20 SECTION 2. Section 237-24, Hawaii Revised Statutes, is
21 amended to read as follows:

1 **"§237-24 Amounts not taxable.** This chapter shall not
2 apply to the following amounts:
