A BILL FOR AN ACT

RELATING TO NURSING.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. Prior to the establishment of the National
2 Council of State Boards of Nursing's consensus model for
3 advanced practice registered nurse regulation, each state
4 independently determined the advanced practice registered nurse
5 legal scope of practice, recognized roles, certification
6 criteria, and certification examination. This created a
7 significant barrier for advanced practice registered nurses to
8 move from state to state and decreased access to patient care.
9 The legislature finds that the importance of advanced practice
10 registered nurses in caring for patients' current and future
11 health needs cannot be understated. Nationally, advanced
12 practice registered nurse education, accreditation,
13 certification, and licensure must align to ensure patient safety
14 and to expand access to patient care.

15 Subsequent to the establishment of the consensus model,
16 Hawaii adopted every criteria of the consensus model for
17 advanced practice registered nurse regulation except one. To
18 fully align itself with the consensus model, the legislature

1 finds that Hawaii must replace references to advanced practice
2 registered nurse recognition with advanced practice registered
3 nurse licensure, the latter of which is nationally accepted.
4 The legislature further finds that this amendment will neither
5 change the requirements to obtain or maintain advanced practice
6 registered nurse status nor affect the advanced practice
7 registered nurse scope of practice.

8 The purpose of this Act is to eliminate a barrier to
9 licensure in other state boards that question the equivalency of
10 Hawaii advanced practice registered nurse recognition to the
11 standard of advanced practice registered nurse licensure.

12 SECTION 2. Section 457-1, Hawaii Revised Statutes, is
13 amended to read as follows:

14 "**§457-1 Purpose.** In order to safeguard life and health,
15 any person practicing or offering to practice as an advanced
16 practice registered nurse, a registered nurse, or a licensed
17 practical nurse in this State for compensation shall be required
18 to submit evidence that the person is qualified to so practice,
19 and shall be [~~recognized or~~] licensed as provided in this
20 chapter. It shall be unlawful for any person not [~~recognized~~
21 ~~or~~] licensed under this chapter to practice or offer to practice
22 nursing as an advanced practice registered nurse, a registered

1 nurse, or a licensed practical nurse; or to use any sign, card,
2 or device, or in any manner indicate or imply that the person is
3 an advanced practice registered nurse, a registered nurse, or a
4 licensed practical nurse."

5 SECTION 3. Section 457-2, Hawaii Revised Statutes, is
6 amended by amending the definitions of "advanced practice
7 registered nurse" and "the practice of nursing as a registered
8 nurse" to read as follows:

9 "Advanced practice registered nurse" means a registered
10 nurse who has met the qualifications for advanced practice
11 registered nurse licensure set forth in this chapter and through
12 rules of the board, which shall include educational
13 requirements.

14 "The practice of nursing as a registered nurse" means the
15 performance of professional services commensurate with the
16 educational preparation and demonstrated competency of the
17 individual having specialized knowledge, judgment, and skill
18 based on the principles of the biological, physical, behavioral,
19 and sociological sciences and nursing theory, whereby the
20 individual shall be accountable and responsible to the consumer
21 for the quality of nursing care rendered. The foregoing may
22 include but shall not be limited to observation, assessment,

1 development, implementation, and evaluation of a plan of care,
2 health counseling, supervision and teaching of other personnel,
3 and teaching of individuals, families, and groups in any stage
4 of health or illness; administration, supervision, coordination,
5 delegation, and evaluation of nursing practice; provision of
6 health care to the patient in collaboration with other members
7 of the health care team as autonomous health care professionals
8 providing the nursing component of health care; or use of
9 reasonable judgment in carrying out prescribed medical orders of
10 a licensed dentist, physician, osteopathic physician, or
11 podiatrist licensed in accordance with chapter 448, 453, or
12 463E; orders of an advanced practice registered nurse
13 [~~recognized~~] licensed in accordance with this chapter; or the
14 orders of a physician assistant licensed pursuant to chapter
15 453, practicing with physician supervision as required by
16 chapter 453, and acting as the agent of the supervising
17 physician."

18 SECTION 4. Section 457-3, Hawaii Revised Statutes, is
19 amended to read as follows:

20 "**§457-3 State board of nursing; appointment; term of**
21 **office.** The board shall consist of nine members as follows:

1 (1) Six shall be registered nurses, one of whom shall be
2 [~~recognized~~] licensed as an advanced practice
3 registered nurse in this State;

4 (2) One shall be a licensed practical nurse; and

6 Both nursing education and direct providers of nursing services
7 shall be represented on the board. The term of office for

10 six consecutive years. Six members of the board shall be
11 residents of the city and county of Honolulu and three shall be
12 residents of counties other than the city and county of
13 Honolulu."

14 SECTION 5. Section 457-4, Hawaii Revised Statutes, is
15 amended by amending subsection (c) to read as follows:

16 "(c) Each advanced practice registered nurse member of the
17 board shall:

18 (1) Have current, unencumbered [~~recognition~~] licensure by
19 the board as an advanced practice registered nurse;
20 and

21 (2) Have at least five years of experience in the practice
22 of nursing as an advanced practice registered nurse

1 and at least three years of active nursing experience
2 as an advanced practice registered nurse immediately
3 preceding appointment or reappointment."

4 SECTION 6. Section 457-5, Hawaii Revised Statutes, is
5 amended by amending subsection (a) to read as follows:

6 "(a) In addition to any other powers and duties authorized
7 by law, the board may:

8 (1) Adopt, amend, or repeal rules, pursuant to chapter 91,
9 not inconsistent with the law, as may be necessary to
10 enable it to carry into effect this chapter, including
11 the definition of the scope of practice of nursing and
12 the delegation of nursing tasks based upon
13 professional nursing standards, which include but are
14 not limited to the standards set forth by national
15 certifying bodies recognized by the board;

16 (2) Prescribe standards for preparing persons for
17 licensure as practical [~~+~~]nurses[~~+or~~], registered

3 nursing practice from a national certifying body recognized by
4 the board shall be eligible to renew that ~~[recognition,]~~
5 license; provided that all nurse licenses~~[, recognitions,]~~ and
6 prescriptive authorities or similar designations held by the
7 person in any jurisdiction are unencumbered.

8 (c) Any person applying for advanced practice registered
