# SENATE CONCURRENT RESOLUTION

REQUESTING THE DEPARTMENT OF TRANSPORTATION TO MAXIMIZE THE USE OF FEDERAL FUNDS UNDER THE SAFE ROUTES TO SCHOOL PROGRAM, AND REQUESTING THE DEPARTMENT OF TRANSPORTATION AND DEPARTMENT OF EDUCATION TO ENCOURAGE PRIVATE ENTITIES TO ASSIST IN FUNDING THE PROGRAM.

1 WHEREAS, "Safe Routes to School" is a federally-funded  
2 program designed to substantially improve the ability of primary  
3 and middle school students to bike and walk to and from school  
4 safely; and

5  
6 WHEREAS, the Safe Routes to Schools program is a Federal-  
7 Aid program of the United States Department of Transportation's  
8 Federal Highway Administration, and the program was created by  
9 Section 1404 of the Safe, Accountable, Flexible, Efficient  
10 Transportation Equity Act: A Legacy for Users Act; and

11  
12 WHEREAS, the Safe Routes to School program in Hawaii is  
13 administered by the Department of Transportation; and

14  
15 WHEREAS, the purpose of the Safe Routes to School program  
16 is also to promote walking and bicycling to and from school,  
17 encourage elementary and middle school aged children to be  
18 physically active, and prevent childhood obesity; and

19  
20 WHEREAS, Safe Routes to School program activities remain  
21 eligible for funding under the current transportation  
22 alternatives program; and

23  
24 WHEREAS, eligible activities include planning, design, and  
25 construction of projects that will substantially improve the  
26 ability of students to walk and bike to and from school,  
27 including sidewalk improvements, traffic calming and speed  
28 reduction improvements, pedestrian and bicycle crossing  
29 improvements, on-street bicycle facilities, off-street bicycle  
30 and pedestrian facilities, secure bike parking, and traffic

1 diversion improvements in the vicinity of schools (within  
2 approximately two miles); and

3  
4 WHEREAS, many areas near schools statewide could greatly  
5 benefit from such improvements, as existing infrastructure and  
6 facilities are inadequate to safely enable or encourage safe  
7 walking or biking to and from school; and

8  
9 WHEREAS, according to the Statewide Pedestrian Master Plan  
10 of the Department of Transportation, May 2013, the Hawaii Safe  
11 Routes to School program received total funding of \$7,200,000  
12 between 2005-2011; and

13  
14 WHEREAS, it has come to the attention of this body that the  
15 Department of Transportation may not be using federal grants to  
16 the maximum extent possible under the Safe Routes to School  
17 program to supplement traffic safety projects in school zones;  
18 and

19  
20 WHEREAS, this body is concerned for the safety of children  
21 and wants to ensure that projects of the Department of  
22 Transportation that are located adjacent to schools include  
23 pedestrian safety and traffic calming measures; and

24  
25 WHEREAS, this body believes that sound public policy by the  
26 State includes using and maximizing federal funds whenever  
27 possible and therefore finds that the State should use federal  
28 funds available to supplement projects of the Department of  
29 Transportation that are adjacent to schools to enable students  
30 to safely walk and bike to and from school; and

31  
32 WHEREAS, this body further believes that the Hawaii safe  
33 routes to school program should be a federal-state-private  
34 entity partnership to maximize federal funding and that the  
35 Department of Transportation and Department of Education should  
36 encourage private entities to assist in funding the program;  
37 now, therefore,

38  
39 BE IT RESOLVED by the Senate of the Twenty-seventh  
40 Legislature of the State of Hawaii, Regular Session of 2014, the  
41 House of Representatives concurring, that:

42

1           (1) The Department of Transportation is requested to  
2           utilize federal funds to supplement projects of the  
3           Department of Transportation that are adjacent to  
4           schools to enable students to safely walk and bike to  
5           and from school; and  
6

7           (2) The Department of Transportation and Department of  
8           Education are requested to encourage private entities  
9           to assist in funding the program as a federal-state-  
10          private entity partnership to maximize federal  
11          funding; and  
12

13           BE IT FURTHER RESOLVED that certified copies of this  
14          Concurrent Resolution be transmitted to the Director of  
15          Transportation, Superintendent of Education, and Chairperson of  
16          the Board of Education.  
17
