Services. Your Committees received testimony in opposition to this measure from the Hawaii Association for Justice and one individual.

Your Committees find that this measure is necessary to clarify that Department of Education employees and agents may volunteer to administer epinephrine to a student in anaphylactic shock.

Your Committees further find that it is imperative that Department of Education employees and agents who volunteer to administer epinephrine to a student in anaphylactic shock are given proper instruction on the administration of epinephrine.

Your Committees have amended this measure by:

- (1) Removing the requirement that the Department of Health provide instruction and training to Department of Education employees and agents who volunteer to administer glucagon and epinephrine;
- (2) Inserting language requiring the Department of Education employees and agents who volunteer to administer glucagon and epinephrine to receive instruction by a qualified health care professional overseen by the Department of Health;
- (3) Reinserting the definition of a "qualified health care professional";
- (4) Inserting an appropriation amount of \$350,000 to the Department of Education;
- (5) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Education and Health that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 2422, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 2422, S.D. 1, and be referred to the Committee on Ways and Means.

Respectfully submitted on
behalf of the members of the
Committees on Education and
Health,
