"EXECUTIVE CHAMBERS  
HONOLULU  
June 23, 2014

#### STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1700

Honorable Members  
Twenty-Seventh Legislature  
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 1700, entitled "A Bill for an Act Relating to the State Budget."

The purpose of this bill, the Supplemental Appropriations Act of 2014, is to adjust appropriations for fiscal biennium 2013-2015 funding requirements for the operations and capital improvement projects of executive branch agencies by amending the General Appropriations Act of 2013, Act 134, Session Laws of Hawaii 2013, and other budget authorizations effective during fiscal biennium 2013-2015.

Section 13 of Article VII of the State Constitution requires that the Legislature "include a declaration of findings in every general law authorizing the issuance of general obligation bonds that the total amount of principal and interest, estimated for such bonds and for all bonds authorized and unissued and calculated for all bonds issued and outstanding, will not cause the debt limit to be exceeded at the time of issuance." House Bill No. 1712 did include the required declaration of findings, but the total amount of general obligation bonds declared was understated by approximately \$46,000,000. This difference in amounts of general obligation bonds will raise legal concerns about the bond authorization and could adversely affect the State's ability to issue the general obligation bonds.

To avoid questions as to the validity of the bond authorization, the total amount of the appropriations of general obligation bond proceeds must be reduced by \$46,000,000 so that the total amount of the appropriations of general obligation bond proceeds is equal to or less than the amount of the general obligation bonds authorized to be issued. Pursuant to Section 16 of Article III of the State Constitution, "[e]xcept for items appropriated to be expended by the judicial and legislative branches, the governor may veto any specific item or items in any bill which appropriates money for specific purposes by striking out or reducing the same." I have exercised that authority by reducing item K-3, capital project no. 00-02, in section 39 of Act 134, Session Laws of Hawaii 2013, as amended by section 5 of House Bill No. 1700 on page 330, lines 13-22, reducing the appropriation for fiscal year 2014-2015 from \$399,000,000 to \$353,000,000. In addition, I have made a corresponding reduction to the total investment capital appropriation for fiscal year 2014-2015 for item K-6, program ID no. BUH 01, in section 3 of Act 134, Session Laws of Hawaii 2013, as amended by section 3 of House Bill No. 1700 on page 43, lines 33-43, by reducing the total investment capital appropriation from \$428,383,000 to \$382,383,000.

The Department of Education will reschedule work on various projects to accommodate this reduction. The Legislature will have to provide a \$46,000,000 appropriation during the regular session of 2015 to restore the capacity to execute these projects.

Although it is common practice to sign the bond authorization bill on the same day as the budget, I will not sign House Bill No. 1712 before July 1, 2014. This is necessary to ensure that the general obligation bond declaration has not been exceeded, as required by Section 13 of Article VII of the State Constitution.

The Conference Committee Report for House Bill No. 1700 indicates that \$399 million in State Educational Facilities Improvement (SEFI) funds were lapsed. However, the bill itself fails to reflect this action.

In sum: in the absence of a special session, I am required to:

- (1) Line item veto approximately \$46 million from the budget bill;
- (2) Give the required notification to the Legislature;
- (3) Sign House Bill No. 1700 on or before June 30, 2014; and
- (4) Sign House Bill No. 1712 on July 1, 2014.

SEFI appropriations will be reduced by \$46 million. As soon as practicable during the next session, the Legislature can, if it chooses, pass an appropriation bill for the Department of Education to replace \$46 million that had to be vetoed.

Finally, the Department of Labor and Industrial Relations (DLIR) informs me that for its General Administration (LBR902) program, the cost for payouts for accrued vacation payments for all employees leaving the employ of DLIR will be approximately \$200,000. However, subparagraph (4) on page 51, line 13 of House Bill No. 1700 indicates that \$450,000, or so much thereof as may be necessary for fiscal year 2014-2015, shall be expended for this purposes and that unexpended funds shall lapse to the general fund at the end of the fiscal year.

This will force a lapse of \$250,000 in general funds which were appropriated to DLIR because they cannot be used for any other purpose. In essence, this results in a \$250,000 reduction to LBR902's budget of \$1,488,081 in general funds for fiscal year 2014-2015. This equates to a 16 percent reduction.

I request that the Legislature correct this inconsistency in an expedited manner during the regular session of 2015 to allow DLIR to effectively carry forth its responsibilities for the remainder of the 2014-2015 fiscal year.

For the foregoing reasons, I am returning House Bill No. 1700 with the appropriations in item K-6 in section 3 and in item K-3 in section 5 of the bill reduced as set forth above.

Respectfully,  
/s/ Neil Abercrombie  
NEIL ABERCROMBIE  
Governor of Hawaii"

#### STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1288

Honorable Members  
Twenty-Seventh Legislature  
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 1288, entitled "A Bill for an Act Relating to Order of Succession."

The purpose of this bill, among other things, is to provide that the individual who will succeed to the office of Lieutenant Governor when the office of the Lieutenant Governor becomes vacant by reason of the Lieutenant Governor becoming Governor, the Lieutenant Governor's failure to qualify, or the Lieutenant Governor's removal from office, death, resignation, or otherwise, will be first the Senate President, provided that the Senate President is of the same political party as the Governor and promptly resigns his or her legislative office. If the Senate President does not meet those criteria, then the Speaker of the House of Representatives will become the Lieutenant Governor if that individual is of the same

political party as the Governor and promptly resigns his or her legislative office. If neither is of the same political party as the Governor or promptly resigns their legislative offices, then the Governor may appoint an individual who is a member of the same political party as the Governor and is qualified to hold the office of Lieutenant Governor pursuant to Section 2 of Article V of the Hawaii State Constitution.

This bill is objectionable because this bill does not provide for succession in the situation when the office of the Governor becomes permanently vacant at the same time as the office of the Lieutenant Governor and the Senate President and the Speaker of the House belong to a political party different from that of the Governor. In that situation, there is no one to appoint a member of the same political party as the Governor to be the Lieutenant Governor to act in the Governor's stead, and, of course, there will be no one to succeed to the office of the Governor. This lack of a provision for succession under such circumstances could cause confusion and disrupt the normal functioning of state government activities. This gap in the provisions for order of succession should be remedied.

For the foregoing reason, I am returning House Bill No. 1288 without my approval.

Respectfully,  
/s/ Neil Abercrombie  
NEIL ABERCROMBIE

#### STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 2163

Honorable Members  
Twenty-Seventh Legislature  
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 2163, entitled "A Bill for an Act Relating to Parental Parity."

The purpose of this bill is to require the court to balance the interests of parents involved in divorce proceedings when issuing orders related to custody, spousal support and maintenance, and the division of property. The bill would require a court, in awarding child custody, to consider frequent, continuing, and meaningful contact of each parent with the child, unless the court finds that a parent is unable to act in the best interest of such child. In addition, a court would be required to consider whether there is a necessary reduction of a parent's employment due to caring for a dependent child and whether there is a wasting of assets by a parent in determining spousal support and maintenance. Finally, this bill creates a rebuttable presumption that the value given to a joint investment or asset given to a parent is a joint gift, excluding inheritance assets.

This bill is objectionable because the rebuttable presumption that an asset given to a parent is a joint gift is vague, ambiguous, and inconsistent with well-established principles guiding the parties and the courts in divorce matters. This amendment would likely create additional litigation in an area of law already burdened with litigation.

Furthermore, the practitioners in the family law area have not had an opportunity to comment on this bill because this change was made by the conference committee. As a result, several letters have been submitted to me expressing strong opposition to enacting this bill as law.

For the foregoing reasons, I am returning House Bill No. 2163 without my approval.

Respectfully,

/s/ Neil Abercrombie

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 2427, entitled "A Bill for an Act Relating to the Repeal of Non-General Funds."

The purpose of this bill is to repeal several unused or inactive non-general funds with very low balances or no activity in recent years. In addition, this bill transfers the balance of the Fee Simple Residential Revolving Fund to the General Fund.

This bill is objectionable because it repeals the Center for Labor Education and Research Revolving Fund. While this Revolving Fund has a relatively low balance, it serves its statutory function by collecting all fees and charges associated with the operations of the Center for Labor Education and Research and using such moneys to defray its operating costs. I believe that these revenues should be retained and used by the Center for Labor Education and Research instead of being deposited into the General Fund.

For the foregoing reasons, I am returning House Bill No. 2427 without my approval.

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 60

Honorable Members  
Twenty-Seventh Legislature  
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 60, entitled "A Bill for an Act Relating to Victims of Crimes."

The purpose of this bill is to give victims and surviving immediate family members of crime the right to be informed by the police and prosecutors of their right to participate in restorative justice processes. The bill provides that victims, surviving immediate family members, and "any accompanying loved ones thereof" shall be allowed to participate in restorative justice processes "to discuss and address how they were affected by the wrongful act, and any actions or outcomes desired that may mitigate or repair the harm." The processes include the victim or surviving family members meeting with the accused person or a representative of the accused person.

Restorative justice can be used to promote the healing of both crime victims and offenders. The restorative justice process should be victim-centered and empower the victim to meet with the offender in structured and controlled in-person encounters in order to voice the victim's perspective and to address personal impacts of the crime. Recidivism can be reduced by holding the offender directly accountable to the victim, or to surviving family members, and by requiring the offender to recognize the detrimental consequences of the crime, accept personal responsibility, and make amends.

While I support the concept of restorative justice, Senate Bill No. 60 is objectionable because, as written, it does not provide adequate protection for victims of domestic violence, child sexual assault, or elder abuse from intimidation, coercion, and manipulation by the offenders. These vulnerable victim populations are susceptible to undue influence by offenders who may want the victims to recant or alter their testimony or advocate for the offender's early release at a parole hearing. The bill does not limit requests for a restorative justice dialog with offenders to cases involving offenders who have already been convicted and sentenced. Victims of offenders whose cases are pending investigation or charges, or pending trial or sentencing, will be particularly vulnerable. Offenders may take advantage of the process to try to better their positions in the criminal cases. Furthermore, the bill does not require that: (1) mediators, or restorative justice facilitators, are knowledgeable about, and experienced with, the dynamics of domestic violence, child sexual assault, and elder abuse; (2) an evidence-based safety assessment has been conducted to ensure victim safety; or (3) the domestic violence offender has received programming in accordance with the Hawaii Batterer Intervention Program Standards while incarcerated. This bill may result in greater harm to victims and detrimental impact on pending criminal cases.

While the goals and objectives of restorative justice may be laudable this bill needs to be more tightly written to achieve them.

For the foregoing reasons, I am returning Senate Bill No. 60 without my approval.

Respectfully,

"EXECUTIVE CHAMBERS

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 2431

Honorable Members  
Twenty-Seventh Legislature  
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 2431, entitled "A Bill for an Act Relating to the Hawaii Tourism Authority."

The purpose of this bill is to make permanent the provisions of Act 58, Session Laws of Hawaii 2004. Under this bill, the Hawaii Tourism Authority (HTA) would continue to be able to deposit revenues and interest derived by HTA from any project into the Tourism Special Fund. Also, the HTA's Executive Director would continue to be subject to the State's retirement system. Finally, this bill would permanently exempt the HTA from the Comptroller's account supervision, while allowing the Comptroller to request that the HTA provide information when preparing the Comptroller's annual publication of statements and subjecting the HTA to accounting form requirements (for uniform business and accounting forms in statewide use).

This bill is objectionable because it makes permanent those provisions of Act 58 that exempt the HTA from the Comptroller's account supervision. This exemption was created by the Legislature in 2004 as a temporary exemption, with a sunset date of June 30, 2015. This bill, which proposes to repeal that sunset date, permanently takes away the checks and balances that ensure transparency in the operations of executive branch agencies that the Comptroller's account supervision provides.

Since all the provisions of Act 58 mentioned above survive until June 30, 2015, even without this bill becoming law, the Legislature will still have an opportunity to introduce legislation during the regular session of 2015 to repeal the sunset date for any of the unobjectionable provisions of that Act.

For the foregoing reasons, I am returning Senate Bill No. 2431 without my approval.

#### STATEMENT OF OBJECTIONS TO SENATE BILL NO. 2589

Honorable Members

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 2589, entitled "A Bill for an Act Relating to Law Enforcement."

The purpose of this bill is to transfer the harbors law enforcement functions of the Harbors Division of the Department of Transportation (DOT) to the Department of Public Safety (PSD). This bill also establishes a harbors section within PSD and requires that all harbor police officers meet the qualifications for deputy sheriffs. Further, the issuance of citations or notices of infractions of the state harbors civil violations system, pursuant to this bill, are to be under the jurisdiction of PSD, but all other functions and responsibilities, such as the administration of any contested case proceeding, will remain with DOT. This appears inconsistent.

While I agree with the underlying objectives of the bill regarding enforcement activity, I believe both departments are working collaboratively to improve efficiency and effectiveness. Prior to the introduction of this bill, DOT and PSD had already begun preliminary discussions on this issue. Accordingly, I believe the departments should be allowed more time and opportunity to administratively implement the objectives of this bill with duties and responsibilities of DOT and PSD being resolved through a memorandum of agreement.

For the foregoing reasons, I am returning Senate Bill No. 2589 without my approval.

Gov. Msg. No. 1340, dated July 8, 2014, informing the House that on July 8, 2013, pursuant to Section 16 of Article III of the State Constitution, the following bill became law without his signature, stating:

"Dear President Kim, Speaker Souki, and Members of the Legislature:

Re: SB2682 SD1 HD2 CD1

SB2682 SD1 HD2 CD1, entitled "A BILL FOR AN ACT RELATING TO FINANCIAL DISCLOSURE STATEMENTS" will become law without my signature, pursuant to Section 16 of Article III of the State Constitution.

The purpose of this bill is to amend section 84-17, Hawaii Revised Statutes, to make the financial disclosure statements of members of fourteen specifically identified boards and commissions available for public inspection and copying. In addition, this bill limits the source of income information for the spouse and children of those individuals whose financial disclosure statements are public to the name of the income source.

Like Governors Cayetano and Lingle, who vetoed substantially similar measures, I find this bill will adversely affect the State's ability to attract the most qualified individuals from serving on boards and commissions. Service on nearly all of the additional boards and commissions identified in this bill is voluntary and uncompensated. Public disclosure of confidential financial information will make it difficult to convince knowledgeable and competent individuals to serve on these boards and commissions.

Members of boards and commissions are currently required to file annual financial disclosure statements with the Ethics Commission that are not subject to public disclosure. This filing requirement balances the public interest with the right of a board or commission member to keep confidential his or her business and financial information.

Safeguards are currently in place to help ensure ethical behavior on the part of board and commission members. They are subject to confirmation by the State Senate and during the confirmation process, the Senate has the opportunity to make certain that the individuals who are confirmed will abide by the highest ethical standards.

Subsequently, after confirmation by the State Senate, boards and commissions are subject to the Sunshine Law, which requires that the public is given reasonable notice of their meetings and that meetings are open to the public. Thus, members of the public have an opportunity to raise conflict of interest concerns they may have and they may also file a complaint with the State Ethics Commission.

Additionally, this bill, as written, would take effect upon approval and thereby apply to current members of boards and commissions. Subjecting current members of boards and commissions to the public disclosure of their private business and financial information now, after they agreed to serve and were confirmed by the Senate, or alternatively, causing them to resign if they do not agree to the required public disclosure, is unfair.

When it comes to the role of volunteer participation in the policy and decision-making process of governing in a democracy, the power of government to intrude in people's lives becomes far more than a technical issue. It goes beyond labels of left and right. The whole rationale of democratic governance, after all, is to ensure the protection of individual rights, particularly in matters of personal information and dignity.

Having a participatory role in government as a volunteer, calling on one's experience and background in the service of the public interest, should not be a gauntlet to be run. In this digital age, there needs to be a sensitivity to what data can be collected and sifted through internet scavenging about private citizens in a volunteer role. Potential volunteers may well ask what will I or my family suffer from those who have a political agenda that is uninterested in my qualifications or motivations but seek to advance their cause without limit to their demand for information.

There are tough issues to be considered in this bill with competing values: Legitimate inquiry into possible conflicts regarding the public interest versus legitimate concerns about personal information on family, finances, credit history and medical records becoming cannon fodder in political battles.

It seems reasonable in these circumstances then, to allow this bill to become law with the object of reviewing the disclosure documents to determine what information serves the public interest, what limitations are relevant and most importantly, what constitutes conflict. The issue then is not about disclosure, but to what end and by what means.

For the foregoing reasons, SB2682 SD1 HD2 CD1 will become law as ACT 230, Session Laws of Hawaii 2014, effective July 8, 2014, without my signature.

This measure limits the reimbursement of prescription medications in workers' compensation and motor vehicle claims. The end result should not only reduce the cost for medical care related to these claims but also reduce the number of billing disputes for workers' compensation claims.

While I am in full support of the cost containment measures provided in this legislation, I have issues regarding the ethics of doctors prescribing and then selling prescription drugs to their own patients. Part of the reason for the need for cost containment legislation is that doctors are prescribing and selling drugs to their own patients. That aspect needs to be addressed in the future by the Legislature.

For the foregoing reasons, SB2365 SD2 HD2 CD1 will become law as ACT 231, Session Laws of Hawaii 2014, effective July 8, 2014, without my signature.

Sincerely,

Gov. Msg. No. 1342, dated July 8, 2014, informing the House that on July 8, 2013, pursuant to Section 16 of Article III of the State Constitution, the following bill became law without his signature, stating:

"Dear President Kim, Speaker Souki, and Members of the Legislature:

Re: SB2288 SD2 HD1 CD1

SB2288 SD2 HD1 CD1, entitled "A BILL FOR AN ACT RELATING TO EDUCATION" will become law without my signature, pursuant to Section 16 of Article III of the State Constitution.

The purpose of this bill is to make housekeeping amendments or repeal various sections of chapter 302A, Hawaii Revised Statutes that are no longer necessary. This bill will help to make the operations of our public schools more efficient and smooth. However, the bill also includes a provision that exempts the Hawaii 3R's school repair and maintenance (special) fund (3R's) and the After-school Plus (A+) revolving fund from contributing their prorated estimate towards central services expenses of State government as currently required of all special funds except those exempted via Chapter 36-27, HRS, Transfers from Special Funds for Central Service Expense.

These funds collected for central services are meant to account for the general expenses that are provided by a number of administrative-support

functions and are not funded through general funds. Over the years, more and more special funds have been exempted from the payment of the central services assessment and may eventually deplete the fund entirely. A review of the various special funds and the costs to administer them should occur before any further exemptions are made.

For the foregoing reasons, SB2288 SD2 HD1 CD1 will become law as ACT 232, Session Laws of Hawaii 2014, effective July 8, 2014, without my signature.

Sincerely,  
/s/ Neil Abercrombie

Gov. Msg. No. 1343, dated July 8, 2014, informing the House that on July 8, 2013, pursuant to Section 16 of Article III of the State Constitution, the following bill became law without his signature, stating:

"Dear President Kim, Speaker Souki, and Members of the Legislature:

Re: SB2470 SD1 HD1 CD1

SB2470 SD1 HD1 CD1, entitled "A BILL FOR AN ACT RELATING TO THE HAWAII HEALTH CONNECTOR" will become law without my signature, pursuant to Section 16 of Article III of the State Constitution.

The purpose of this bill is to provide greater transparency, stakeholder engagement, and legislative involvement in the Hawaii Health Connector. The bill also appropriates \$1.5 million in general funds for the Connector's operations.

The State and Hawaii Health Connector continue to work collaboratively toward the goal of providing universal health care for the people of Hawaii. This bill does not resolve all the issues needed to have a sustainable state health exchange and cover the uninsured. I encourage the parties to address these issues in the 2015 legislative session.

For the foregoing reasons, SB2470 SD1 HD1 CD1 will become law as ACT 233, Session Laws of Hawaii 2014, effective July 8, 2014, without my signature.

Sincerely,

Gov. Msg. No. 1344, dated July 8, 2014, informing the House that on July 8, 2013, pursuant to Section 16 of Article III of the State Constitution, the following bill became law without his signature, stating:

"Dear President Kim, Speaker Souki, and Members of the Legislature:

Re: SB2821 SD2 HD1 CD1

SB2821 SD2 HD1 CD1, entitled "A BILL FOR AN ACT RELATING TO INSURANCE" will become law without my signature, pursuant to Section 16 of Article III of the State Constitution.

The purpose of this bill is to adopt the revisions provided by the National Association of Insurance Commissioners' (NAIC) model laws on Credit for Reinsurance, Standard Valuation, Standard Nonforfeiture for Life Insurance, and Insurance Holding Company Systems.

While the majority of the sections of this bill follow the NAIC model law and satisfy accreditation requirements, Part IV of the bill is problematic because it deviates substantially from the NAIC's Insurance Holding Company System Regulatory Act. This part takes effect on January 1, 2016 so the Insurance Commissioner should work together with the industry to make necessary changes that will bring that section closer to the NAIC standards and introduce legislation in the 2015 legislative session.

For the foregoing reasons, SB2821 SD2 HD1 CD1 will become law as ACT 234, Session Laws of Hawaii 2014, effective July 8, 2014, without my signature.

Gov. Msg. No. 1345, dated July 8, 2014, informing the House that on July 8, 2013, pursuant to Section 16 of Article III of the State Constitution, the following bill became law without his signature, stating:

"Dear President Kim, Speaker Souki, and Members of the Legislature:

Re: SB2483 SD1 HD1 CD1

SB2483 SD1 HD1 CD1, entitled "A BILL FOR AN ACT RELATING TO CONDOMINIUM ASSOCIATIONS" will become law without my signature, pursuant to Section 16 of Article III of the State Constitution.

The purpose of this bill is to clarify that a condominium association's lien is subordinate to real property taxes and that the association may assess unpaid common fees against any purchaser who purchases a delinquent unit in a foreclosure. Part II of the bill also clarifies filling of board vacancies.

The Department of Taxation and representatives of condominium associations have agreed to monitor the effect of these amendments on the collection of property taxes. Additionally, the language of the order of collection needs to be reassessed and reviewed by the Legislature.

For the foregoing reasons, SB2483 SD1 HD1 CD1 will become law as ACT 235, Session Laws of Hawaii 2014, effective July 8, 2014, without my signature.
