1 **Department's Position:** The department strongly supports this nominee.

2 **Fiscal Implications:** None.

3 **Purpose and Justification:** The Governor's message requests confirmation of Donald Wood for
4 appointment to the Radiologic Technology Board.

5 Mr. Donald Wood has been a productive resource for the Radiologic Technology Board on
6 which he has served since June 2012. He received his Associate of Science in Radiologic Sciences in
7 1970, Bachelor of Science in Radiologic Sciences in 1978, and Masters of Health Administration in
8 2006. Mr. Wood has been a registered Radiologic Technologist since 1971, and has worked in many
9 capacities in Hawaii since 2000 as a radiologic technologist, manager and director in all areas of medical
10 imaging modalities. He was last employed as the Imaging Manager/Director at Hawaii Medical Center
11 West, which ceased operations in December 2011. His experience, educational background, and
12 management credentials are valuable to the board, and his re-appointment will be a definite asset.

13 Thank you for the opportunity to testify on this measure.
