DEPUTY DIRECTOR

To: The Honorable David Y. Ige, Chair
and Members of the Senate Committee on Ways and Means

Date: Thursday, March 20, 2014
Time: 9:00 a.m.
Place: Conference Room 211, State Capitol

From: Frederick D. Pablo, Director
Department of Taxation

Re: H.B. No. 1704 H.D. 1, Relating to Research Activities

The Department of Taxation (Department) strongly **opposes** H.B. 1704, H.D. 1. Due to the complexity of this tax credit, the Department's ability to administer and enforce the provisions of the tax credit is severely hampered if the tax credit does not track the federal tax credit.

H.B. 1704, H.D. 1, provides that §§ 41 and 280C(c) of the Internal Revenue Code (IRC) shall be relied upon for calculating the State Tax Credit for Research Activities (TCRA), except that references to the base amount shall not apply and tax credit may be taken without regard to the amount of expenses incurred for previous years. The measure has a defective effective date of July 1, 2030.

The federal TCRA is an incremental credit based on increases in research activities under IRC § 41(a). Taxpayers may choose to claim the credit under the Regular Research Credit ("RRC") method or the Alternative Simplified Credit ("ASC") method under IRC § 41(c)(5). The TCRA is a highly technical and extremely complex tax credit, such that the Department must rely on the expertise of the Internal Revenue Service (IRS) in determining whether a TCRA claim is justified.

For example, when the federal TCRA and the State TCRA were not in sync under Act 221, Session Laws of Hawaii 2000, (Act 221) the Department expended considerable audit resources to determine whether taxpayer claims for the TCRA were justified. Because the Hawaii TCRA is a refundable credit, the tendency is for taxpayers to become very aggressive in their approach as to their activities in order to have their expenditures fall within the parameters of the tax credit.

Validation of tax credit claims requires review of extremely detailed and technical

information, and disputes concerning the credit are not easily resolved. It is not uncommon, for example, that audits and the related appeals regarding the federal TCRA involves extensive and costly litigation that often take more than ten years for complete resolution. Given that the Department does not have the personnel, resources and expertise to insure that claims for the credit are valid, the administration and enforcement of this credit is very difficult for the Department. The Department notes that although the Act 221 tax credit statute expired at the end of 2010, the Department continues to expend resources on unresolved audits, appeals, and claims for the tax credit.

The TCRA is intended to encourage taxpayers to design, develop, and/or improve products, processes, techniques, formulas or software and intended to reward programs that pursue innovation. The Department strongly believes that taken together, the federal and the State TCRA's provide substantial incentives for such innovation, even for new start-up companies. For example, the ASC method allows taxpayers to claim research credits even if research costs remain the same or when costs may decline as compared to prior years. As such, it is not necessary to eliminate the reference to the base periods. Taxpayers are still eligible for the TCRA even when the amounts spent on qualified research have declined from the previous year.

The RRC equals 20% of a taxpayer's current-year Qualified Research Expenses (QREs) that exceed a base amount, which is determined by applying the taxpayer's historical percentage of gross receipts spent on QREs (the fixed-base percentage) to the four most recent years' average gross receipts. The fixed-base percentage may not exceed 16%, and the base amount may not be less than half of the current-year QREs. The ASC equals 14% of the QREs for the taxable year that exceed 50% of the average QREs for the three taxable years preceding the taxable year for which the credit is being calculated. If the taxpayer has no QREs in any one of the three preceding tax years, the ASC rate equals 6% of the QREs for the taxable year.

Currently, under IRC §§ 41(f)(1)(A)(ii) and 41(f)(1)(B)(ii), a taxpayer is required to allocate research credits to each controlled group member "on a proportionate basis to its share of the aggregate of the qualified research expenses, basic research payments, and amounts paid or incurred to energy research consortiums, taken into account by such controlled group for purposes of this section." Thus, the group credit is allocated to group members based on a member's share of qualified research expenses, basic research payments, and amounts paid or incurred to energy research consortiums, without regard to whether the member would have a stand-alone entity credit or what the amount of any such credit would be.

This measure would require substantial deviations in making this calculation for State tax purposes, as opposed to using the federal allocation, due to the deletion of the base periods that may be applicable to each taxpayer of the group. As a result, administration and enforcement of this tax credit will divert the Department's limited resources to administer and enforce a tax credit, rather than for revenue collection. The Department opposes this attempt to deviate from the federal TCRA.

Thank you for the opportunity to provide comments.

TAXBILLSERVICE

126 Queen Street, Suite 304

TAX FOUNDATION OF HAWAII

Honolulu, Hawaii 96813 Tel. 536-4587

SUBJECT: INCOME, Tax credit for research activities

BILL NUMBER: HB 1704, HD-1

INTRODUCED BY: House Committee on Finance

BRIEF SUMMARY: Amends HRS section 235-110.91 to reinsert the phrase “provided that references to the base amount shall not apply and credit for all qualified research expenses may be taken without regard to the amount of expenses for previous years.”

EFFECTIVE DATE: July 1, 2030

STAFF COMMENTS: The legislature by Act 270, SLH 2013, reestablished the income tax credit for qualified research activities which expired on 12/31/10. While Act 270 merely updated the existing law and changed the effective date, it deleted language relating to the calculation of the credit resulting in conformity to the federal code where only incremental research expenses over a “base amount” are creditable. Under Internal Revenue Code section 41, which is called credit for increasing research activities, the credit is allowed for those research expenses incurred in a taxable year over a base amount. Under the proposed measure, all qualified research expenses incurred in Hawaii would be eligible for the credit regardless of any base amount. This could result in a drain of the state’s financial resources.

Substantively, over the last decade, Hawaii has adopted various tax incentives to encourage the development of high technology businesses in the state. The acts provided investment and research credits as well as income exclusions providing tax relief to high tech businesses and individuals associated with high tech businesses. While the focus on high technology in the last few years is commendable, it fails to recognize that investments are made with the prospect that the venture will yield a profit. If the prospects for making a profit are absent, no amount of tax credits will attract investment from outside Hawaii’s capital short environment. People do not invest to lose money. It should be remembered that until Hawaii’s high cost of living can be addressed, all the tax incentives in the world will not make a difference in attracting new investment to Hawaii. The only attractive aspect for resident investors to plough money into such activities is the fact that the credit provides a way to avoid paying state taxes.

Digested 3/18/14

**Testimony to the Senate Committee on Ways and Means
Thursday, March 20, 2014 at 9:00 A.M.
Conference Room 211, State Capitol**

RE: HOUSE BILL 1704 HD1 RELATING TO RESEARCH ACTIVITIES

Chair Ige, Vice Chair Kidani, and Members of the Committee:

The Chamber of Commerce of Hawaii ("The Chamber") **supports** HB 1704 HD1, which provides that, notwithstanding provisions of the Internal Revenue Code to the contrary, the amount of the state tax credit for research activities shall be calculated based on all qualified research expenses for the taxable year instead of on the increase of expenses over past years.

The Chamber is the largest business organization in Hawaii, representing over 1,000 businesses. Approximately 80% of our members are small businesses with less than 20 employees. As the "Voice of Business" in Hawaii, the organization works on behalf of members and the entire business community to improve the state's economic climate and to foster positive action on issues of common concern.

This bill would provide crucial support to research and development companies within the state. Clarifying this tax credit would provide more incentive for research and development companies to expend their resources within the state of Hawaii. HB 1704 HD1 would boost the state's economy and provide further support to the development of Hawaii's innovation industry.

Thank you for the opportunity to testify.

HB1704

Submitted on: 3/17/2014

Testimony for WAM on Mar 20, 2014 09:00AM in Conference Room 211

Submitted By	Organization	Testifier Position	Present at Hearing
ann chung	Navatek	Support	Yes

Comments: I am Ann Chung, representing Navatek, a research and development company for military and commercial applications. We strongly support HB1704 HD1. The R&D credit is based on qualified expenses SPENT IN THE STATE OF HAWAII. Supporting this credit incentivizes R&D companies to spend monies on wages, materials and subcontractors IN THE STATE OF HAWAII. With major reductions in military funding, the R&D credit is very important to the success of our local R&D companies. We recognize that the legislature has been very supportive of the technology industry in the past and continues to recognize the importance of Hawaii's innovation industries to our economy. This bill will support building the R&D industry in Hawaii.

Please note that testimony submitted less than 24 hours prior to the hearing, improperly identified, or directed to the incorrect office, may not be posted online or distributed to the committee prior to the convening of the public hearing.

Written Statement of
DR. PATRICK K. SULLIVAN
PRESIDENT/CEO OCEANIT

Before the
COMMITTEE ON WAYS AND MEANS

March 20, 2014
9:00 a.m.

State Capitol, Conference Room 211
In Support of

HB1704 RELATING TO RESEARCH ACTIVITIES

To: Chair Senator David Y. Ige, Vice Chair Senator Michelle N. Kidani and Members of the Committee

From: Dr. Patrick K. Sullivan, President/CEO

Re: Testimony in Support of HB1704

Honorable Chair, Vice-Chair and Committee Members:

Thank you for the opportunity to submit testimony **in support of HB1704**

Oceanit currently employs about 125 scientists, engineers and support staff. We regularly host interns, school classes, and conduct numerous outreach activities for elementary thru college levels students to introduce them to science and engineering careers. We let the children of Hawai'i know that there are exciting, good paying jobs for them in right here in this State. Many of them have returned to the islands, equipped with college degrees, wanting to work in science and engineering. It is our hope that we can continue to offer an alternative to those who want to work in an industry that is growing nationally as well as internationally and to show them that world class technical work can thrive in Hawai'i.

The R&D credit has helped to jump start an industry that is in its infancy in Hawai'i. It has been responsible for job creation, as well as many long-term investments Oceanit has made that will set the stage for future growth. The reality is that without the R&D tax credit, Oceanit would not have been able to make these investments.

As a result of forward-looking nature of research, few R&D investments have short-term rewards. This bill would re-establish a temporary refundable R&D income tax credit for qualified research activities in the State of Hawai'i, to help provide longer-term continuity for an industry that is struggling to grow.

Thank you for your continued support of R&D as the stimulant to an innovative Hawai'i STEM economy, that Hawai'i's future generation can be apart of.

before the
SENATE COMMITTEE ON WAYS AND MEANS

Thursday March 20, 2014
9:00 A.M.
State Capitol, Conference Room 211
In consideration of

HB 1704, HD1 RELATING TO RESEARCH ACTIVITIES

Chair Ige, Vice Chair Kidani, and Members of the Committee on Ways and Means.

Cardax, Inc. respectfully submits testimony in **STRONG SUPPORT** of HB1704 HD1.

Cardax is a local biopharmaceutical company with global reach. BASF, the world's largest chemical company, recently exclusively licensed our lead nutraceutical product and we just completed a reverse merge IPO that resulted in \$11 million in new financing and a public market cap for Cardax of approximately \$150 million. Major investment banks are seriously considering a much larger financing that would fund our pharmaceutical development, much of which could be done in Hawaii.

The most common question we receive from serious funding sources is "Why do you stay in Hawaii?" The 20% credit on all research done in Hawaii, not just the incremental amount vs previous years, is a powerful, credible, and effective answer.

Thank you for the opportunity to offer testimony on this bill.

David G. Watumull
President and CEO
Cardax, Inc.

Written Statement of
ROBBIE MELTON
Executive Director & CEO
High Technology Development Corporation
before the
SENATE COMMITTEE ON WAYS AND MEANS

Thursday, March 20, 2014
9:00 a.m.
State Capitol, Room 211
In consideration of

HB 1704 HD1 RELATING TO RESEARCH ACTIVITIES.

Chair Ige, Vice Chair Kidani, and Members of the Committee on Ways and Means.

The High Technology Development Corporation (HTDC) **supports** HB 1704 HD1 relating to Research Activities. HTDC agrees that tax incentives are an important piece of a comprehensive economic development strategy for the technology industry. HTDC comments that the language should be coordinated with HB2338, requiring companies to submit the annual survey to DBEDT by the due date established.

Thank you for the opportunity to offer these comments.

alan hayashi	Individual	Comments Only	No

Comments: COMMITTEE ON WAYS AND MEANS Senator David Y. Ige, Chair
Senator Michelle N. Kidani, Vice Chair Chair Ige and vice Chair Kidani-- I strongly support the intent of HB1704 HD1 to support the technology industry as a pillar of Hawaii's economy. I apologize for not being present, but I have a conflict with a pre-scheduled 8:30 am meeting. Thank you for your support and for the opportunity to submit my comments. Aloha, Alan Hayashi
